DEPARTMENT OF BUDGET AND MANAGEMENT
COMMISSION ON HIGHER EDUCATION
JOINT CIRCULAR NO. 01, series of 2026
Date: May 18, 2026

TO : **HEADS OF STATE UNIVERSITIES AND COLLEGES (SUCs); DEPARTMENT OF BUDGET AND MANAGEMENT (DBM) REGIONAL OFFICES; COMMISSION ON HIGHER EDUCATION (CHED) CENTRAL AND REGIONAL OFFICES; AND ALL OTHERS CONCERNED**

SUBJECT : **ENHANCED IMPLEMENTING GUIDELINES OF DBM-CHED JOINT CIRCULAR (JC) NO. 3, SERIES OF 2022**

Pursuant to DBM-CHED JC No. 3, series of 2022, and CEB Resolution No. 061-2026, and with the concurrence of the Department of Budget and Management, the following enhanced implementing guidelines are hereby promulgated and adopted:

ARTICLE I
GENERAL PROVISIONS

Section 1. Background

DBM-CHED JC No. 3, series of 2022 (JC3), titled "Guidelines on the Reclassification of Faculty Positions in State Universities and Colleges (SUCs)," prescribes the rules and regulations governing the reclassification of faculty positions, superseding the long-standing National Budget Circular No. 461 (NBC 461). Its initial implementation in 2023 covered the evaluation period from July 1, 2019 to July 30, 2023, with the Commission on Higher Education (CHED) assuming direct oversight of the evaluation process.

Feedback from the initial implementation highlighted variations in the interpretation and application of criteria and guidelines among SUCs, indicating the importance of enhancing clarity, consistency, and transparency moving forward. To strengthen the process, the CHED conducted post-implementation assessments with the evaluation committees. These assessments surfaced key areas for improvement, such as clarifying certain provisions, ensuring consistent interpretation of criteria, addressing challenges in producing and validating evidence, and streamlining procedures. Stakeholders also contributed concrete recommendations to further enhance the system.

In light of these findings, the DBM and CHED deem it imperative to enhance the implementing guidelines of JC3. The enhancements aim to clarify procedures, align evaluation criteria with current academic and institutional contexts, and streamline processes to ensure a consistent, transparent, and evidence-based approach to faculty classification and promotion across SUCs.

Section 2. Objectives

The Enhanced Implementing Guidelines of (JC3), are issued to:

1. Provide clear and uniform guidance on the interpretation and application of JC3 provisions, including definitions, evaluation criteria, procedures, examples of indicators, and required documentation.

2. Ensure consistent and transparent assessment of faculty accomplishments across all SUCs through the application of standardized criteria and processes.

3. Promote efficiency in faculty reclassification by establishing reasonable timelines for evaluation and review at the level of institutional, regional, and central committees.

Section 3. Scope and Coverage

1. This JC shall apply to all faculty members holding permanent plantilla positions in SUCs, except those in the University of the Philippines (UP) System and the Mindanao State University (MSU) System.

2. This JC shall cover the evaluation period from August 1, 2023 to July 31, 2026, and subsequent cycles. Succeeding cycles shall follow the same three-year coverage period, unless otherwise determined by CHED and DBM.

ARTICLE II
GUIDING PRINCIPLES

Section 4. Statement of Principles

The following principles shall guide the evaluation and decision-making processes for faculty reclassification in SUCs. These are intended to ensure consistency, fairness, and alignment with the objectives of this JC.

1. The reclassification process shall be conducted in a fair, transparent, and merit-based manner, ensuring equal opportunity for all qualified faculty members.

2. All participants in the reclassification process shall uphold the highest standards of integrity, professionalism, and ethical conduct.

3. Faculty members are strongly encouraged to conduct an honest self-assessment based on the criteria and guidelines in this JC. They should then decide whether to proceed with their application or defer it, bearing in mind that documents from an unsuccessful application may not be used in the next cycle.

4. Only performance and accomplishments within the prescribed evaluation period shall be considered. Accomplishments from a previous evaluation cycle shall be accepted only if the faculty member is applying for reclassification for the first time or did not apply in the previous cycle.

5. All outputs and accomplishments should be aligned with the faculty member's field of specialization or allied field, unless otherwise provided under a specific criterion or indicator in these guidelines.

6. All faculty outputs involving students may be considered if the SUC has Governing Board–approved institutional guidelines specifying the conditions for such outputs (e.g., co-publication of research articles, co-development of systems, co-invention of patents). In the absence of such guidelines, the outputs shall not be considered.

7. Faculty members appointed to a vacant position or promoted to a higher faculty rank through the SUC's institutional merit and promotion system may still be eligible for reclassification; however, documents used for such appointment or promotion shall not be reused for reclassification purposes.

8. There shall be no double counting of points. A document that has already been used in one indicator may not be used in another indicator, unless otherwise provided under the specific criterion or indicator in these Guidelines.

9. Administrative designations of faculty shall be given corresponding points. However, accomplishments that are inherent to these administrative designations shall not be counted as separate achievements, as they form part of the duties and responsibilities attached to the designation.

10. The governing board of the SUC, consistent with the best practices of leading HEIs in the Philippines and abroad, and/or as part of internationalization policies, may impose stricter minimum educational qualifications and standards.

11. The governing board of the SUC shall have the final authority to decide on the reclassification of faculty members, including the extent of reclassification.

ARTICLE III
KEY RESULT AREAS, CRITERIA, AND INDICATORS

Section 5. KRA I – INSTRUCTION

A faculty member can earn a maximum of 100 points across Criterion A, B, and C, with the following point distribution:

Criterion	Points
Criterion A	60
Criterion B	30
Criterion C	10
Total	**100**

Section 6. Criterion A - Teaching Effectiveness (60 points)

This criterion evaluates a faculty member's ability to design and implement instructional strategies that enhance student learning and academic excellence. It includes organizing

teaching and learning processes, employing effective pedagogical methods, and integrating appropriate technologies to maximize student potential.

Teaching effectiveness is assessed from two perspectives: students provide firsthand feedback on instructional methods, engagement, and learning experiences, while supervisors offer an objective evaluation of professional competencies, content expertise, pedagogical effectiveness, and adherence to institutional standards. This approach ensures a well-rounded assessment that supports faculty development and promotes high-quality instruction.

Section 7. Weights Distribution of Points

Faculty Teaching Effectiveness	Weights
1. Student Evaluation of Teachers (SET)	60%
2. Supervisor's Evaluation of Faculty (SEF)	40%

Section 8. Evaluation Instruments

1. For Academic Years 2023-2024 and 2024-2025, the results of student and supervisor evaluations using the NBC 461 Qualitative Contribution Evaluation (QCE) Instrument for Teaching Effectiveness shall continue to be recognized. SUCs shall submit a copy of the final report on student and supervisor evaluation ratings per academic term, including the corresponding transmutation of ratings from the 25-point scale to the 100-point scale. The report shall be duly certified by the authorized official of the SUC.

2. Starting the First Semester of Academic Year 2025-2026, all SUCs may begin implementing **CMO No. 19 series of 2025**, titled *"Revised Guidelines and Instruments for Evaluating Faculty Teaching Effectiveness in State Universities and Colleges (SUCs) Pursuant to DBM-CHED Joint Circular No. 3, series of 2022."* However, mandatory implementation shall take effect in the **second semester of AY 2025-2026 onward**. The required document for submission shall be the Faculty Evaluation and Development Acknowledgement Form (FEDAF).

Section 9. Computation of Overall Points for Teaching Effectiveness

1. **SET Points**
   The SET points shall be computed using the following formula:

   SET Points = (OSETR ÷ 100) x 36

   Where: **OSETR** = Overall SET Rating
   100 = Highest Possible Rating
   36 = Maximum Points (equivalent to 60% of 60)

Sample Computation for SET Points

Academic Year	AY – 01		AY – 02		AY – 03	
Academic Term	1st Sem	2nd Sem	1st Sem	2nd Sem	1st Sem	2nd Sem
*Ave. SET Rating/Term	95	89	88	92	94	85

** For SUCs with a trimestral academic system, the SET rating is the average of nine (9) terms.*

Step 1: Compute the Overall SET Rating

(95 + 89 + 88 + 92 + 94 + 85) ÷ 6 = **90.50**

Step 2: Apply the Formula

(OSETR ÷ 100) x 36 = SET Points
(90.50 ÷ 100) x 36 = SET Points
0.905 x 36 = ***32.58 SET Points***

2. SEF Points

The SEF points shall be computed using the following formula:

SEF Points = (OSEFR ÷ 100) x 24

Where: **OSEFR** = Overall SEF Rating
100 = Highest Possible Rating
24 = Maximum Points (equivalent to 40% of 60)

Sample Computation for SEF Points

Academic Year	**AY – 01**		**AY – 02**		**AY – 03**	
Academic Term	1st Sem	2nd Sem	1st Sem	2nd Sem	1st Sem	2nd Sem
*SEF Rating/Term	90	92	94	90	91	95

** For SUCs with a trimestral academic system, the SET rating is the average of nine (9) terms.*

Step 1: Compute the Overall SEF Rating

(90 + 92 + 94 + 90 + 91 + 95) ÷ 6 = **92**

Step 2: Apply the Formula

(OSEFR ÷ 100) x 24 = SEF Points
(92 ÷ 100) x 24 = SEF Points
0.92 x 24 = ***22.08 SEF Points***

3. Teaching Effectiveness Points

The Teaching Effectiveness Points (TEP) shall be computed using the following formula: **TEP = SET Points + SEF Points**

Sample Computation for TEP:

Teaching Effectiveness Points	**Points**
SET Points	32.58
SEF Points	22.08
TOTAL	**54.66**

Section 10. Evaluation Guidelines for Faculty with Special Status or Circumstance

1. **Newly Appointed Faculty Members**

   a. Newly appointed faculty members from non-academic institutions who joined the SUC within the evaluation period may choose to apply for reclassification or wait for the next evaluation period. Should they choose to apply, only the SET and SEF ratings obtained after their appointment as faculty in the SUC shall be considered. However, the divisor used in computing the average rating shall remain at six (6) semesters.
   b. If the newly appointed faculty member was previously teaching in the same SUC on a non-permanent status, either as a probationary or part-time faculty, their student and supervisor evaluation results obtained prior to their permanent appointment shall be considered in the evaluation.
   c. If the newly appointed faculty member transferred from another SUC, whether on a non-permanent status, their SET and SEF results prior to the transfer shall be considered.
   d. If the newly appointed faculty member comes from a local university or college (LUC), a private higher education institution, or an institution supervised by the Technical Education and Skills Development Authority (TESDA) or the Department of Education (DepEd), their SET and SEF results prior to their appointment in the SUC shall not be considered.

2. **Faculty Members on Official Study Leave**

   a. Faculty members who took a full-time official study leave, duly approved by the governing board, but served for at least one semester during the evaluation period may choose to apply for reclassification or wait for the next evaluation period. If they opt for reclassification, the divisor used to compute their points for Teaching Effectiveness shall be based solely on the semesters in which they have SET and SEF results.
   b. Faculty members who were on full-time study leave for the entire evaluation period may choose to apply for reclassification or wait for the next evaluation period. If they opt for reclassification, the faculty will not receive points for Teaching Effectiveness.

3. **Faculty Members on Maternity Leave**

   Faculty members who go on approved maternity leave shall be granted one semester without SET, specifically the semester during which the maternity leave was taken. This semester without SET shall be excluded from the divisor when computing the points for Teaching Effectiveness.

4. **Faculty Members on Sabbatical Leave**

   A faculty member who took a Sabbatical Leave, duly approved by the governing board, during the evaluation period shall be evaluated in the same manner as a faculty member on official study leave.

5. **Faculty Members Teaching in SUC Laboratory Schools**

    a. Only SETs from undergraduate and graduate students shall be considered. SET results from basic education students in SUC Laboratory Schools shall not be included in this evaluation.
    b. Cooperating Teachers (CTs) in Laboratory Schools shall be evaluated by undergraduate teacher education students assigned to them for practice teaching, using the prescribed SET instrument.

Section 11. Criterion B – Development of Instructional Materials and New Academic Degree Programs (30 points)

This criterion evaluates a faculty member's ability to develop and innovate instructional materials and learning resources that enhance teaching effectiveness and student learning. It also includes contributions to the development, revision, and continuous improvement of academic programs to ensure their relevance, quality, and alignment with institutional goals, accreditation standards, and industry needs.

Section 12. Instructional Materials Developed and Approved for Use

1. Instructional Material (IM) refers to digital or printed resources developed by faculty to support teaching and enhance student learning. These include textbooks, modules, laboratory manuals, workbooks, and course books designed for instructional purposes. Additionally, IM includes software, prototypes, and computer-aided instructional tools that facilitate the implementation of flexible learning systems to support diverse learning modalities.

2. All instructional materials (IMs) claimed by faculty shall be available in the library holdings and shall be listed as references in the duly approved course syllabus of the faculty members teaching the course.

3. The following are mandatory requirements in order to maintain the quality and academic rigor of instructional materials:

    a. All IMs must be the original work of the faculty. A mere compilation/compendium of various materials into one instructional material will not be considered.
    b. All IMs must undergo a formal review process by the SUC's Instructional Materials Development Committee (IMDC) or its equivalent and approved by the academic affairs officials or its equivalent. Documentary evidence, such as evaluation reports, approval certificates, or meeting minutes, must be available to validate the review and approval.
    c. The subject matter of the IM developed must be aligned with the faculty member's field of specialization. Only IMs that demonstrate clear relevance to the faculty's academic qualifications and/or shall be considered. IMs that fall outside the faculty's expertise will not be eligible for consideration.

4. For IMs developed collaboratively by two (2) or more authors, the following guidelines must be observed:

a. All authors of the IM, including students contributors, must be declared in the prescribed **Certificate of Contribution Form_IM (Annex C),** regardless of their current affiliation, whether they are still with the SUC, have transferred to another institution, retired from service, or are deceased.
b. The names of the authors appearing in the IM must be identical to those indicated in the prescribed form.
c. The prescribed form must list, for each author, their name, position, institutional affiliation, and area of specialization, together with a clear statement of their specific contributions to the IM and the corresponding percentage share.

Sample Distribution of Contribution:

IM Type	Total Points	Name of Co-Authors	*Position/ Institutional Affiliation	Specialization	Specific Contribution	%	Points earned
Textbook	30	Faculty A	Professor II ABC University	Pure Mathematics	Developed the lesson content for algebra and geometry, created problem sets, and reviewed all chapters for technical accuracy	60%	**18 pts.** (30 x 60%)
		Faculty B	Professor I DEF University	Applied Mathematics	Designed real-life application exercises and handled layout and formatting of instructional activities	40%	**12 pts.** (30 x 40%)

Notes:
- *Indicate the position and institution at the time the IM was written.*
- *If a co-author was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the IM was prepared, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

d. All authors must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the prescribed form, which serves as official proof of consent and prevents disputes regarding authorship and recognition.
e. In cases where a contributor is deceased, the remaining contributors shall collectively determine the fair and equitable percentage allocation of the deceased author's contribution. The final agreement must be reflected in the prescribed form and signed by all remaining contributors to ensure fairness and maintain the integrity of the process.
f. For IMs developed by a group of faculty members from different disciplines, the percentage of contribution shall be recognized, provided that each faculty member's contribution aligns with their respective field of specialization or expertise. Contributions that do not fall within a faculty member's field of specialization or expertise shall not be considered in the evaluation.
g. In the succeeding evaluations, all instructional materials (IMs) submitted to the Instructional Materials Development Committee (IMDC) or its equivalent must already include the names of all contributors, their specific contributions and the corresponding percentage of contribution.

Section 13. Types of Instructional Materials

1. Textbook

a. A textbook is a book which is an exposition of generally accepted principles in one (1) subject, intended primarily as a basis for instruction in a classroom or pupil-book-teacher situation (Item b, Section 3 of RA 8047).

b. In order to be considered in the evaluation, the textbook must be published by an SUC press, academic press, or any registered educational publishing company and approved for use by the concerned SUC.
c. In the next evaluation cycle, the textbook must be duly copyrighted in order to be credited.

2. Module

a. A module is a self-contained instructional unit designed to facilitate learning on a specific topic or course. It typically includes learning objectives, instructional content, activities, assessments, and additional resources. Modules support flexible learning, allowing learners to progress at their own pace in various instructional settings, including face-to-face, blended, or online environments.
b. Stand-Alone Module – module that comprehensively covers all topics for an entire course shall be awarded full points.
c. Series or Set of Modules - modules developed as part of a series or set within a course must be submitted in their entirety to receive full points. Incomplete sets will not be awarded points.

3. Instructional Manual

a. An instructional manual provides students with step-by-step guidance on using equipment, processes, or conducting experiments within a specific course. It typically includes explanations, examples, and may incorporate exercises or assessments to enhance understanding and skill development. These manuals are particularly useful in laboratory work, technical courses, hands-on activities, and for self-directed learning.
b. Stand-Alone Instructional Manual – a manual that comprehensively covers all topics for an entire course shall be awarded full points.
c. Series or Set of Instructional Manual - manuals developed as part of a series or set within a course must be submitted in their entirety to receive full points. Incomplete sets will not be awarded points.

4. Multimedia Teaching Materials

a. Multimedia Teaching Materials are purposefully designed resources that integrate multiple media formats (such as text, images, audio, video, and interactive elements) to achieve specific learning objectives. These materials are intended to enhance the learning process by engaging learners through multiple sensory channels, promoting active participation, and facilitating deeper understanding and retention of information.
b. These may include, but are not limited to, video lectures with integrated instructional design, interactive online course packages or modules, digital learning manuals, virtual or simulated laboratory exercises, and augmented reality (AR) and virtual reality (VR)–based learning materials.
c. Simple compilations of video-recorded PowerPoint lectures, without substantive instructional design features or interactive components, shall not be considered under this item.
d. In addition to the required evidence of multimedia instructional materials, faculty members claiming credit under this item shall submit documentary evidence demonstrating both originality and pedagogical validity, as follows

i. **Proof of originality** *(any of the following for the current evaluation cycle; all shall be required in subsequent evaluation cycles):*

- Concept note or Instructional design rationale;
- Timestamped project files or screenshots from the software used in developing the material, and/or
- Raw source files (e.g. unedited images, audio, or video files)

ii. **Proof of pedagogical validity** *(any of the following for the current evaluation cycle; all shall be required in subsequent evaluation cycles):*

- Expert review or peer validation; and/or
- Documented student feedback or evaluation results

Section 14. Academic Programs Developed/Revised and Implemented by the SUC

1. This indicator refers to a faculty member's contribution to the development of a new academic degree program or the substantial revision of an existing program that has been formally approved and implemented by the SUC.

2. Faculty members claiming credit under this indicator who are members of a committee tasked with the development of a new academic program or the revision of an existing program shall not be allowed to claim points for administrative designations, whether as chair or member of the same committee, under Item 1, Section 35 of these Guidelines.

3. To be credited under this indicator, the faculty member shall submit documentary evidence demonstrating their actual contribution to the program development or revision process, which may include the following, as applicable:

    a. Documentary proof of the faculty member's contribution, such as:

        i. Feasibility study
        ii. Benchmarking study or benchmarking report
        iii. Approved program outcomes document
        iv. Approved curriculum design, including OBE mapping
        v. Enhanced or revised curriculum and corresponding stakeholder consultation report

    b. Evidence of formal approval of the academic program or revised curriculum:

        i. Academic Council Resolution, and
        ii. Governing Board resolution

Section 15. Criterion C – Research-Related and Mentorship Services (10 points)

This criterion pertains to the faculty's involvement in supervising, assessing and mentoring students in various academic and research-related activities. It recognizes contributions that

enhance student learning, knowledge creation, and professional development through structured guidance, support, and critical evaluation.

1. **Research-Related Services Rendered**

   a. A faculty member may earn points under this indicator for serving as an adviser and/or panel member for special projects, capstone projects, undergraduate and graduate theses, and doctoral dissertations. Faculty advising loads generally involve up to five (5) students per academic year.
   b. The research topic must be within or closely related to the faculty member's field of specialization.
   c. To earn points, the project, thesis, or dissertation must be successfully completed, defended, as evidenced by the duly signed approval sheet.
   d. The research-related services shall be credited only if the academic program under which they were rendered holds a valid Report on the Results of Preliminary Assessment (RRPA) or Certificate of Program Compliance (COPC), as applicable.

2. **Mentorship Services**

   a. A faculty member may earn points by serving as a mentor/coach to a student or group of students participating in academic, technology and innovation, creative, research, and other related competitions at the higher education level.
   b. To qualify, the faculty member must have an official designation or appointment as a mentor or coach from the SUC president.
   c. Points shall be awarded only if the students mentored or coached by the faculty member have won a major prize (Champion, 1st Place, 2nd Place, or 3rd Place) in regional, national, or international competitions. Local competitions shall not be considered. Consolation prizes or their equivalent shall not be eligible for points.
   d. The competition must be aligned with the faculty member's field of specialization (e.g., for BS Sports Science, sports competitions involving coaching).
   e. The mechanics of the award or competition, indicating the major awards or winners, must be publicly available.
   f. Only competitions sponsored by the following entities shall be considered for awarding of points:

      i. Reputable private entities, including but not limited to private corporations, non-governmental organizations (NGOs), civil society organizations, and established professional organizations with national membership;
      ii. National government agencies, including competitions organized by consortia or group of SUCs; and
      iii. Recognized international organizations and intergovernmental organizations.

Section 16. KRA II – RESEARCH, INVENTION AND CREATIVE WORK

A faculty member can earn a maximum of 100 points across Criteria A, B, and C.

Criteria A + B + C = maximum of **100 points**

Section 17. Criterion A – Research Outputs (maximum of 100 points)

This criterion pertains to the faculty member's ability to conduct independent and collaborative research, apply appropriate methodologies, and produce and publish scholarly outputs in peer-reviewed journals, proceedings, or other reputable publications.

Section 18. Research Outputs Published

1. Research output refers to completed scholarly research outputs by faculty members that have undergone a peer review process, ensuring quality, rigor, and adherence to disciplinary standards before being disseminated and made publicly available through various channels.

2. The research output should align with the faculty member's field of specialization or allied fields. While multidisciplinary research is encouraged, the faculty's contribution must remain grounded in their area of expertise.

3. All research outputs shall undergo institutional review in accordance with the relevant policies and guidelines of the SUC prior to its submission for publication by the faculty member, regardless of whether the research is self-funded or SUC-funded. This requirement shall strictly be implemented starting in the next evaluation cycle of JC3.

4. For research outputs developed collaboratively by two (2) or more authors, the following guidelines must be observed:

    a. All authors of the research output, including students, must be declared in the prescribed **Certificate of Contribution Form_Research Output (Annex D)**, regardless of their current affiliation, whether they are still with the SUC, have transferred to another institution, retired from service, or are deceased.
    b. The names of the authors appearing in the research output must be identical to those indicated in the prescribed form.
    c. The prescribed form must list, for each co-author, their name, position, institutional affiliation, and area of specialization relevant to the contribution, along with a clear statement of their specific contributions to the research output and the corresponding percentage share.

Sample Distribution of Contribution:

Output	Total Points	Authors	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
Journal Article	50	Faculty A	Graduate Student DEF University	Applied Mathematics	Conceived the research idea, designed methodology, performed data analysis, and wrote major sections of the manuscript	50%	**25 pts.** (50 x 50%)
		Faculty B	Professor I ABC University	Pure Mathematics	Developed theoretical framework, conducted mathematical modeling, and contributed to interpretation of results	30%	**15 pts.** (50 x 30%)
		Faculty C	Assoc. Prof. III	Applied Mathematics	Collected and processed data, prepared figures and tables, and reviewed	20%	**10 pts.** (50 x 20%)

Output	Total Points	Authors	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
			University		manuscript for technical accuracy		

Notes:

- *Indicate the faculty rank and institution at the time the research output was completed.*
- *If a co-author was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the research output was completed, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

d. All authors must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the prescribed form, which serves as official proof of consent and prevents disputes regarding authorship and recognition. E-signatures shall be allowed, provided there is verifiable evidence that the co-author granted permission for the use of their e-signature specifically for this purpose.

e. In cases where a contributor is deceased, the remaining contributors shall collectively determine the fair and equitable percentage allocation of the deceased contributor's contribution. The final agreement must be reflected in the prescribed form and signed by all remaining contributors to ensure fairness and maintain the integrity of the process.

f. For publications based on a student's thesis or dissertation wherein the faculty member is a co-author, there must be an institutional policy, approved by the governing board, allowing co-authorship with students. In the absence of such a policy, the publication shall not be considered.

Section 19. Types of Published Research Output

1. Academic Books

a. Book as defined by the United Nations Educational Scientific and Cultural Organization (UNESCO), is a printed non-periodical publication of at least forty-eight (48) pages, exclusive of cover pages, published in the country and made available to the public (Item A, Section 3 of RA 8047).

b. An academic book should be authored by a scholar or expert and present original research, an in-depth analysis, or a synthesis of knowledge within a specific academic discipline.

c. The academic book must undergo a peer-review process and be published, with copyright, by a reputable academic or university press to ensure its credibility, scholarly contribution, and adherence to academic publishing standards.

d. The academic or university press must have clear guidelines on its peer-review process, and there must be evidence that the academic book underwent peer-review prior to publication.

2. Edited Academic Book Chapters

a. An edited academic book, also called edited volume or edited collection, is scholarly publication in which each chapter is authored by a different expert in the respective field. The compilation and editing are conducted by one or more editors who establish a unifying theme or framework for the entire work.

b. The edited academic book must undergo editing process and be published, with copyright, by a reputable academic or university press to ensure its credibility, scholarly contribution, and adherence to academic publishing standards.
c. The academic or university press must have clear editorial policy describing its editorial process, including the review steps for edited academic books.

3. Journal Articles

a. The article must be published in a peer-reviewed journal indexed in Scopus (by Elsevier) or Web of Science (by Clarivate Analytics) at the time of publication. Articles published in journals indexed by the ASEAN Citation Index (ACI) up to the last issue of 2024 shall continue to be accepted, given that ACI discontinued journal indexing effective January 1, 2025.
b. Only articles published in journals that were actively indexed in the relevant databases at the time of publication shall be considered. Articles published after a journal has been delisted, or after the discontinuation of indexing by the relevant database, shall not be considered.
c. For research articles published in Scopus-, WoS-, or ACI-indexed journals that appear to have no direct relationship to the journal's title (e.g., a study on the economic impact of digital fraud published in a journal on early childhood), provide information on the journal's scope or the topics it covers.
d. Full paper published in conference proceedings that are indexed in the abovementioned databases shall be considered equivalent to a journal article.
e. Journal articles written in Filipino shall be accepted subject to the following conditions:

    i. The article is an original scholarly work written in Filipino and not a translated version of the same article;
    ii. The article is published in Filipino-focused journals, that is, journals whose primary language of publication is Filipino or which promote the scholarly use, enrichment, and development of the Filipino language;
    iii. The discipline or field of the journal is within, but not limited to, Filipino Language and Linguistics, Literature, History, Culture, Communication, Education, or Society; and
    iv. The journal is reputable (has been in existence for more than 5 years) and peer-reviewed, preferably published by a recognized academic institution, professional organization, or scholarly association.

4. Academic Monographs

a. An academic monograph is a focused, in-depth scholarly publication, typically authored by an individual or a small team, that explores a specialized subject and is published as a book
b. The academic monograph must undergo a peer-review process and be published by a reputable academic or university press to ensure its credibility, scholarly contribution, and adherence to academic publishing standards.

Section 20. Research Outputs Translated Into Project, Policy, or Product

1. This indicator refers to independent research conducted and completed by a faculty member whose findings have been successfully translated into a tangible, functional, and usable output in the form of a project, policy, or product.

2. A research output is deemed translated when the results of the study are not merely published or presented, but are applied in a manner that produces a concrete and verifiable outcome. These outcomes may include, but are not limited to, a project implemented by a community, organization, or the SUC itself; a policy formally adopted by an institution or government body; or a product developed and made available for actual use.

3. However, internal policy revisions undertaken by an SUC, even when informed by research, shall generally not be considered research translation, as these form part of the institution's internal quality assurance mechanisms. Internal policies may be credited only when the research-based policy has been formally adopted beyond the originating SUC or has demonstrably influenced sector-wide, regional, or national practice.

4. To qualify under this indicator, all the following conditions must be satisfied:

    a. The faculty member's research must be **completed and either published, presented, or officially submitted to the concerned SUC, agency or organization** who supported the research before it was translated into a project, policy, or product.
    b. There must be a direct and verifiable link between the completed research and the resulting project, policy, or product, showing that the latter originated from the findings or recommendations of the research.
    c. Points will be awarded based on the date of project completion, policy issuance, or product utilization, not on the date the research was completed. Proof of one of these must be provided.
    d. The research and the resulting project, policy, or product must be distinct outputs. The research is the scholarly work, while the translation is its applied form.

Examples of Translated Researches:

Field	Project	Policy	Product
Education	**Research**: Studies on the effectiveness of personalized learning and adaptive learning technologies	**Research:** Studies on the effectiveness of early childhood education programs in closing achievement gaps.	**Research**: Research into cognitive science and learning methodologies.
	Project: Development of an Adaptive Learning Module for General Education Courses	**Policy**: Increased public funding for early childhood education programs, particularly in disadvantaged communities.	**Product**: Creation of adaptive learning software and educational apps that personalize the learning experience for each student.
Agriculture	**Research**: Studies on precision agriculture, which involve using technologies like GPS, sensors, and data analytics to optimize crop management.	**Research**: Studies on the impact of pesticide use on pollinator populations and ecosystem health.	**Research**: Research into plant genetics and selective breeding
	Project: Implementation of smart farming systems in rural communities.	**Policy**: Implementation of stricter regulations on pesticide use, including bans on certain harmful chemicals and promotion of integrated pest management practices.	**Product**: Development of genetically modified (GM) crops that are resistant to pests, herbicides, or have enhanced nutritional value.

Field	Project	Policy	Product
Science and Technology	**Research**: Research on the development of advanced water filtration technologies	**Research**: Climate change research, including studies on the effects of greenhouse gas emissions and the potential for renewable energy sources	**Research**: Research in materials science, particularly in nanotechnology
	Project: Deployment of portable water purification systems in disaster-affected areas.	**Policy**: Implementation of carbon emission reduction targets, investment in renewable energy infrastructure, and policies promoting sustainable transportation	**Product**: Development of advanced materials with unique properties, such as: Improved solar panels with higher energy conversion efficiency; lightweight and durable composite materials for aerospace applications; and self-cleaning surfaces.
Business	**Research**: Studies on the impact of sustainable business practices on company profitability.	**Research**: Studies on the effects of minimum wage increases on employment rates and small business viability.	**Research**: Research into consumer behavior and data analytics.
	Project: Creation of a sustainable business incubator program	**Policy**: Adjustments to minimum wage laws based on economic data and research findings, with considerations for regional differences and small business impacts	**Product**: Development of personalized recommendation systems for e-commerce platforms
Health	**Research**: Research into the effectiveness of mental health support programs in the workplace	**Research**: Studies on the effectiveness of vaccination programs in preventing infectious disease outbreaks	**Research**: Research into genomics and personalized medicine
	Project: Implementation of workplace wellness programs focused on mental health	**Policy**: Implementation of public vaccination campaigns, and policies that encourage or mandate vaccinations, particularly for vulnerable populations.	**Product**: Development of diagnostic tests and targeted therapies based on an individual's genetic makeup.

e. For research developed collaboratively by two (2) or more authors, the following guidelines must be observed:

i. All authors of the research, including students, must be declared in the prescribed **Certificate of Contribution Form_Translated Research (Annex E),** regardless of their current affiliation, whether they are still with the SUC, have transferred to another institution, retired from service, or are deceased.
ii. The names of the authors appearing in the research output must be identical to those indicated in the prescribed form.
iii. The prescribed form must list, for each co-author, their name, position, institutional affiliation, and area of specialization relevant to the contribution, along with a clear statement of their specific contributions to the research and the corresponding percentage share.

Sample Distribution of Contribution:

Output	Total Points	Authors	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
Research Translated into a Policy	35	Faculty A	Assoc. Prof III ABC University	Public Policy	Lead researcher, data analysis, drafting policy paper	70%	**24.5 pts.** (35 x 70%)
		Faculty B	Professor I ABC University	Public Administration	Co-researcher, literature review, stakeholder consultations	30%	**10.5 pts.** (35 x 30%)

Notes:

- *Indicate the position and institution at the time the research output was completed.*
- *If a co-author was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the research output was completed, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

f. All authors must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the prescribed form, which serves as official proof of consent and prevents disputes regarding authorship and recognition. E-signatures shall be allowed, provided there is verifiable evidence that the co-author granted permission for the use of their e-signature specifically for this purpose.
g. In cases where a contributor is deceased, the remaining contributors shall collectively determine the fair and equitable percentage allocation of the deceased contributor's contribution. The final agreement must be reflected in the prescribed certificate and signed by all remaining contributors to ensure fairness and maintain the integrity of the process.
h. For research based on a student's thesis or dissertation wherein the faculty member is a co-author, there must be an institutional policy, approved by the governing board, allowing co-authorship with students. In the absence of such a policy, the publication shall not be considered.

Section 21. Research Publication Cited

1. This indicator covers a faculty member's published research work that has been cited in another scholarly publication.

2. Both the cited research article and the citing article must be published in journals indexed in any of the following: the ASEAN Citation Index (ACI), Scopus (Elsevier), or Web of Science (Clarivate Analytics). Citations meeting this requirement shall be considered international citations.

3. Points shall be awarded based on the publication date of the citing article.

4. Points shall be awarded per cited research article authored by the faculty member, regardless of the number of citations received.

5. Self-citations shall not be credited.

Section 22. Criterion B – Inventions (maximum of 100 points)

This criterion evaluates the faculty member's ability to generate original and innovative outputs through independent or collaborative efforts. It includes the development of both patentable inventions, such as new devices, processes, systems, or technologies that qualify for intellectual property protection, and non-patentable inventions, which may include creative and practical innovations, models, tools, or techniques that demonstrate ingenuity and have potential value or application.

Section 23. Patentable Inventions

1. **Invention Patent**

   a. An invention patent is a government-issued grant, bestowing an exclusive right to an inventor over a product or process that provides any technical solution to a problem in any field of human activity which is new, inventive, and industrially applicable.

b. To be considered, the invention (product or process) must fall within the faculty member's area of specialization.
c. For faculty who have submitted multiple invention patent applications, these shall be treated as a single application for scoring purposes if they fall under any of the following:

    i. Variations of the same product or process using the same underlying technology.
    ii. Products that differ only in size or dimensions but are produced using the same method.
    iii. Processes with only minor adjustments to settings or configurations while retaining the same core mechanism.
    iv. Products with changes limited to appearance or design that do not affect the technology.
    v. Versions intended for different markets but built on the same functional components or system.
    vi. Updated models with minimal improvements that do not change the basic operating principle.

d. There should be a Special Order (SO), or an equivalent official document signed by the President, indicating the names of faculty members involved in the development of the invention.
e. Faculty members may earn points at the following stages of the patent process:

    i. **Acceptance of Application.** Points may be earned once the patent application has successfully passed and accepted by IPOPHL as evidenced by the receipt of **Formality Examination Report (FER)** with **NO** noted defects.
    ii. **Publication Stage.** Points may be earned once the patent application has been published and has successfully passed as evidenced by the receipt of **Substantive Examination Report (SER)** with **NO** noted defects.
    iii. **Patent Certification.** Points may be earned upon issuance of the official Invention Patent Certificate.

f. The faculty shall be awarded points corresponding to the highest stage of the patenting process attained within the evaluation period. Only the most advanced stage achieved during said period shall be considered for scoring. For instance, if a patent progresses from filing to publication within the same cycle, points shall be granted for the publication stage only. Should the patent be granted in a subsequent cycle, the corresponding points for that stage shall then be awarded.
g. For invention patents developed collaboratively by two (2) or more inventors, the following guidelines must be observed:

    i. All inventors, including students, must be declared in the prescribed **Certificate of Contribution Form_Intellectual Property (Annex F)**, regardless of their current affiliation, whether they are still with the SUC, have transferred to another institution, retired from service, or are deceased.
    ii. The names appearing in the patent application documents or patent certificate must be identical to those indicated in the prescribed forms.

iii. The prescribed form must list, for each co-inventor, their name, designation, institutional affiliation, and area of specialization relevant to the contribution, along with a clear statement of their specific contributions to the invention and the corresponding percentage share.

Sample Distribution of Contribution:

Output	Total Pts.	Authors	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
Patent Certificate	80	Faculty A	Professor I ABC University	Mechanical Engineering	Led the conceptualization and design of the invention; oversaw prototype development and testing	70%	**56 pts.** (80 x 70%)
		Faculty B	Asst. Prof. III DEF University	Materials Science	Developed and tested the specialized composite materials used in the invention; contributed to patent documentation	30%	**24 pts.** (80 x 30%)

Notes:

- *Indicate the position and institution at the time the invention was developed.*
- *If a co-inventor was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the research output was completed, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

iv. The co-inventors must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the **prescribed form**, which serves as official proof of consent and prevents disputes regarding authorship and recognition.

v. In cases where a co-inventor is deceased, the remaining contributors shall collectively determine the fair and equitable percentage allocation of the deceased co-inventor's contribution. The final agreement must be reflected in the **prescribed form** and signed by all remaining inventors to ensure fairness and maintain the integrity of the process.

2. Commercialized Patented Products

a. Commercialized patented products refer to inventions that have been granted a patent, duly registered with the appropriate government agency, and commercially exploited by the SUC through marketing, licensing, or sale for profit.

b. To earn points, the following evidence must be submitted:

i. Patent certificate issued by the Intellectual Property Office of the Philippines (IPOPHL).

ii. Product registration from the appropriate government agency, depending on the type of product such as the Food and Drug Administration (FDA), Department of Trade and Industry (DTI), Land Transportation Office (LTO), or Department of Energy (DOE) or a copy of the signed Licensing Agreement or Technology Transfer Agreement between the SUC and the third party, if a third party is engaged.

iii. Proof of product commercialization, such as sales invoices, distribution records, or marketing materials.

iv. Certification from the Research Director, Innovation and Technology Support Office (ITSO) Director, or their equivalent, confirming that the patented invention was first commercialized by the SUC during the evaluation period.

c. Only the first-time commercialization of patented products within the evaluation period shall be credited.
d. Commercialization may occur either locally or internationally. Local commercialization refers to patented products marketed or sold within the Philippines (maximum of 20 points), while international commercialization refers to patented products marketed or sold in at least one (1) country outside the Philippines (maximum of 30 points).
e. If a product is issued a patent certificate and is also commercialized within the same evaluation period, points may be claimed separately for the patent certificate and for commercialization.

3. Utility Models and Industrial Design

a. A Utility Model (UM) refers to any technical solution to a problem in any field of human activity which is new and industrially applicable. It may or may not have an inventive step.
b. Industrial Design (ID) pertains to the physical appearance, functionality and manufacturability of a product. An industrial design application is an application for a patent to protect against the unauthorized use of new, original, and ornamental designs for items of manufacture.
c. There should be a Special Order (SO), or an equivalent official document signed by the President, indicating the names of faculty members involved in the development of the UM or ID.
d. For this evaluation cycle, points for both UMs and IDs shall be awarded for those that are officially registered (with Certificate of Registration) issued by IPOPHL within the evaluation period. Starting with the next evaluation cycle, points shall only be awarded for UMs and IDs that are both officially registered and applied or implemented within the same evaluation period, with the date of application or implementation serving as the basis for awarding points.
e. For UMs and IDs developed collaboratively by two (2) or more inventors, the same guidelines for Invention Patent shall apply.

Section 24. Non-Patentable Products

1. Copyrighted and Utilized Software Products

a. Software Product refers to a program or a set of programs developed to perform specific functions or tasks. It may include:

    i. System software – programs that manage and operate computer hardware (e.g., operating systems, utilities);
    ii. Application software – programs that enable users to perform particular tasks (e.g., data processing, information management, learning management systems, mobile applications, or other user-driven functionalities).

b. Software products developed by faculty members may be credited only if all of the following conditions are met:

i. There is a Special Order (SO) signed by the President, or its equivalent, indicating the names of faculty members involved in the development of the software product.
ii. The software product is a new system or application. Minor modifications, adaptations, or reproductions of previously developed software by the same faculty member shall not be credited.
iii. The software product has been granted a copyright registration or a Certificate of Copyright from the Intellectual Property Office of the Philippines (IPOPHL), covering the software's source code, user interface design, or any associated documentation, as applicable.
iv. The software product has been implemented and is being utilized by an office, organization, or institution for its intended purpose.

c. Updated software products may be credited, provided they incorporate substantial new functionalities, features, or modules that were not present in the previous version.
d. For software products developed collaboratively by two (2) or more developers, the following guidelines must be observed:

i. All developers of software product, including students, must be declared in the prescribed **Certificate of Contribution Form_Software (Annex G)** regardless of their current affiliation, whether they are still with the SUC, have transferred to another institution, retired from service, or are deceased.
ii. The names of the developers appearing in the user manual, user design document, or source code documentation must be identical to those indicated in the prescribed form.
iii. The prescribed form must list, for each co-developer, their name, designation, institutional affiliation, and area of specialization relevant to the contribution, along with a clear statement of their specific contributions to the software product and the corresponding percentage share.

Sample Distribution of Contribution:

Output	Total Pts.	Developers	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
New Software Product	10	Faculty A	Professor I ABC University	Computer Science	Led the overall software design and development, and coordinated project	60%	**6 pts.** (10 x 60%)
		Faculty B	Asst. Prof. III DEF University	Information Technology	Developed the user interface and performed testing to ensure usability and functionality.	40%	**4 pts.** (10 x 40%)

Notes:
- *Indicate the position and institution at the time the software product was developed.*
- *If a co-developer was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the system was completed, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

iv. The co-developer must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the prescribed form, which serves as official proof of consent and prevents disputes regarding authorship and recognition.

v. In cases where a co-developer is deceased, the remaining contributors shall collectively determine the fair and equitable percentage allocation of the deceased developer's contribution. The final agreement must be reflected in the prescribed form and signed by all remaining developers to ensure fairness and maintain the integrity of the process.

2. Development and Propagation of New Plant Cultivars, Breeding of New Animal Breeds, and Isolation and Culture of New Microbial Strains.

a. Development and Propagation of New Plant/Crop Variety

i. New Plant Cultivars refer to distinct plant varieties originally developed and first propagated by a faculty member or group of faculty members, characterized by identifiable and stable traits that distinguish them from existing varieties.
ii. New Crop Variety refers to a distinct, uniform, and stable variety of a crop plant originally developed and first propagated by a faculty member or group of faculty members, selected or bred for desirable characteristics such as improved yield, resistance to pests and diseases, or adaptability to specific environmental conditions.
iii. The new plant/crop variety must be granted a Certificate of Plant Variety Protection issued by the National Plant Variety Protection Board (NPVPB) or a Crop Variety Registration Certificate issued by the National Seed Industry Council (NSIC), whichever is applicable.
iv. The new variety should be supported by a certification from the Municipal, Provincial, or City Agriculturist, or their equivalent, confirming successful propagation of the variety.
v. Photographic documentation or field validation report showing propagation or actual planting of the new variety must also be submitted.

b. Development and Breeding of New Animal Breed

i. New Breed of Animal is defined as a distinct group of animals that has been developed through a systematic breeding program led and implemented by the faculty and possesses unique, heritable characteristics that differentiate it from existing breeds.
ii. The breed must have been issued a Certification of New Animal Breed from a recognized government agency or authority (e.g., Bureau of Animal Industry or its equivalent). However, if no such certification is available, evidence of its novelty must include: 1) documentation of the breeding process, 2) evidence of consistent expression of distinct traits across generations, and 3) photographic documentation or report showing the distinguishing characteristics of the breed.
iii. The new breed is accompanied by a certification from the Municipal, Provincial, City Agriculturist or their equivalent, confirming that the breed/species has been bred, spawned, or raised locally.

c. Isolation and Culture of New Microbial Strains

i. New Microbial Strains are microorganisms (such as bacteria, fungi, or viruses) that have been newly isolated or genetically identified and have

not been previously classified or documented in recognized scientific databases. These strains may be naturally occurring or derived through laboratory modification and must be characterized by unique genetic, phenotypic, or functional traits.

ii. The strain has been issued a Certificate of Deposit by the Philippine National Collection of Microorganisms (PNCM), which serves as evidence of its novelty.

iii. The strain is accompanied by a certification from a laboratory independent of the SUC laboratory, confirming that the strain has been successfully cultured.

d. For Developed and Propagated New Plant Cultivars, Bred New Animal Breeds, and Isolated and Cultured New Microbial Strains developed collaboratively by two (2) or more contributors, the following guidelines must be observed:

i. All developers, including students, must be declared in the prescribed **Certificate of Contribution Form_New Cultivars, Breeds and Strains (Annex H)** regardless of their current affiliation, whether they remain with the SUC, have transferred to another institution, retired, or are deceased.

ii. The names appearing on the certification must exactly match those indicated in the prescribed form.

iii. The prescribed form shall include, for each developer, the name, designation, institutional affiliation, and area of specialization relevant to the contribution, as well as a clear statement of the specific contribution to the new discovery and the corresponding percentage share.

Sample Distribution of Contribution:

Output	Total Points	Contributor	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
New Plant Variety	10	Faculty A	Professor I GHI University	Plant Breeding & Genetics	Led the breeding program, developed the plant variety, and supervised field trials.	55 %	**5.5 pts.** (10 x 55%)
		Faculty B	Asst. Prof. III GHI University	Plant Physiology & Agronomy	Conducted physiological assessments, managed propagation techniques, and contributed to trait evaluation.	45 %	**4.5 pts.** (10 x 30%)

**Notes:*

- *Indicate the position and institution at the time the new cultivar/breed/ strain was developed.*
- *If a co-developer was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the cultivar, breed or strain was completed, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

iv. The developers must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the **prescribed form**, which serves as official proof of consent and prevents disputes regarding authorship and recognition.

v. In cases where a contributor is deceased, the remaining developers shall collectively determine the fair and equitable percentage allocation of the deceased developer's contribution. The final agreement must be reflected in the **prescribed form** and signed by all remaining developers to ensure fairness and maintain the integrity of the process.

Section 25. Criterion C – Creative Works (maximum of 100 points)

This criterion evaluates the faculty member's capacity to conceive, develop, and produce original creative works that have been performed, presented, exhibited, or published, all of which must be subjected to peer review or evaluation by recognized experts in the field.

Section 26. Creative Works Produced, Performed, Presented, Exhibited or Published

1. Creative works encompass a wide range of artistic and intellectual expressions, including, but not limited to, music, dance, drama, theatrical productions, visual arts, architecture, industrial design, and literary publications.

2. Creative works should align with the faculty member's field of specialization. However, creative works outside the faculty member's specialization may be considered, provided the creative work is supported by, and has brought recognition to the SUC as evidenced by the following:

    a. The faculty member's involvement in creative activities was authorized by the SUC (e.g. special order, memorandum, or official communication);
    b. There is documented evidence that the development of creative work was supported by the SUC (e.g. approved project proposal, partnership agreements, or authorization for the use of facilities for the creative work);
    c. The creative work has brought recognition to the institution, as evidenced by awards received by the faculty member, with the SUC's name explicitly cited in the award announcement or the institution formally recognized as the awardee or sponsoring institution.

3. For creative works developed collaboratively by two (2) or more contributors, the following guidelines must be observed:

    a. All contributors of the creative work, including students, must be declared in the prescribed **Certificate of Contribution Form_Creative Work (Annex I)**, regardless of their current affiliation, whether they are still with the SUC, have transferred to another institution, retired from service, or are deceased.
    b. The names of the contributors appearing in the creative work evidence must be identical to those indicated in the **prescribed form**.
    c. The **prescribed form** must list, for each contributor, their name, designation, institutional affiliation, and area of specialization relevant to the contribution, along with a clear statement of their specific contributions to the creative work and the corresponding percentage share.

Sample Distribution of Contribution:

Output	Total Pts.	Contributor	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
Novel	20	Faculty A	Assoc. Prof. III ABC University	Literature & Creative Writing	Conceptualized the novel, wrote the majority of the manuscript, and led the editing process.	75%	**15 pts.** (20 x 75%)
		Faculty C	Asst. Prof. III DEF University	Literature & Creative Writing	Contributed to plot development, character	25%	**5 pts.** (20 x 55%)

Output	Total Pts.	Contributor	*Position/ Institutional Affiliation	Area of specialization	Specific Contribution	%	Points earned
					refinement, and assisted with research and editing.		

Notes:

- *Indicate the position and institution at the time the creative work was produced, performed, presented, exhibited or published.*
- *If a co-developer was a faculty member of an SUC but was serving in the capacity of a graduate student at the time the creative work was completed, the position 'Graduate Student' shall be indicated in the prescribed form in lieu of their faculty affiliation.*

d. All contributors must mutually agree on the distribution of their percentage contributions. This agreement shall be documented by affixing their signatures on the prescribed form, which serves as official proof of consent and prevents disputes regarding authorship and recognition.

e. In cases where a contributor is deceased, the remaining contributors shall collectively determine the fair and equitable percentage allocation of the deceased contributor's contribution. The final agreement must be reflected in the prescribed form and signed by all remaining contributors to ensure fairness and maintain the integrity of the process.

Section 27. Types of Creative Works

1. Creative Works in the Performing Arts

a. Creative works in the performing arts refer to artistic outputs produced by faculty members and presented in recitals, concerts, or professional/public venues. These works are typically subject to an application, curation, or selection process conducted by experts in the field. They include outputs in the areas of music, dance, and theatre.

b. The creative performing artwork **must be produced** by the faculty member and **formally presented or performed** in a recognized recital, concert, theatre, or other professional/public venue for points to be credited. Only the first presentation or performance of the work shall earn points, while succeeding presentations of the same output shall not be credited.

c. Creative Works in the **Performing Arts** include the following:

Discipline/Field	Type of Scholarly/ Creative Work	Output
Music	**Musical Composition** *(orchestra, band, chamber, ensemble or choral)*	• **Published** and **copyrighted** musical score. • **Performance** (not necessarily by the faculty) in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues.
	Musical Arrangement *(orchestra, band, chamber, ensemble or choral)*	**For Adaptation** • **Published arranged musical score** (orchestral, band, chamber, ensemble, or choral), clearly **indicating the original work on which the arrangement or adaptation is based.** • **Performance** (not necessarily by the faculty) in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues

Discipline/Field	Type of Scholarly/ Creative Work	Output
		For Original Arrangement • Published and copyrighted musical score (orchestral, band, chamber, ensemble, or choral) • Performance (not necessarily by the faculty) in academic recitals, concerts, musical theatre, music festivals.
	Musical Performance *(vocal or instrumental)*	• **Performance** in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues (solo, ensemble, accompaniment, etc.)
	Conducting	• **Performance** as conductor in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues
	Music Production	• **Produced** and **copyrighted** music track/album • **Published** music track/album
Dance	**Original Choreography**	• Copy of the **choreographic notations** or a **written description** of the concept, structure, music used, and movement vocabulary • **Performance** of the choreography in academic events, recitals, concerts, festivals, competitions, productions or professional/public venues.
	Dance Performance	• **Performance** of a choreography in academic events, recitals, concerts, festivals, competitions, productions or professional/public venues.
Theatre	**Playwright**	• **Completed** and **copyrighted** full script • Staged theatrical production (full performance)
	Directing	• Staged theatrical production under the direction of the faculty member
	Acting	• Theatrical performance role(s)
	Production Design	• Design portfolio or presentation material, such as sketches, models, renderings, or material boards • Staged theatrical production

2. Creative Works in the Visual Arts

a. Creative works in the visual arts refer to artistic outputs that are primarily visual in nature and presented to the public through exhibitions or other formal platforms. These works are typically subject to an application, curation, or selection process conducted by experts in the field. They include, but are not limited to, painting, sculpture, photography, architectural designs, film, digital media, and other recognized forms of visual expression.

b. The creative work in the visual arts must be **originally produced by the faculty member and formally exhibited** in a recognized professional or public venue (e.g., gallery, museum, curated exhibition, or equivalent platform) in order to be credited. Only the first public exhibition or official presentation of the work shall be awarded points; subsequent re-exhibitions or re-presentations of the same output shall not be credited.

c. Creative Works in the Visual Arts include the following:

Discipline/Field	Type	Output	
Visual Arts	Painting	• Original painting • Exhibited painting	
	Drawing	• Original drawing • Exhibited drawing	
	Mixed Media	• Original mixed media piece • Exhibited mixed media piece	
	Sculpture	• Original sculpture • Exhibited sculpture	
	Photography	• Original photograph • Exhibited photography	
	Digital Art	• Original Digital Artwork • Original digital artwork exhibited, including interactive or multimedia installations	
Architectural and Interior Designs		**Exhibited**	**Juried**
	Architectural Designs	• Architectural design proposal or project portfolio • Exhibited architectural designs	• Architectural design proposal or portfolio • Architectural designs that won in juried or peer-reviewed competitions
	Interior Design	• Interior design proposal or project portfolio • Exhibited Interior design	• Interior design proposal or project portfolio • Interior design that won in juried or peer-reviewed competitions
Film	Short Film	• Completed short film • Screened short film	
	Feature-Length Films	• Completed feature-length film • Screened feature-length film	
	Documentary Films	• Completed documentary film • Screened documentary film	
	Experimental Video Art	• Completed experimental video art piece • Screened experimental video art piece	
	Animated Film	• Completed animated film • Screened animated film	

3. Creative Works in Literary Arts

a. Creative works in the literary arts refer to artistic outputs that are primarily written in nature and are presented to the public through publication or formal readings. These works are typically subject to a **selection or editorial process** conducted by publishers, literary agents, or experts in the field. These include novels, short stories, poetry, and literary essays.

b. The creative work in the literary arts must be **originally produced by the faculty member** and **formally published** in anthologies, literary journals and literary magazines by reputable presses in order to be credited.

c. Creative Works in the Literary Arts include the following:

Literary Art	Type	Output
Literary Publications	Novel	• Published and copyrighted Novel
	Short Story	• Short story published in anthology, literary journal or literary magazine.
	Poetry	• Collection of poems published in anthology, literary journal or literary magazine
	Literary Essay	• Literary essays published in literary journals or anthologies

Section 28. KRA III – EXTENSION SERVICES

A faculty member can earn a maximum of 100 points from Criteria A, B, and C, with the following point distribution:

Criterion	Points
Criterion A	30
Criterion B	50
Criterion C	20
Total	**100**
Criterion D (Bonus)	20

Note: Criterion D provides up to 20 bonus points, which shall be added on top of the faculty member's total accumulated points. However, the final total score shall not exceed 100 points.

Section 29. Criterion A – Service to the Institution (maximum of 30 points)

This criterion pertains to the services rendered by faculty members in support of their respective institutions, particularly those who have facilitated the successful forging and implementation of partnerships and linkages with various stakeholders, and who have contributed to the generation of income and the availment of external resources to support the institution's development plans.

Section 30. Successful Linkages, Networking and Partnership

1. This refers to the faculty member's **contribution to the successful establishment** of partnerships with professional organizations, government and non-governmental agencies, industries, people's organizations, higher education institutions, and other relevant entities.

2. Such partnerships are those that generate mutual and tangible benefits for both parties, including, but not limited to, resource sharing, collaborative research, capacity-building initiatives, and other academic activities that support institutional development. This does not include partnerships established solely for extension or outreach beneficiaries, nor partnerships related to on-the-job training (OJT) and/or practicum, which are undertaken to fulfill academic program requirements.

3. While the formalization of these partnerships is typically undertaken by a designated SUC office or committee, faculty may be given credit if they **spearheaded the collaboration and facilitated the connection between the partner organization and the SUC**, usually through their personal or professional network.

4. The faculty member's contribution may be credited if all of the following conditions are met:

    a. The establishment of the partnership was spearheaded by the faculty member and duly approved by the SUC governing board.
    b. The partnership was formalized through a duly notarized Memorandum of Agreement (MOA) and successfully implemented in accordance with the provisions of the MOA or the attached project proposal.

Section 31. Total Contribution in Income Generation

1. This refers to the **total contribution** of a faculty member to the generation of income that supports the strategic goals and development plans of the SUCs within the evaluation period. Such contributions may take various forms, including but not limited to the following:

    a. **Commercialization of Products or Technologies**: Income generated from the commercialization of products, technologies, innovations, or creative works developed by the faculty, regardless of whether these outputs are patented or unpatented. This includes royalties, licensing fees, or sales revenues resulting from these intellectual outputs.
    b. **Grants Received from External Funding Agencies:** While grants are not considered income in the strict accounting sense, for the purpose of this evaluation, any grant obtained through faculty-initiated proposals and awarded to the SUC, whether for research, extension, or institutional grants, shall be treated as an income contribution, as such grants directly support institutional programs and development initiatives.
    c. **Industry-Based Projects:** Revenue generated through faculty-led projects in collaboration with industry partners. This includes contract projects, or technical services rendered by the faculty on behalf of the SUC, which result in direct financial gains for the institution.

2. This indicator covers the **total gross income generated** by the faculty **member from all combined forms** (whether from commercialization, grants, or projects) during the evaluation period, as officially recorded and documented by the SUC.

3. The score given for the total gross income generated is as follows:

Total Gross Income	Points
a. 100,000 and below	2
b. 100,001 to 500,000	4
c. 500,001 to 6,000,000	6
d. 6,000,001 to 12,000,000	12
e. Above 12,000,000	18

4. The lead contributor shall receive the full points corresponding to the range of generated income, while co-contributors shall each receive half of the full points.

Section 32. Criterion B – Service to the Community (maximum of 50 points)

This criterion pertains to the technical, professional, and expert services rendered by faculty members to the academic, professional, and geographic communities. These services should be aligned with the faculty member's field of specialization and may include roles such as accreditor, consultant, or resource person. Faculty may also be engaged as speakers or trainers in seminars and workshops, reviewers or evaluators of research and extension proposals, or members of expert panels and advisory committees.

Section 33. Professional and Expertise-Based Services

1. **Services in evaluation, monitoring, accreditation, assessment, and other related educational quality assurance activities.**

    a. These refer to the engagements of faculty members with recognized accrediting agencies, associations or government bodies, both local and international, in the capacity of evaluator, accreditor, or assessor of programs or institutions of higher learning. Each engagement must be supported by an official appointment issued by the concerned agency, along with documentary evidence of the engagement.
    b. For purposes of this evaluation, credit shall be granted per accrediting agency, professional organization, or government body engaged with, and not based on the number of deployments, assignments, or instances of service rendered by the faculty member.
    c. For National Government Agencies (NGAs) in the Philippines, the engagement of faculty with the Central Office shall be counted separately from engagement with its Regional Office.
    d. For engagements with International Accrediting Agencies, the faculty should provide the profile of the organization/agency and its website for verification.
    e. Local regulatory and accrediting organizations and agencies include but not limited to the following:

        i. Commission on Higher Education (CHED)

            - Regional Quality Assessment Team (RQAT) or Technical Panel for program monitoring and evaluation.
            - Technical Panel for the evaluation of Centers of Excellence and Centers of Development.
            - Composite Team for the validation of compliance for conversion to state college and state university.
            - Assessors for Institutional Sustainability Assessment.
            - Other related program and institutional monitoring, evaluation and assessment activities.

        ii. Department of Trade and Industry (DTI) - Philippine Quality Award (PQA)

        iii. Private Accrediting Agencies include, but not limited to the following:

            - Accrediting Agency of Chartered Colleges and Universities in the Philippines (AACCUP)
            - Philippine Accrediting Association of Schools, Colleges and Universities (PAASCU)
            - Philippine Association of Colleges and Universities Commission on Accreditation (PACUCOA)
            - Association of Christian Schools, Colleges and Universities-Accrediting Council, Inc. (ACSCU-ACI)
            - Association of Local Colleges and Universities–Commission on Accreditation (ALCUCOA)

- Philippine Computing Society Information and Computing Accreditation Board (PICAB) for program accreditation (currently classified as local until it attains full signatory status to the Seoul Accord).

iv. International organization/agencies include, but not limited to the following:

- ASEAN University Network – Quality Assurance (AUN-QA) for program and institutional assessments.
- Accreditation Board for Engineering and Technology, Inc. (ABET) for program accreditation in Engineering and Technology.
- Philippine Technological Council - Accreditation and Certification Board for Engineering and Technology (PTC-ACBET) for program accreditation in the field of Information Technology.

f. For local and international accrediting agencies not included in the list, the agency's profile (including its mandate, scope, and accreditation functions) and official website shall be provided for verification.

2. Services as Judge for Local or International Research Awards or Academic Competitions

a. These refer to services rendered by a faculty member as a judge for research awards or academic competitions at the higher education or professional level, whether conducted locally or internationally, and directly related to his/her field of specialization.
b. The participants in these awards or competitions shall include higher education students, faculty members or industry practitioners.
c. The sponsoring organization or agency should be reputable and possess a clear mandate aligned with the conferring of such recognition or hosting of such events.

Field/Discipline	Sponsor Organization	*Type of Award/Competition
Computer Science	Philippine Computing Society (PCS)	Competition on Artificial Intelligence
Environmental Science	Department of Environment and Natural Resources (DENR)	competition on environmental protection projects
Public Health	Department of Health (DOH)	research competition on disease prevention and health promotion
Business Administration	Philippine Chamber of Commerce and Industry (PCCI)	student start-up proposals in an entrepreneurship competition
Fine Arts	Cultural Center of the Philippines (CCP)	national student art competition

** The entries are for illustrative purposes only*

d. If the host, organizer, or sponsor of the research award or academic competition is not a government agency, supporting documents with the following information must be submitted:

i. Official Name and Profile of the Organization
ii. Mandate and Purpose of the Organization
iii. History and Background (e.g. year established, major milestones)

iv. List of Previous Awardees / Winners (to assess credibility and consistency in recognition).

e. Research or Academic Competitions organized by the SUCs for their own academic community shall not be considered.

3. **Services rendered as a short-term consultant in educational, technological, professional, scientific, or cultural activities, whether local or foreign, and sponsored by a private organization or a government entity.**

a. For the purpose of evaluation, short-term consultancy refers to the provision of specialized expertise, advice, or services to address a specific need, project, or problem within a defined period, typically ranging from **one (1) month up to a maximum of six (6) months**.
b. Only formally engaged short-term consultancy shall be considered under this indicator. The engagement must be supported by a written agreement or contract duly signed by both parties or an official written invitation with acceptance; clearly indicating the duration and scope of work.
c. All consultancy engagements must be duly approved by the SUC President or the authorized official.
d. If the organization, company, or agency requesting the consultancy service of the faculty member is neither a government entity nor an intergovernmental organization (such as UNESCO, SEAMEO, and ADB) supporting documents containing the following information must be submitted:

i. Official name and profile of the organization, company, or agency.
ii. Mandate, objectives, and purpose of the organization.
iii. Accreditation, registration, or license (e.g., SEC, DTI, or professional accrediting body, as applicable).
iv. Official website or equivalent online presence for verification.

e. For services rendered as peer reviewers of international journals that meet the abovementioned requirements, a copy of the journal's editorial board shall be submitted together with the other required documents. In succeeding evaluation cycles, only peer-review services for journals indexed in Scopus or Web of Science shall be considered.

4. **Services through Media**

a. As Occasional Writer of Newspaper Column

i. This refers to the service rendered by a faculty member as an occasional contributor of newspaper articles.
ii. Points may be earned for each published article (maximum of 10 points) on topics directly related to the faculty member's field of specialization.
iii. Only articles published in established newspaper broadsheets (local or national circulation) and/or their official online platforms shall be considered.

b. As Writer of a Regular Newspaper Column

i. This refers to the service rendered by a faculty member as a regular columnist for a newspaper.
ii. Points may be earned for regularly (e.g., weekly or monthly) contributing a column (maximum of 10 points) on topics directly related to the faculty member's recognized field of academic specialization.
iii. Only regular columns published in established newspaper broadsheets (local or national circulation) and their official online platforms shall be considered.

c. As Host of a Regular Television or Radio Program

i. This refers to the service rendered by a faculty member as a regular host or co-host of a television or radio program for a minimum duration of six (6) months.
ii. Points may be earned for hosting programs that cover topics directly related to the faculty member's recognized field of academic specialization.
iii. The program must be broadcast on a regular basis (e.g., weekly or monthly) through a recognized television or radio station, including official online streaming platforms affiliated with such stations.
iv. For SUC-operated radio stations, the station must hold a valid license to operate from the National Telecommunications Commission (NTC).

d. For Guesting as Technical Expert for Television or Radio Program.

i. This refers to the service rendered by a faculty member as an occasional guest or resource person in a television or radio program in the capacity of a technical expert in their academic discipline or field of specialization.
ii. Points may be earned for each guesting in TV or radio program (maximum of 10 points) on topics directly related to the faculty member's recognized field of specialization.
iii. Only appearances on recognized television or radio stations, including official online platforms affiliated with such stations, shall be considered.

5. For Every Hour of Training Course, Seminar, or Workshop Conducted in the capacity as a Resource Person, Facilitator, Moderator, Plenary Speaker, or Panelist

a. This **refers** to the delivery of specialized expertise by a faculty member who serves as a resource person, facilitator, moderator, speaker, or panelist in training programs, seminars, workshops, or other capacity-building activities conducted at the tertiary education level or within industry settings.
b. This **excludes** participation in non-expert or support roles, such as organizers, coordinators, secretariat staff, registration personnel, emcees, ushers, and other administrative or logistical functions related to event implementation.
c. Engagements in in-house activities, such as serving as a resource person in training programs intended primarily for the faculty or staff of the SUC, as well as in extension projects, outreach programs, or community-based activities organized by the SUC, shall not be credited under this provision. However,

credit is given to engagements if participants are external to the SUC or the activities are organized by another SUC.

d. The official program must clearly indicate the faculty member's assigned topic and the allocated time of delivery. The indicated time will serve as the basis for computing points; if this information is not provided, no points shall be awarded.

Section 34. Institutional Social Responsibility

1. Extension Project Activities

a. These are service-oriented activities undertaken by faculty members, aligned with their area of expertise, and rendered to a group of beneficiaries either as project head or contributor.
b. Points shall be credited only for active participation that involves the direct delivery of technical or professional expertise to beneficiaries, consistent with the faculty member's field of specialization.
c. Participation in non-expert or support roles such as event organizers, coordinators, secretariat staff, registration personnel, emcees, ushers, and other administrative or logistical functions shall not be credited.
d. Only faculty members with a duly issued special order designating their role in the extension project, supported by documentary evidence of actual engagement related to their specialization, shall be considered.

Section 35. Criterion C –Quality of Extension Services (20 points)

This criterion pertains to relevance and quality of the extension projects implemented by the faculty members, based on the satisfaction level of the beneficiaries during implementation and/or after the project's completion.

1. Client Satisfaction for Extension Projects

a. All SUCs shall comply with **CMO No. 18, series of 2025**, titled *"Revised Guidelines and Instruments for Client Satisfaction Survey of Extension Projects in State Universities and Colleges Pursuant to DBM-CHED Joint Circular No. 3, series of 2022,"* in assessing this criterion.
b. The previous process and instruments used by SUCs in determining Client Satisfaction of extension projects shall continue to be recognized for Academic Years 2023-2024 and 2024-2025.
c. Starting First Semester of Academic Year 2025-2026, all SUCs may begin implementing **CMO No. 18 series of 2025**, titled *"Revised Guidelines and Instruments for Client Satisfaction Survey of Extension Projects in State Universities and Colleges Pursuant to DBM-CHED Joint Circular No. 3, series of 2022."* However, mandatory implementation shall take effect in the **second semester of AY 2025-2026 onwards**. The required document for submission shall be the Extension Project CSS Report.

d. Computation of Points for Client Satisfaction Rating of Extension Projects

Formula: CSR Points = (Overall CSR ÷ 100) x Total CSR Points

Where:
Overall CSR Rating = Average CSS Rating over three (3) academic years
Total CSS Points = 20 points

Sample Computation

	AY 01	AY 02	AY 03
CSS Rating per AY	90	94	92
Overall CSS Rating	(90 + 94 + 92) ÷ 3 = **92**		
CSS Points	(92 ÷ 100) x 20 = **18.4**		

e. Points for CSR of Extension Projects shall be credited only if the corresponding extension project with a CSR has also been declared by the faculty under the Institutional Social Responsibility indicator in Criterion B – Service to the Community. Extension projects not declared in the CSR of Extension Projects shall not be considered.

Section 36. Criterion D – Bonus Criterion (20 points)

This criterion refers to the services rendered by permanent faculty members who were given administrative designations within the evaluation period. It shall be considered a bonus indicator, as not all faculty members are given the opportunity to serve in administrative roles.

1. Administrative Designation

a. Administrative designations shall be credited on a per-year basis, provided that the faculty member has served in the designation for a minimum continuous period of one (1) year within the evaluation period. Service rendered in an Officer-in-Charge (OIC) capacity for a particular designation shall likewise be credited, provided it was rendered for at least one (1) year.
b. If a faculty member held different administrative designations in separate years within the evaluation period, points shall be awarded for each year based on the corresponding points assigned to each designation. For example, a faculty who served as Extension Coordinator in year 1, Program Chair in year 2, and Dean in year 3, with each designation held for at least one (1) year, shall earn points for each year based on the points assigned to each respective designation.
c. The creation of the committee or body to which the faculty member is designated as chair or member must be duly approved by the SUC Governing Board for the designation to be credited.

Section 37. KRA IV – PROFESSIONAL DEVELOPMENT (100 points)

For KRA IV, a faculty member can earn a maximum of 100 points across Criteria A, B, C and D with the following point distribution:

Criterion	Points
Criterion A	20
Criterion B	60
Criterion C	20

Total	100
Criterion D	*20*

Note: Criterion D provides up to 20 bonus points, which shall be added on top of the faculty member's total accumulated points. However, the final total score shall not exceed 100 points.

Section 38. Criterion A – Involvement in Professional Organizations (20 points)

This criterion refers to the faculty's membership and active participation in registered professional organizations and societies aligned with their field of discipline, profession or designation.

1. **Membership and Participation in Registered Professional Organizations and Societies.**

   a. For purposes of this guidelines, a professional organization is defined as a formally recognized, national in scope, **non-profit or non-stock** association of individuals sharing a common **profession (profession-based)**, **discipline (discipline-based)**, or designation.

   b. Points may be earned for this indicator by meeting the following requirements:

      i. The faculty member is a bonafide member of the professional organization;
      ii. The faculty member must show evidence of active engagement in the professional organization's activities, beyond mere attendance at conferences and training sessions. This evidence should include specific and relevant details about the faculty member's role and the activities they participated in.
      ii. The professional organization must be aligned with the faculty member's discipline, field of specialization, or designation. Examples include:

Professional Organization based on Discipline

Discipline	Examples of Professional Organizations
Accountancy	Philippine Institute of Certified Public Accountants (PICPA)
Biology	Biology Teachers Association of the Philippines, Inc. (BIOTA)
Civil Engineering	Philippine Institute of Civil Engineers, Inc. (PICE)
Computer Science/IT	Philippine Society of Information Technology Educators (PSITE)
Education	Philippine Association for Teachers and Educators (PAFTE)
Human Resource Management	People Management Association of the Philippines (PMAP)
Mathematics	Mathematical Society of the Philippines (MSP)

Professional Organizations based on Designation

Designation	Examples of Professional Organizations
Dean of the College of Business Administration	Philippine Council of Deans and Educator in Business (PCDEB)
Student Affairs Directors and Coordinators	Philippine Association of Practitioners of Student Affairs and Services (PAPSAS)
Extension Directors and Coordinators	PAEPI (Philippine Association of Extension Program Implementers, Inc.)
Research Directors and Coordinators	Philippine Association of Research Managers, Inc. (PHILARM)

c. Points shall be granted for each professional organization in which the faculty member is actively involved.

2. Recognized Professional Organizations/Associations

a. Professional organizations included in the list of Accredited Professional Organizations (APO) and Accredited Integrated Professional Organizations (AIPO) of the Philippine Regulation Commission (PRC) shall be recognized.

b. Those not listed as APO or AIPO may be considered, provided they meet the following qualifications:

i. Established to promote the benefit and welfare of individuals engaged in a **specific profession** or **holding a particular designation**, to advance the standards and practice of their profession or position, and to pursue other related professional objectives.
ii. It is duly registered as a non-stock and non-profit corporation or association with SEC and duly registered with BIR;
iii. The membership of the professional organization shall be national in scope, with some organizations establishing sub-memberships at the regional level.
iv. It should have been in existence for at least ten (10) years, consistently holding annual conventions, conferences, or general assemblies, except when prevented by justifiable reasons.

3. Multidisciplinary Professional Organizations

a. Membership in multidisciplinary professional organizations may be considered, provided that the following conditions are met:

i. The multidisciplinary professional organization is established by, attached to, recognized by, or operates under the authority, mandate, or program of a government agency, including but not limited to national government agencies, government councils, or government-created academies.

ii. Examples of such multidisciplinary professional organizations include, but are not limited to:

- National Research Council of the Philippines (NRCP), a government-created council under the Department of Science and Technology (DOST) with multiple scientific and professional divisions; and
- National Academy of Science and Technology (NAST) Philippines, a government-recognized scientific academy created by law and composed of experts from various scientific disciplines.

Section 39. Criterion B – Continuing Development (60 points)

This criterion pertains to the attainment of advanced academic qualifications, as well as active participation in professional development activities designed to enhance expertise and strengthen competencies in one's field.

Section 40. Educational Qualifications

1. This refers to postgraduate academic qualifications earned by faculty members from CHED-recognized programs after obtaining a master's degree. These may include the completion of a second master's degree, a post-master's certificate, a doctorate degree, or a post-doctorate degree.

2. For the succeeding evaluation cycles, the postgraduate academic qualifications should be vertically aligned with the specialization of the faculty in order to be credited.

3. Honorary degrees and postgraduate degrees earned from non-CHED recognized programs and institutions shall not be considered.

4. For postgraduate degrees earned from local HEIs, a duly certified, authenticated, and verified (CAV) copy of the transcript of records (TOR) must be submitted to earn points under this indicator.

5. For postgraduate degrees earned from foreign HEIs through the faculty's personal financial capacity or through foreign-funded scholarships not facilitated by the SUC, a Certificate of Equivalency from the CHED Office of Programs and Standards Development (OPSD) shall be required.

6. Postgraduate degrees earned from foreign HEI through a scholarship program duly facilitated and authorized by the SUC shall be considered without the need for a Certificate of Equivalency.

7. Any additional master's degree, post-master's diploma or certificate, doctorate degree, and/or post-doctoral certificate earned and submitted as part of the application documents for faculty promotion shall not be credited again for reclassification purposes if the faculty member is promoted to a higher rank within the same evaluation period.

Section 41. Attendance in Conferences, Seminars, Workshops and Other Capacity Building Activities.

1. This refers to capacity-building activities attended or participated in by faculty members, provided that such participation has prior approval from the appropriate approving authority, in accordance with the nature of the activity. Local capacity-building activities shall require approval at the level of the SUC President only, while international capacity-building activities that involve registration, transportation, accommodation, and other related expenses shall require approval by the SUC Governing Board.

2. Only capacity-building activities that are related to the faculty member's field of specialization, current designation, or those identified through a faculty needs analysis covering the said faculty shall be considered.

3. Only capacity-building activities with a minimum total duration of six (6) hours shall be considered.

4. Capacity-building activities conducted over two or more days under a central theme, covering various topics, shall be credited as a single capacity-building activity, regardless of whether separate certificates are issued for each topic by the organizer.

5. For capacity-building activities conducted virtually, only structured virtual training programs shall be considered. Virtual seminars shall be credited only if they have a minimum total duration of eight (8) hours and are hosted by reputable organizations or professional organizations identified in Section 38.

6. Scope of capacity building activities:

a. Local Capacity Building

i. This refers to seminars, workshops, training programs, or similar activities organized or sponsored by organizations, agencies, or industries within the Philippines, and facilitated by recognized local experts. These may be hosted and/or organized by the following:

- National government agencies;
- CHED-recognized private HEIs;
- Recognized professional organizations (Section 38)
- Industry sector;
- Recognized accrediting bodies; and
- Recognized HEI organizations

ii. Capacity-building activities organized solely by the SUC for its own faculty members and staff (in-house) shall not be credited, except when the activity engages a resource person from outside the SUC who is recognized as an expert in the field.

iii. Capacity-building activities jointly organized by a consortium of at least three (3) SUCs, with resource persons drawn from the participating SUCs, shall also be considered.

b. International Capacity Building Activities

i. This refers to structured learning and professional development programs, training courses, workshops, conferences, or similar undertakings participated in by faculty members, which are organized by reputable institutions, organizations, or agencies based outside the Philippines and conducted abroad.

ii. Capacity building activities conducted in the Philippines may be considered international subject to the following conditions:

- The activity is co-organized by a reputable institution, organization or agency based abroad.
- At least three (3) countries are represented among the speakers and/or participants, with at least one (1) speaker coming from outside the Philippines.

- The program content reflects international or comparative perspectives beyond the Philippine context.
- The official program and certificate of participation explicitly indicate the foreign co-organizer and identify the international speakers and/or participants.

Section 42. Paper Presentation in Conferences

1. Paper presentation refers to the formal oral dissemination of a faculty member's unpublished research, scholarly work, or innovative practices during a session at an academic, professional, or scholarly conference.

2. Attendance at local conferences for paper presentation shall require prior approval of the SUC President. Attendance at international conferences for paper presentation that require registration, transportation, accommodation, and other related expenses shall require prior approval of the SUC Governing Board.

3. Point shall be earned per research paper presented in conferences, subject to the following conditions:

    a. The research paper must be an original output of the faculty member, whether as the main author or co-author. Research papers derived from a student's thesis, dissertation, or capstone project, even if the faculty is listed as a co-author or serves as the presenter, shall not be considered.
    b. The research paper presented must be related to the faculty member's field of specialization.

4. Research papers presented and subsequently published in an internationally indexed journal (Scopus, WoS, or ACI) within the same evaluation period shall earn points both under this indicator and under Research Output indicator of Criterion A, KRA II.

5. Paper presentations in virtual conferences shall be considered only if they are hosted by reputable organizations or professional organizations identified in Section 38.

6. Scope of Paper Presentations:

    a. Local Conferences

    Only local conferences hosted and/or organized by the following organizations or institutions shall be considered:

        i. CHED-recognized higher education institutions, preferable those granted autonomous or deregulated status;
        ii. National government agencies and their attached agencies;
        iii. Recognized professional organizations (Section 38)
        iv. Recognized accrediting bodies; and
        v. Recognized HEI organizations

b. International Conferences held abroad

International conferences refer to those hosted and/or organized by reputable international organizations, including but not limited to:

i. Academic associations and scholarly societies
ii. Professional organizations
iii. Research and scientific institutions
iv. Higher education institutions
v. Government and intergovernmental organizations
vi. Non-governmental organizations

c. Internal Conference co-organized by international institution, organization or agency based abroad but held in the Philippines

This refers to an academic, professional, or scholarly gathering conducted within the country in partnership with a foreign co-organizer shall be considered international subject to the following conditions:

i. The conference is co-organized by a reputable institution, organization or agency based abroad.
ii. At least three (3) countries are represented among the speakers and/or participants, with at least one (1) speaker coming from outside the country.
iii. The program content reflects international or comparative perspectives beyond the Philippine context.
iv. The official program, certificate of participation, or other relevant document must explicitly indicate the foreign co-organizer and identify the international speakers and/or participants involved in the activity.

Section 43. Criterion C – Awards and Recognition (20 points)

This criterion pertains to the conferment of distinctions upon faculty members in recognition of their achievements within their respective fields of specialization, professional practice, and/or assigned functions. Academic awards conferred solely for the completion of postgraduate degrees are not covered under this provision.

These awards are distinct from prestigious awards and recognitions that qualify for the automatic one sub-rank reclassification as stipulated in Section 46 of these Guidelines.

1. General Requirements

An award or recognition conferred upon a faculty member shall be considered only if it meets the following conditions:

a. It is directly related to the faculty member's field of specialization or designation.
b. It is competitive in nature and open to all qualified applicants or nominees.
c. It is granted on the basis of clear, transparent, and formally established criteria and guidelines.
d. The selection process is vetted, validated, and endorsed by a duly constituted panel of experts.
e. It is conferred by a reputable, duly recognized organization, institution, or agency.

2. Types of Awards or Recognition

a. Institutional Awards

i. These are awards conferred by the SUC upon its faculty members (e.g. PRAISE awards, Professorial Chair Awards). For the Program on Awards and Incentives for Service Excellence (PRAISE) awards, only those with manual or guidelines formally approved by the Civil Service Commission shall be considered.
ii. Only awards that are directly attributable to instruction, research, extension, production, and other related academic functions shall be recognized. Service awards and similar forms of recognition shall not be considered.
iii. Only the highest award conferred shall be credited; subordinate distinctions such as placers or runners-up shall not be recognized.

b. Local and National Awards

i. These refer to awards conferred at the local (city, municipal, provincial, regional) or national level by reputable organizations, national government agencies, foundations, or duly recognized non-governmental organizations based in the Philippines.
ii. Only the highest and most significant awards or recognitions shall be considered; secondary distinctions such as placers, runners-up, or special citations shall not be credited.
iii. This includes, but is not limited to, the following awards:

Name of the Award	Event	Awarding Organization
Outstanding Professional Award	PRC Awards	Professional Regulation Commission (PRC)
Emerging Leadership Award	Internationalization Champions of Nation-building and Sustainability (ICONS) Awards	Commission on Higher Education (CHED)
Elvira O. Tan Awards	Science and Technology (S&T) Recognition and Award	DOST-PCAARRD
Best Novel in English	National Book Award	National Book Development Board and the Manila Critics' Circle
Natatanging Anak ng Nueva Ecija Award for Education	Nueva Ecija Day	Provincial Government of Nueva Ecija

c. International Awards

i. These refer to awards conferred or sponsored by reputable international organizations, intergovernmental bodies, foreign government agencies, foundations, or non-governmental organizations based abroad. Such awards must be directly related to instruction, research, extension, production, or within a specific academic discipline or designated function of the faculty member.
ii. Only the highest and most significant awards or recognitions shall be considered; secondary distinctions such as placers, runners-up, or special citations shall not be credited.

3. **Criteria for the Award-Giving Organization:**

   a. These awards are given by national government agencies, local government units at the provincial, city and municipal levels) recognized private entities, including but not limited to private corporations, non-governmental organizations (NGOs), civil society organizations, and established professional organizations with national membership.

   b. For non-government organization, institution, or agency, below are the following qualifications of in order to be credited:

      i. The organization must be a non-profit entity registered with the appropriate government or regulatory body. Its awards and competitions must be consistent with its declared mission and programs.
      ii. The organization must have a consistent record of granting awards over multiple years, with awarding ceremonies that are well-documented and publicly announced through appropriate channels (e.g., press releases, websites, social media).
      iii. A profile of the sponsoring organization must be provided, including its name, mission and vision, history and background, and contact information.
      iv. Transparent and verifiable documentation of the selection process and criteria should be made available.

Section 44. Criterion D – Additional Points for Newly Hired Faculty (20 points)

This criterion pertains to the number of years of relevant academic and/or industry experience of newly appointed faculty members who were previously employed in private higher education institutions, in industry, or in a State University or College (SUC) under contract of service teaching full-time.

1. **Academic Experience**

   a. This refers to the number of years of experience as a faculty member, whether in a teaching capacity or in an administrative position, in a higher education institution prior to appointment in the SUC.
   b. Points shall be awarded for every full year of academic experience. Proportionate points shall also be granted for fractional years of service, based on the equivalent number of months rendered.

2. **Industry Experience**

   a. This refers to number of years of experience as a faculty member in professional industries outside teaching, serving in managerial, technical, skilled, support, or administrative staff positions.
   b. Points shall be awarded for every full year of industry experience. Proportionate points shall also be granted for fractional years of service, based on the equivalent number of months rendered.

ARTICLE IV
AUTOMATIC ONE SUB-RANK RECLASSIFICATION

Section 45. Completion of a Doctorate Degree

A faculty member holding an academic rank from Instructor I to Associate Professor IV shall be automatically granted one (1) sub-rank reclassification upon the successful completion of their first doctoral degree within the designated evaluation period, subject to the conditions prescribed under these guidelines. This provision shall not apply to faculty members holding the rank of Associate Professor V or any Full Professor rank.

1. Conditions for the Automatic One Sub-Rank for Earned Doctorate Degree
   The following conditions shall govern the grant of an automatic one (1) sub-rank reclassification for faculty members who have successfully earned a doctorate degree:

   a. The earned doctorate degree must be vertically aligned with, or in an allied field to, the faculty member's master's degree. Doctorate degrees that do not meet this requirement shall be ineligible for the automatic one (1) sub-rank reclassification but may still be credited with points under Section 40 of these Guidelines.
   b. Only the first earned doctorate degree shall be eligible for the automatic one (1) sub-rank reclassification. Subsequent doctorate degrees shall no longer qualify for this privilege but may still be credited with points under Section 40 of these Guidelines.
   c. The degree must be obtained from any of the following HEIs:

      i. Philippine HEIs:

         - Private HEIs granted Autonomous or Deregulated status by CHED;
         - SUCs with at least a Level III classification;
         - Public or private HEIs included in the Top 1,000 world universities as ranked by Quacquarelli Symonds (QS), Times Higher Education (THE), or World's Universities with Real Impact (WURI); or
         - HEIs whose department offering the doctorate degree program has been designated by CHED as a Center of Excellence (COE) or Center of Development (COD).

      ii. Foreign HEIs (whether through regular or transnational education modes):
      In general, both the foreign HEI and the doctorate degree program must be duly accredited or recognized by the Ministry of Education or its equivalent authority in the country of origin. In addition, the HEI must satisfy at least one (1) of the following criteria:

         - Included in the Top 1,000 world universities (QS, THE, or WURI rankings);
         - Included in the Top 500 universities of its national ranking, as officially recognized by the country's Ministry of Education or its equivalent authority;

- Granted a rating of at least four (4) stars under the QS Star Rating System;
- The doctorate degree program and the HEI are accredited or recognized under the CHED Foreign Scholarship and Training Program or other similar CHED-administered programs; or
- The program and HEI are accredited or recognized by the CHED International Affairs Staff (IAS) through special accreditation or other applicable forms of recognition, on a case-by-case basis.

Note: The above ranking and rating requirements shall be subject to periodic review and updating by CHED, as may be deemed necessary.

d. The required accreditation, recognition, designation, ranking, or rating must be valid and in effect during the faculty member's period of study in the institution. This means the HEI must either:

i. Already possess the required status at the time of the faculty member's admission and maintain it until graduation; or
ii. Acquire the required status while the faculty member is enrolled and maintain it until graduation.

d. Faculty members who earn a doctorate degree from HEIs that do not meet the foregoing criteria shall be ineligible for the automatic one (1) sub-rank reclassification, but may still be credited with points under Section 40 of these Guidelines. Meanwhile, faculty members granted the automatic one (1) sub-rank reclassification shall no longer be eligible to earn points under Section 40.

2. **Automatic One (1) Sub-Rank Reclassification Guidelines**

a. The automatic one (1) sub-rank reclassification for an earned doctorate degree shall be applied first to the faculty member's current academic rank (base rank), as indicated in the appointment papers, before the application of any additional sub-rank increases based on the total points earned under these Guidelines.
b. Once the automatic one (1) sub-rank is granted, it shall become the new base rank from which additional sub-rank increases, based on total points earned, will be applied.
c. If the combined effect of the automatic one (1) sub-rank and the additional sub-rank increases based on total points results in promotion to a higher academic rank, a recomputation of points shall be made using the weights applicable to the higher academic rank.
d. If the combined effect of the automatic one (1) sub-rank and the additional sub-rank increases based on the total points results in promotion to a Professor rank, and the recomputation still supports such reclassification, the faculty member must pass the required Professorial Accreditation to be reclassified to the Professor rank. Otherwise, the faculty member shall be reclassified only up to Associate Professor V.

Section 46. Prestigious Awards and Recognitions

This provision covers prestigious recognitions conferred by reputable organizations for exceptional and impactful contributions, distinct from the awards described in Section 43 of these Guidelines. Such awards represent the highest level of achievement, anchored on a rigorous, expert-driven selection process and the awarding body's longstanding credibility. They serve to celebrate excellence, inspire others, and significantly enhance the recipient's profile and influence.

1. Conditions for the Automatic One (1) Sub-Rank for Awards and Recognitions Received.

   The following conditions shall govern the grant of an automatic one (1) sub-rank reclassification for faculty members who receive prestigious awards and recognitions:

   a. The award or recognition must be directly aligned with the faculty member's field of specialization.
   b. Compared to the awards and recognitions stipulated in Section 43, these are distinguished by their high level of prestige, competitiveness, and merit-based selection, conferred only by reputable organizations as evidenced by the following requirements

      i. Requirements for the Award or Recognition

	Requirement	Possible Documentary
1.	No payment of nomination, selection, or acceptance fees required	Award guidelines or notices explicitly stating no fees; official communication from the organizer confirming the policy
2.	Awards must be national or international in scope and open to all qualified nominees or applicants.	Award guidelines or official calls for nominations indicating national or international coverage and eligibility criteria.
3.	Awards shall not be conditional on publication, membership, sponsorships, advertisements, or purchases.	Award guidelines or declarations clarifying basis of selection; financial or policy statements confirming no conditions tied to publication, membership, sponsorship, advertisements, or purchase
4.	Selection criteria and eligibility requirements are publicly available	Official award guidelines, call for nominations, or webpage screenshots showing criteria and requirements
5.	Selection process includes screening, validation, evaluation and review by a panel of judges	Documentation of the selection/evaluation process
6.	Judges are subject matter experts with verifiable credentials publicly announced	Published (printed or online) official list of judges and their organizational affiliations;
7.	Public announcement and formal recognition of awardees is made	Copy of the official award announcement, press releases, or program documentation

ii. Requirements for the Awarding Organization

	Requirement	Possible Documentary
1.	The awarding body must be duly registered with the appropriate government or regulatory body and recognized as a legitimate non-profit organization.	Certificate of Registration (e.g., SEC, DTI, or CDA), articles of incorporation, or business permit explicitly stating non-profit or professional status.
2.	The award or recognition must be clearly aligned with the organization's declared mission, vision, objectives (MVO), and programs. Preferably, the authority or mandate to grant such awards should be explicitly reflected in the organization's charter, VMO, or policy documents.	Copy of the organization's mission and vision statements, strategic plan, or official charter/program overview showing alignment with and authority to confer the award.
3.	The organization must demonstrate a consistent and credible track record of conferring awards for at least ten (10) years, with ceremonies and recipients properly documented.	List of awardees for each year, event programs, official announcements, press releases, photos, or videos of past ceremonies.
4.	Consistent track record of conferring awards for at least 10 years, with well-documented ceremonies	List of previous awardees, event programs, press releases, photos, or videos of past ceremonies

2. Examples of Prestigious Awards and Recognitions available for Faculty Members

Locally based Awards

Name of the Award	Event	Awarding Organization
Ramon Magsaysay Awards	Ramon Magsaysay Awards Presentation Ceremonies	Ramon Magsaysay Award Foundation
Metrobank Foundation Outstanding Filipino Award for Teachers	Metrobank Foundation Outstanding Filipinos Conferment Ceremony	Metrobank Foundation
Carlos Palanca Memorial Awards for Literature	Palanca Awards Ceremony	Carlos Palanca Foundation, Inc.
Order of National Artists	Conferment of the Order of National Artist	National Commission for Culture and the Arts (NCCA) and Cultural Center of the Philippines (CCP)

ARTICLE V
ETHICAL STANDARDS AND ACCOUNTABILTY IN FACULTY RECLASSIFATION

Section 47. Guiding Ethical Principles

1. The integrity of the faculty position reclassification process shall be upheld through honesty, transparency, professionalism, and accountability in declaring contributions, acknowledging collaborators, and securing proper documentation.

2. Any form of misrepresentation, concealment of information, or procedural breach undermines the credibility of the system and is incompatible with the values of academic professionalism.

3. Faculty members, evaluators, and administrators involved in the process shall observe the highest ethical standards in accordance with existing civil service laws, codes of conduct, and institutional policies.

Section 48. Academic Misconduct and Procedural Breaches

1. Plagiarism

a. Faculty members found to have committed plagiarism, whether in whole or in part, in the development of their Instructional Materials (IM) or other scholarly outputs submitted for reclassification shall not be given credit for such output.
b. A written report of the violation shall be transmitted to the SUC President, who shall endorse the case to the SUC Governing Board for appropriate action in accordance with institutional rules and civil service regulations.
c. Repeat offenders may be subject to disqualification from future reclassification applications within a period to be determined by the SUC Governing Board.

2. Misdeclaration of Contributions

a. Any faculty member who:

i. falsely declares their percentage of contribution;
ii. fails to disclose all contributors;
iii. modifies an agreed-upon allocation without proper documentation; or
iv. forges signatures;

shall, if proven, be formally reported to the SUC President, who shall endorse the matter to the SUC Governing Board for appropriate action in accordance with institutional rules and civil service regulations.

b. All documents submitted for evaluation within the affected cycle shall be rendered invalid and shall not be considered in any subsequent evaluation cycle.

3. **Procedural Breaches**

   a. Any faculty member or evaluator who knowingly bypasses prescribed procedures, tampers with evaluation records, or exerts undue influence over evaluators to obtain favorable results shall be subject to disqualification for the affected cycle.
   b. A formal incident report shall be prepared and transmitted to the SUC President for referral to the Governing Board.

4. **Accountability of Evaluators**

   a. Evaluators shall likewise be held accountable for ethical breaches in the performance of their duties, including but not limited to:

      i. deliberate bias, favoritism, or conflict of interest in the evaluation process;
      ii. unauthorized disclosure or misuse of confidential evaluation records;
      iii. tampering with evaluation results; and
      iv. failure to observe due process or prescribed evaluation procedures.

   b. Any such misconduct shall be documented and formally reported:

      i. to the SUC President, in case of members of the IEC members, and
      ii. to the CHED, in the case of members of the Evaluation and Accreditation Committee and the Certification Committee, for appropriate action in accordance with applicable rules and regulations.

Section 49. Reporting and Documentation of Violations

1. All alleged violations shall be documented in writing, supported by evidence, and endorsed to the SUC President, copy furnished the President of the Faculty Association.

2. The SUC President may constitute, where applicable, an ad hoc fact-finding or ethics committee to validate allegations prior to endorsement to the Governing Board.

3. The Governing Board, in consultation with legal counsel, shall determine the appropriate administrative action in accordance with Civil Service Commission (CSC) rules, the SUC's Code of Conduct, and other applicable regulations.

ARTICLE VI
EVALUATION COMMITTEES

Section 50. Institutional Evaluation Committee (IEC)

1. Definition

   The IEC refers to the body within the SUC responsible for conducting the preliminary evaluation, verification, and validation of documents submitted by faculty members in support of their application for position reclassification.

2. Composition

The IEC shall be duly constituted and appointed by the Governing Board of the SUC upon the recommendation of the SUC President, with the following composition:

Chairperson	:	Vice President for Academic Affairs or its equivalent
Members	:	Two (2) Deans who shall be nominated by the SUC's Council of Deans or its equivalent Research Director or its equivalent Extension Director or its equivalent Faculty Association Representative Faculty representative (not an officer of the faculty association)
Secretariat	:	To be constituted by the SUC Representative from Human Resource Management Office shall be part of the Secretariat

The Governing Board may authorize the creation of sub-committees in multi-campus SUCs. Such sub-committees shall report directly to the IEC for consolidation of results and submission.

3. Roles and Responsibilities

The IEC shall:

a. Review, verify, and validate all documents submitted by faculty members in support of their application for reclassification.
b. Ensure that all documents that will be endorsed to the external committees are complete, properly verified, and free from invalid or non-creditable submissions.
c. Verify that the points received by each faculty member are accurately reflected in the Individual Summary Sheet (ISS).
d. Prepare the Overall Summary Sheet (OSS), indicating the validated points and recommended rank of each faculty applicant.
e. Endorse qualified applications to the appropriate evaluation committees as follows:

    i. Regional Evaluation Committee: for faculty members who qualify for reclassification from Instructor up to Associate Professor ranks;
    ii. Evaluation and Accreditation Committee: for faculty members who qualify for reclassification to Professor ranks;
    iii. Certification Committee: for faculty members who qualify for reclassification to College/University Professor ranks.

f. Coordinate with other evaluation committees and relevant offices or centers to ensure smooth flow of information, consistency of standards, and proper endorsement of faculty applications
g. Sit as a member of the REC when their SUC's faculty members are being evaluated.
h. Maintain confidentiality, impartiality, and accountability throughout the evaluation process, ensuring compliance with ethical standards and institutional policies.

Section 51. Regional Evaluation Committee (REC)

1. Definition

   The REC refers to the body constituted by CHED that is responsible for reviewing and validating the documentary submissions of faculty members who qualify for reclassification from Instructor to Associate Professor positions, as initially evaluated, verified, and endorsed by the IEC.

2. Composition:

   The REC shall be duly constituted and appointed by CHED, with following composition:

Chairperson	:	CHED Regional Director
Members	:	At least two (2) higher education experts not connected with any SUC within the region; IEC representative from the SUC whose faculty members are being evaluated (The IEC representative shall sit in the REC only when their faculty is under evaluation).
Secretariat	:	At least two (2) CHEDRO staff members; At least two (2) staff members from the concerned SUC (the SUC secretariat shall provide support only when their faculty is under evaluation).

   The higher education experts shall be selected from a pool of experts trained and appointed by the Commission.

3. Roles and Responsibilities of the REC

   The REC shall:

   a. Review, verify and validate the IEC-endorsed documents submitted by faculty members who qualify for reclassification from Instructor to Associate Professor positions.
   b. Verify the completeness, authenticity, and compliance of submitted documentary requirements with prescribed criteria and guidelines.
   c. Prepare the revised ISS, reflecting the results of the REC's evaluation.
   d. Prepare the revised OSS, indicating the validated points received by each faculty member and their corresponding recommended rank.
   e. Maintain confidentiality, impartiality, and accountability throughout the evaluation process, ensuring compliance with ethical standards and institutional policies.

Section 52. Evaluation and Accreditation Committee (EAC)

1. Definition

   The EAC refers to the body constituted by CHED that is responsible for reviewing and validating the documentary submissions of faculty members who qualify for reclassification to Professor positions, as initially evaluated, verified, and endorsed by the IEC.

The EAC is also in charge of the Professorial Accreditation process, which consists of the evaluation of additional documents and the conduct of the accreditation interview. Faculty members qualifying for reclassification to a Professor position for the first time must successfully undergo and pass this process in order to be formally reclassified to the said rank.

2. Composition:

The EAC shall be duly constituted and appointed by CHED, with the following composition:

Chairperson	:	CHED Central Office Director
Members	:	At least four (4) higher education experts
Secretariat	:	At least two (2) CHEDCO staff members; At least two (2) staff members from the concerned SUC (the SUC secretariat shall provide support only when their faculty is under evaluation).

The higher education experts shall be selected from a pool of experts trained and appointed by the Commission.

3. Zonal Assignments

There shall be five (5) EACs distributed by zone. The chairs of the five (5) EACs shall be CHED Central Office Directors appointed by the Commission.

4. Roles and Responsibilities of the EAC

The EAC shall:

a. Review, verify and validate the IEC-endorsed documents submitted by faculty members who qualify for reclassification to the Professor positions.
b. Verify the completeness, authenticity, and compliance of submitted documentary requirements with prescribed criteria and guidelines.
c. Prepare a revised ISS, reflecting the results of the EAC's evaluation.
d. Conduct documentary screening of additional documents related to the **FIELD OF EXPERTISE** of the faculty for professorial accreditation.
e. Conduct the accreditation interview to faculty members who passed the documentary screening for reclassification to a Professor rank for the first time.
f. Prepare the revised Overall Summary Sheet (OSS), indicating the validated points received by each faculty member and their corresponding recommended rank.
g. Maintain confidentiality, impartiality, and accountability throughout the evaluation and accreditation process, ensuring compliance with ethical standards and institutional policies.

Section 53. Certification Committee (CC)

1. Definition

   The CC refers to the body constituted by CHED that is responsible for reviewing and validating the documentary submissions of faculty members who qualify for reclassification to College or University Professor position, as initially evaluated, verified, and endorsed by the IEC.

   The CC is also in charge of the Certification process, which consists of the evaluation of additional documents and the conduct of the certification interview. Faculty members qualifying for reclassification to a College or University Professor position must successfully undergo and pass this process in order to be formally reclassified to the said rank.

2. Composition:

   The CC shall be duly constituted and appointed by CHED, with the following composition:

Chairperson	:	SUC President to be identified by the Commission
Vice-Chairperson	:	President from a Private HEI
Members	:	At least two (2) higher education experts
Secretariat	:	CHED Office of Institutional Quality Assurance and Governance (OIQAG) Staff

   The higher education experts shall be selected from a pool of experts trained and appointed by the Commission.

3. Roles and Responsibilities of the CC

   The CC shall:

   a. Review and validation of IEC-endorsed documents submitted by faculty members who qualify for reclassification to the College or University Professor position.
   b. Verify the completeness, authenticity, and compliance of submitted documentary requirements with prescribed criteria and guidelines.
   c. Prepare a revised ISS, reflecting the results of the CC's evaluation.
   d. Conduct documentary screening of additional documents related to the **FIELD OF EXPERTISE** of faculty for college or university professor certification.
   e. Conduct the certification interview to faculty members who passed the documentary screening for reclassification to a College or University Professor position.
   f. Prepare the revised OSS, indicating the validated points received by each faculty member and their corresponding recommended rank.
   g. Maintain confidentiality, impartiality, and accountability throughout the evaluation and certification process, ensuring compliance with ethical standards and institutional policies.

ARTICLE VII
DOCUMENTARY VALIDATION PROCESS

Section 54. Submission of Application

1. **General Requirements (For All Applicants)**

   The following required documents shall be submitted to the IEC:

   a. Written request for faculty position reclassification addressed to the SUC President through the IEC;
   b. Duly accomplished Faculty Reclassification Request Form (**Annex B**); and
   c. Hard and soft copies of the supporting documentary evidence;

2. **Additional Requirements for Faculty Members Seeking Initial Reclassification to the Professor Rank**

   This applies to faculty members who, based on their self-assessment, **qualify for reclassification to the Professor rank for the first time**, including those previously **promoted to the Professor rank without undergoing the accreditation process**.

   The following additional documents, specific to their declared field of expertise, shall be submitted to the IEC. *Field of Expertise refers to an area of study or specialization in which the faculty member has demonstrated expertise, supported by educational qualifications, teaching assignments, research outputs, extension activities, and professional practice.*

   a. Accomplished Professorial Accreditation Form (Annex J).
   b. CHED certified, authenticated, verified doctorate degree diploma or transcript of records.
   c. Required Research Publication

      The faculty member shall submit at least one (1) research article relevant to his or her field of expertise, published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, or ASEAN Citation Index), meeting any of the following authorship conditions:

      i. Sole authorship – the article is solely authored by the faculty member; or
      ii. Lead author of a collaborative research – the article is lead-authored by the faculty with co-authors from other universities or recognized international partners.

      The faculty member must also submit additional co-authored research articles published within the last three (3) years in internationally indexed journals (Scopus, Web of Science, or ASEAN Citation Index) relevant to the faculty member's field of expertise as supplementary supporting evidence.

   d. Copy of evidence of accomplishments as a leader in the **field of expertise**.
   e. Evidence of professional and technical assistance rendered to government or non-government agencies.

f. Failure to submit a complete set of required documents within the prescribed period shall result in exclusion from the final list of candidates for the Professorial Accreditation Interview.
g. Non-submission of additional or supplementary documents, where applicable, shall be construed as a waiver of the opportunity to have such documents considered and shall result in the forfeiture of eligibility for reclassification to the Professor rank for that evaluation cycle.

3. Additional Requirements for Existing Accredited Professors

Existing Accredited Professors applying for reclassification or renewal must submit:

a. CHED certified, authenticated, verified doctorate degree diploma or transcript of records.
b. The faculty member shall submit at least one (1) research article relevant to his or her field of expertise, published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, or ASEAN Citation Index), meeting any of the following authorship conditions:

   i. Sole authorship – the article is solely authored by the faculty member; or
   ii. Collaborative authorship – the article is lead-authored by the faculty with co-authors from other universities or recognized international partners

c. Failure to submit the required documents within the prescribed period shall result in disqualification from reclassification, regardless of whether the faculty member meets the minimum points for reclassification in other areas. Submission of a qualified research publication is considered a mandatory requirement.

4. Additional Requirements for Faculty Members Applying for College/University Professor

This provision applies to accredited Professors who, based on their self-assessment, are qualified for reclassification to the College/University Professor rank.

The following additional documents, specific to their declared field of expertise, shall be submitted to the IEC. *Field of Expertise refers to an area of study or specialization in which the faculty member has demonstrated expertise, supported by educational qualifications, teaching assignments, research outputs, extension activities, and professional practice.*

a. Accomplished College/University Professor Certification Form (Annex K).
b. CHED certified, authenticated, verified doctorate degree diploma or transcript of records.
c. Required Research Publication
   The faculty member shall submit at least one (1) research article relevant to his or her field of expertise, published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, or ASEAN Citation Index), meeting any of the following authorship conditions:

i. Sole authorship – the article is solely authored by the faculty member; or
ii. Collaborative authorship – the article is lead-authored by the faculty with co-authors from other universities or recognized international partners

The faculty member must also submit additional co-authored research articles published within the last three (3) years in internationally indexed journals (Scopus, Web of Science, or ASEAN Citation Index) relevant to the faculty member's field of expertise as supplementary supporting evidence.

d. Copy of evidence of accomplishments as a leader in the **field of expertise**.
e. Evidence of professional and technical assistance rendered to government or non-government agencies.
f. Failure to submit a complete set of required documents within the prescribed period shall result in exclusion from the final list of candidates for the College/University Professor Certification Interview.
g. Non-submission of additional or supplementary documents, where applicable, shall be construed as a waiver of the opportunity to have such documents considered and shall result in the forfeiture of eligibility for reclassification to the College/University Professor rank for that evaluation cycle.

Section 55. Mode of Uploading and Evaluating Documents

1. For this cycle, the SUC Faculty Position Reclassification System (SFPRS) or the automated system will be used for the evaluation. The faculty applicant shall encode all claims and upload the corresponding soft copies of the documentary evidence into the system.

2. The SUC Faculty Position Reclassification Excel Forms shall be made available only to SUCs located in areas with poor internet connectivity, as validated and confirmed by the concerned CHED Regional Office. Faculty applicants shall accomplish the Excel forms and provide the link to their supporting documents uploaded in their respective Google Drives in the space provided.

Section 56. Documentary Validation Process

1. Institutional Evaluation

a. IEC shall receive the application documents of faculty members on or before the 31st of July of the last semester of the evaluation period.
b. Things to be considered by the IEC before conducting documentary validation:

	Condition/Situation	IEC Action
1.	The faculty applicant was reclassified to a higher rank in the previous evaluation cycle.	• Conduct preliminary evaluation of submissions and validate the supporting documentary evidence. • Ensure that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
2.	The faculty applicant applied but was NOT reclassified in the previous evaluation cycle.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
3.	The faculty applicant did not apply in the previous cycle.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence.

	Condition/Situation	IEC Action
		• Considers selected documents from the previous evaluation cycle for inclusion in the current evaluation
4.	The faculty was appointed through the SUC merit and promotion system to a higher faculty rank within the evaluation period	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted as part of the application for promotion are NOT included in the current submissions.
5.	There are qualified applicants for the Professor position	• Check if there are still available slots for the Professor position. Section 11.1 of the JC3 provides that the quota for the rank of Professor shall be 20% of the total number of authorized faculty position in a college/university. • IEC informs the applicants about the number of available slots for Professors and explain the possibility of not being given the Professor position even if they pass the professorial accreditation because the quota requirement has already been reached.
6.	There are qualified applicants for the College/University position	• Check if there are still available slots for the College/University Professor. Section 11.2 of the JC3 provides that only one (1) position of the College/University Professor per institution shall be authorized for every cycle, provided that the total of which shall not exceed 5% of the total professor positions in a state college or state university. • IEC informs the applicants if there is available slot for College/University Professors position and explain that only one will be given the College/University Professor position even if they pass the college/university professor certification.

c. IEC shall ensure that all claims are supported by valid documentary evidence; claims without such evidence shall not be credited points.
d. IEC shall establish mechanisms that allow clarificatory questions and agreement with the faculty applicant. No IEC evaluation results shall be forwarded to the next evaluation committees without such agreement.
e. IEC shall prepare the updated Individual Summary Sheet (ISS) using the template provided by CHED and ensure consistency between the points earned and the recommended rank.
f. IEC shall print and sign two (2) copies of the ISS and forwards them to the faculty applicant for signature. The signed ISS shall be returned to the IEC. **(3 copies)**
g. IEC shall prepare four (4) separate Overall Summary Sheets (OSS):

    i. For applicants qualified for reclassification from Instructor to Associate Professor positions;
    ii. For applicants who met the points for Professor positions for the first time, including those promoted via the SUC merit and promotion system but not yet accredited;
    iii. For applicants already holding Professor positions who qualify for reclassification to a higher Professorial rank; and
    iv. For applicants who met the points for College/University Professor.

h. The OSS shall be printed in two (2) copies and signed by all IEC members. **(3 copies)**
i. The IEC shall submit the OSS, together with the attached ISS and, when applicable, the additional documents related to the field of specialization, to the appropriate evaluation committees. **(submit 2 copies and keep 1 copy)**

2. Regional Evaluation

a. The REC shall acknowledge receipt of the application documents, OSS and ISS from faculty applying for Instructor to Associate Professor positions from the IEC.

b. Before evaluating the documents, the REC shall validate the following information:

	Scenario	REC Action
1.	The faculty applicant was reclassified to a higher rank in the previous evaluation cycle.	• Conduct preliminary evaluation of submissions and validate the supporting documentary evidence. • Ensure that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
2.	The faculty applicant applied but was NOT reclassified in the previous evaluation cycle.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
3.	The faculty applicant did not apply in the previous cycle.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Considers selected documents from the previous evaluation cycle for inclusion in the current evaluation
4.	The faculty was appointed through the SUC merit and promotion system to a higher faculty rank within the evaluation period	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted as part of the application for promotion are NOT included in the current submissions.

c. The REC shall validate that all claims are supported by valid documentary evidence; claims without such evidence shall not be credited points. Any changes in points shall be reflected in the validated ISS.

d. For validated ISS with no changes in the points, the REC shall affix their signatures in the space provided.

e. For validated ISS with changes in the points, the REC shall print, sign, and forward two (2) copies of the ISS to the IEC.

f. The IEC shall forward the two (2) copies of the validated ISS to the concerned faculty members and request them to sign either the "Conforme" portion if they agree with the results or the "Acknowledgement" portion if they disagree.

g. In case they disagree:

   i. The faculty shall prepare a justification (Annex L) for each contested item and submit to the IEC. Failure to submit justification within seven (7) working days shall be deemed as acceptance of the results.
   ii. No new evidence shall be accepted, except when submitted to support or clarify previously submitted documents (e.g., to provide missing information such as dates, MOA attachments, or missing pages)
   iii. The IEC shall consolidate and endorse the acknowledged ISS with justifications to the REC.
   iv. The REC shall review the justification and revalidate the results. This revalidation process shall be conducted only once, and the decision of the REC shall be final.
   v. If the justification is accepted by the REC, the ISS shall be revised, reprinted, and resubmitted to the IEC. However, if the justification is not accepted by the REC, the ISS shall be returned to the IEC together with a written explanation.

vi. The IEC shall forward the revalidated ISS and explanation to the concerned faculty members. If the faculty accepts the REC explanation, the faculty shall sign the "Conforme" portion and return the ISS to the IEC. If the faculty still disagrees with the revalidation results, the IEC shall request the faculty to write a notation in the acknowledgement portion of the ISS.

h. The REC shall consolidate all validated and revalidated ISS which includes the following:
   i. Validated ISS without any point deductions
   ii. Validated ISS with point deduction, confirmed by the faculty
   iii. Revalidated ISS, confirmed by the faculty
   iv. Revalidated ISS, still contested by the faculty

i. The REC shall print and sign two (2) copies of the updated OSS based on the validated and revalidated ISS of faculty the members.
j. The REC shall submit one (1) copy of the OSS with the attached ISS to the SUC, through the SUC President, and retain the other copy for its records.
k. The SUC President shall endorse the said documents to the SUC governing board for decision.

3. Evaluation and Accreditation of Professors

a. The EAC shall acknowledge receipt of the application documents, OSS, and ISS from faculty applying for Professor positions from the IEC
b. Before evaluating the documents, the EAC shall validate the following information:

	Scenario	EAC Action
A.	Faculty applicants who qualify for reclassification to the professor rank for the first time	
1.	The faculty applicant was reclassified to a higher rank in the previous evaluation cycle.	• Conduct preliminary evaluation of submissions and validate the supporting documentary evidence. • Ensure that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
2.	The faculty applicant applied in the previous evaluation cycle but was NOT reclassified.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
3.	The faculty applicant did not apply in the previous cycle.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Considers selected documents from the previous evaluation cycle for inclusion in the current evaluation.
4.	The faculty applicant was appointed to a Professor rank through the SUC merit and promotion system but has not yet undergone and passed the professorial accreditation process.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted as part of the application for promotion are NOT included in the current submissions. • Requires faculty to undergo and pass the professorial accreditation.
B.	Existing professors who qualify for reclassification to a higher professor rank	
1.	The faculty applicant was reclassified to a higher rank in the previous evaluation cycle.	• Conduct preliminary evaluation of submissions and validate the supporting documentary evidence. • Ensure that documents submitted in the previous evaluation cycle are NOT included in the current

	Scenario	EAC Action
		submissions.
2.	The faculty applicant applied in the previous evaluation cycle but was NOT reclassified.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Ensures that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
3.	The faculty applicant did not apply in the previous cycle.	• Conducts preliminary evaluation of submissions and validates the supporting documentary evidence. • Considers selected documents from the previous evaluation cycle for inclusion in the current evaluation.

c. The EAC shall validate that all claims are supported by valid documentary evidence; claims without such evidence shall not be credited points. Any changes in points shall be reflected in the validated ISS.
d. For validated ISS with no changes in the points, the EAC shall affix their signatures in the space provided.
e. For validated ISS with changes in the points, the EAC shall print, sign, and forward two (2) copies of the ISS to the IEC.
f. The IEC shall forward the two (2) copies of the validated ISS to the concerned faculty members and request them to sign either the "Conforme" portion if they agree with the results or the "Acknowledgement" portion if they disagree.
g. In case they disagree:

    i. The faculty shall prepare a justification (Annex L) for each contested item and submit to the IEC. Failure to submit justification within seven (7) working days shall be deemed as acceptance of the results.
    ii. No new evidence shall be accepted, except when submitted to support or clarify previously submitted documents (e.g., to provide missing information such as dates, MOA attachments, or missing pages)
    iii. The IEC shall consolidate and endorse the acknowledged ISS with justifications to the EAC.
    iv. The EAC shall review the justification and revalidate the results. This revalidation process shall be conducted only once, and the decision of the EAC shall be final.
    v. If the justification is accepted by the EAC, the ISS shall be revised, reprinted, and resubmitted to the IEC. However, if the justification is not accepted by the EAC, the ISS shall be returned to the IEC together with a written explanation.
    vi. The IEC shall forward the revalidated ISS and explanation to the concerned faculty members. If the faculty accepts the EAC explanation, the faculty shall sign the "Conforme" portion and return the ISS to the IEC. If the faculty still disagrees with the revalidation results, the IEC shall request the faculty to write a notation in the acknowledgement portion of the ISS.

h. The EAC shall consolidate all validated and revalidated ISS which includes the following:

    i. Validated ISS without any point deductions
    ii. Validated ISS with point deduction, confirmed by the faculty
    iii. Revalidated ISS, confirmed by the faculty

iv. Revalidated ISS, still contested by the faculty

i. The EAC shall then categorize the ISS according to the following OSS:

	OSS	Description
1.	OSS - Faculty Who Did Not Qualify For Accreditation	Faculty applicants who did not qualify for reclassification to the Professor rank.
2.	OSS - Existing Professors	Existing professors who were both reclassified and not reclassified to a higher Professor rank.
3.	OSS - Faculty Who Qualified For Accreditation	Faculty applicants who qualified for reclassification to the Professor rank for the first time. This includes those appointed through the Institutional Merit and Promotion System without undergoing the accreditation process, regardless of whether they qualified for a higher professor rank or not.

j. For OSS - Faculty Who Did Not Qualify For Accreditation and OSS - Existing Professors:

i. The EAC shall print and sign two (2) sets of the OSS.
ii. The EAC shall submit one (1) copy of the OSS with the corresponding ISS to the SUC, through the President, and retain one (1) copy for its records.
iii. The SUC President shall endorse the said documents to the SUC governing board for decision.

k. For OSS-Faculty Who Qualified For Accreditation:

i. The EAC shall print one (1) copy of the OSS, which shall serve as the official list of candidates for the Professorial Accreditation Process.
ii. Refer to the Professorial Accreditation Process in Article VI of this JC.

4. Certification of College/University Professors

a. The CC shall acknowledge receipt of the application documents, OSS, and ISS from faculty applying for College/University Professor from the IEC.

b. Before evaluating the documents, the CC shall validate the following information:

	Scenario	CC Action
1.	The faculty applicant was reclassified to a higher rank in the previous evaluation cycle.	• Conducts preliminary evaluation of submissions and validate the supporting documentary evidence. • Ensure that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
2.	The faculty applicant applied in the previous evaluation cycle but was NOT reclassified.	• Conducts preliminary evaluation of submissions and validate the supporting documentary evidence • Ensures that documents submitted in the previous evaluation cycle are NOT included in the current submissions.
3.	The faculty applicant did not apply in the previous cycle.	• Conducts preliminary evaluation of submissions and validate the supporting documentary evidence • Considers selected documents from the previous evaluation cycle for inclusion in the current evaluation.
4.	The faculty applicant was appointed to a Professor rank through the SUC merit and promotion system but has not yet undergone and	• Conducts preliminary evaluation of submissions and validate the supporting documentary evidence • Ensures that documents submitted as part of the application for promotion are NOT included in the current submissions.

	passed the professorial accreditation process.	• Requires faculty to undergo and pass the professorial accreditation first before undergoing college/university professor certification.

c. The CC shall validate that all claims are supported by valid documentary evidence; claims without such evidence shall not be credited points. Any changes in points shall be reflected in the validated ISS.
d. For validated ISS with no changes in the points, the CC shall affix their signatures in the space provided.
e. For validated ISS with changes in the points, the CC shall print, sign, and forward two (2) copies of the ISS to the IEC.
f. The IEC shall forward the two (2) copies of the validated ISS to the concerned faculty members and request them to sign either the "Conforme" portion if they agree with the results or the "Acknowledgement" portion if they disagree.
g. In case they disagree:

    i. The faculty shall prepare a justification (Annex L) for each contested item and submit to the IEC. Failure to submit justification within seven (7) working days shall be deemed as acceptance of the results.
    ii. No new evidence shall be accepted, except when submitted to support or clarify previously submitted documents (e.g., to provide missing information such as dates, MOA attachments, or missing pages)
    iii. The IEC shall consolidate and endorse the acknowledged ISS with justifications to the CC.
    iv. The CC shall review the justification and revalidate the results. This revalidation process shall be conducted only once, and the decision of the CC shall be final.
    v. If the justification is accepted by the CC, the ISS shall be revised, reprinted, and resubmitted to the IEC. However, if the justification is not accepted by the CC, the ISS shall be returned to the IEC together with a written explanation.
    vi. The IEC shall forward the revalidated ISS and explanation to the concerned faculty members. If the faculty accepts the CC explanation, the faculty shall sign the "Conforme" portion and return the ISS to the IEC. If the faculty still disagrees with the revalidation results, the IEC shall request the faculty to write a notation in the acknowledgement portion of the ISS.

h. The CC shall consolidate all validated and revalidated ISS which includes the following:

    i. Validated ISS without any point deductions
    ii. Validated ISS with point deduction, confirmed by the faculty
    iii. Revalidated ISS, confirmed by the faculty
    iv. Revalidated ISS, still contested by the faculty

i. The CC shall then categorize the ISS according to the following OSS:

    i. OSS - Faculty Who Did Not Qualify for Certification
    ii. OSS - Faculty Who Qualified for Certification

j. For OSS - Faculty Who Did Not Qualify for Certification:

i. The CC shall print and sign two (2) sets of the OSS.
ii. The CC shall submit one (1) copy of the OSS with the corresponding ISS to the SUC, through the President, and retain one (1) copy for its records.
iii. The SUC President shall endorse the said documents to the SUC governing board for decision.

k. For OSS – Faculty Who Qualified for Certification:

i. The CC shall print one (1) copy of the OSS, which shall serve as the official list of candidates for the College/University Professor Certification Process.
ii. Refer to the Certification Process in Article IX of these Guidelines.

ARTICLE VIII
PROFESSORIAL ACCREDITATION PROCESS

Section 57. Phase I – Documentary Screening

1. The EAC shall constitute a Preliminary Evaluation Committee (PEC), composed of subject matter experts, which shall conduct the screening of the additional documents pertaining to the declared field of expertise of the faculty member applying for professorial accreditation.

2. The PEC shall verify the completeness of the submitted documents. Incomplete submissions shall result in disqualification and shall automatically be recommended to the Associate Professor V position.

The required documents are as follows:

a. Accomplished Professorial Accreditation Form (Template).
b. CHED certified, authenticated, verified doctorate degree diploma or transcript of records.
c. Copy of a recently solely authored research article published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index) relevant to the faculty member's field of expertise; or, in the case of a collaborative publication, evidence of lead authorship with co-authors from other universities or recognized international partners;
d. Copy of co-authored research articles published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index) relevant to the faculty member's field of expertise; or, in the case of a collaborative publication, evidence of co-authorship with co-authors from other universities or recognized international partners;
e. Copy of evidence of accomplishments as a leader in the field of expertise (prof org, extension, research).
f. Evidence of professional and technical assistance rendered to government or non-government agencies.

3. The PEC shall validate if the faculty meets the minimum educational qualifications for a professor (an earned doctorate degree). Faculty members who fail to meet this requirement shall result in disqualification from proceeding with the accreditation process and shall automatically be recommended to the Associate Professor V position.

4. The PEC shall also validate the faculty member's compliance with the research publication requirement, specifically: (a) a solely authored research article published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index); or (b) a lead-authored collaborative research article with co-authors from other universities or recognized international partners, likewise published in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index), with contributions for both that are aligned with the faculty's field of expertise. Failure to submit a research publication that meets the aforementioned qualifications shall also result in disqualification from proceeding with the accreditation process and shall automatically be recommended to the Associate Professor V position.

5. After verifying the completeness of documents, compliance with the educational qualifications, and fulfillment of the research publication requirement, the PEC shall evaluate the alignment of the faculty's accomplishments with their field of expertise using a prescribed form.

6. The PEC shall submit the results of their documentary screening to the respective EAC.

7. The EAC shall notify the SUC on the faculty members who passed the documentary screening that will proceed to the accreditation interview and those who did not qualify with the corresponding reasons for disqualification.

Section 58. Phase II – Accreditation Interview

1. The EAC shall schedule and notify qualified faculty members for their interview. No faculty member shall be reclassified to the Professor rank unless they have successfully passed the Professorial Accreditation process. Faculty members who choose to waive their participation in the accreditation process shall forfeit their eligibility for reclassification to the Professor rank for that evaluation cycle.

2. The EAC shall conduct an interview session with each qualified faculty member. The questions shall be based on the documents submitted by the faculty, as well as other relevant information related to their field of expertise and the accreditation criteria. The criteria and their corresponding weights are as follows:

	Criteria	**Weight**
a)	Depth and breadth of area of expertise	40%
b)	General knowledge/current issues/general issues	15%
c)	Communication skills/articulation of conceptual ideas/ability to express	10%
d)	Leadership ability to influence people	10%
e)	Professional and technical assistance to government and non-government agencies	25%
	Total	**100%**

3. The accreditation interview shall begin with a short presentation by the faculty member (maximum of 5 minutes). The presentation shall highlight their accomplishments in instruction, research, extension, as well as their major contributions to their field of expertise during the past three (3) years that justify their application for the professorial rank.

4. After the interview, the EAC shall deliberate on the results and accomplish the prescribed evaluation form (with rubrics) to be developed by CHED. Each committee member shall individually complete the evaluation form and indicate their final rating.

5. The ratings of all EAC members shall then be averaged to obtain the overall final rating. A faculty member shall be considered "Accredited" if they obtain an overall final rating of 85% and above, with no rating lower than 75% from any of the EAC members. A faculty member shall be considered "Not Accredited" if they obtain an overall rating of below 85% or a rating lower than 75% from any of the EAC members.

6. The faculty member who successfully passes the accreditation process shall be issued an Accreditation Certificate by CHED. A faculty member who does not pass the accreditation process shall be deemed not accredited, and shall either be recommended for reclassification or retained at the Associate Professor V position, and shall be provided with the official results of the accreditation process.

7. The decision of the EAC on accreditation results shall be final and non-appealable. However, to promote transparency, consistency, and fairness in the evaluation process, rubrics will be introduced. The results, together with corresponding feedback, will also be provided to the applicant.

8. The EAC shall print and sign two (2) sets of the updated OSS.

9. The EAC shall submit one (1) copy of OSS with the corresponding ISS to the SUC, through the President, and retain one (1) copy for its records.

10. The SUC President shall endorse the said documents to the SUC governing board for decision.

ARTICLE IX
COLLEGE/UNIVERSITY PROFESSOR CERTIFICATION PROCESS

Section 59. Phase I – Documentary Screening

1. The CC shall constitute a PEC, composed of subject matter experts, which shall conduct the screening of the additional documents pertaining to the declared field of expertise of the faculty member applying for college/university professor certification.

2. The PEC shall verify the completeness of the submitted documents. Incomplete submissions shall result in disqualification and shall automatically be recommended to the Professor VI position.

The required documents are as follows:

a. Accomplished College/University Professor Certification Form (Template)
b. CHED certified, authenticated, verified doctorate degree diploma or transcript of records.
c. Copy of a recently solely authored research articles published within the last five (5) years in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index) relevant to the faculty member's field of expertise; or, in the case of a collaborative publication, evidence of lead authorship with co-authors from other universities or recognized international partners;
d. Copy of co-authored research article published within the last five (5) years in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index) relevant to the faculty member's field of expertise; or, in the case of a collaborative publication, evidence of co-authorship with co-authors from other universities or recognized international partners;
e. Copy of evidence of accomplishments as a leader in the field of expertise (prof org, extension, research).
f. Evidence of professional and technical assistance rendered to government or non-government agencies.

3. The PEC shall validate if the faculty meets the minimum educational qualifications for a college/university professor (an earned doctorate degree). Faculty members who fail to meet this requirement shall result in disqualification from proceeding with the certification process and shall automatically be recommended to the Professor VI position.

4. The PEC shall also validate the faculty member's compliance with the research publication requirement, specifically: (a) a solely authored research article published within the last three (3) years in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index); or (b) a lead-authored collaborative research article with co-authors from other universities or recognized international partners, likewise published in an internationally indexed journal (Scopus, Web of Science, ASEAN Citation Index), with contributions for both that are aligned with the faculty's field of expertise. Failure to submit a research publication that meets the aforementioned qualifications shall also result in disqualification from proceeding with the accreditation process and shall automatically be recommended to the Professor VI position.

5. After verifying the completeness of documents, compliance with the educational qualifications, and fulfillment of the research publication requirement, the PEC shall evaluate the alignment of the faculty's accomplishments with their field of expertise using a prescribed form.

6. The PEC shall submit the results of their documentary screening to the CC.

7. The CC shall notify the SUC on the faculty members who passed the documentary screening that will proceed to the certification interview and those who did not qualify with the corresponding reasons for disqualification.

Section 60. Phase II – Certification Interview

1. The CC shall schedule and notify qualified faculty members for their interview. No faculty member shall be reclassified to the College/University Professor rank unless they have successfully passed the College/University Professor Certification Process. Faculty members who choose to waive their participation in the certification process shall forfeit their eligibility for reclassification to the College/University Professor rank for that evaluation cycle.

2. The CC shall conduct an interview session with each qualified faculty member. The questions shall be based on the documents submitted by the faculty, as well as other relevant information related to their field of expertise and the certification criteria. The criteria and their corresponding weights are as follows:

Criteria		Weight
a)	Leadership ability to influence people	25%
b)	Professional and technical assistance to government and non-government agencies	25%
c)	Depth and breadth of area of expertise	50%
Total		**100%**

3. The certification interview shall begin with a short presentation by the faculty member (maximum of 5 minutes). The presentation shall highlight their accomplishments in instruction, research, extension, as well as their major contributions to their field of expertise during the past five (5) years that justify their application for the college/university professor rank.

4. After the interview, the CC shall deliberate on the results and accomplish the prescribed evaluation form (with rubrics) to be developed by CHED. Each committee member shall individually complete the evaluation form and indicate their final rating.

5. The ratings of all CC members shall then be averaged to obtain the overall final rating. A faculty member shall be considered "Certified" if they obtain an overall final rating of 85% and above, with no rating lower than 80% from any of the CC members. A faculty member shall be considered "Not Certified" if they obtain an overall rating of below 85% or a rating lower than 80% from any of the CC members.

6. The faculty member who successfully passes the certification process shall be issued a College/University Professor Certification by CHED. A faculty member who does not pass the certification process shall be deemed not certified, and shall either be recommended for reclassification or retained at the Professor VI position, and shall be provided with the official results of the certification process.

7. The decision of the CC on the certification results shall be final and non-appealable. However, to promote transparency, consistency, and fairness in the evaluation process, rubrics will be introduced. The results, together with corresponding feedback, will also be provided to the applicant.

8. The CC shall print and sign two (2) sets of the updated OSS.

9. The EAC shall submit one (1) copy of OSS with the corresponding ISS to the SUC, through the President, and retain one (1) copy for its records.

10. The SUC President shall endorse the said documents to the SUC governing board for decision.

ARTICLE X
APPROVAL OF RECLASSIFED FACULTY POSITIONS

Section 61. SUC Governing Board

1. The respective SUC governing boards shall convene a special meeting to deliberate and act on the recommended evaluation results submitted by the REC, EAC and CC.

   a. For REC Recommendations

      i. The SUC president shall present the REC-validated OSS with recommendations to the SUC governing board.
      ii. The SUC governing board may decide whether to accept or amend the REC recommendations, by virtue of the powers granted under their respective charters and Republic Act (RA) 8292, also known as the *Higher Education Modernization Act of 1997.*

   b. For EAC Recommendations

      i. The SUC president shall present the EAC-validated OSS with recommendations to the SUC governing board.
      ii. The SUC governing board shall ensure that **only those who passed the professorial accreditation process shall be conferred the rank of Professor**. Faculty who fail the professorial accreditation process shall be assigned to the position of Associate Profession V.
      iii. For faculty who passed the professorial accreditation process, the SUC governing board may decide whether to accept or amend the professorial faculty rank recommended by the EAC, pursuant to the powers vested in them under their respective charters and RA 8292.
      iv. In cases where the number of available slots for the rank of Professor is fewer than the number of accredited faculty members, the SUC governing board shall have the prerogative to set additional qualifications to determine which faculty members will be conferred the rank of Professor and which will be assigned as Associate Professor V, in accordance with the powers granted under their respective charters and RA 8292.

   c. For CC Recommendations

      i. The SUC president shall present the CC-validated OSS with recommendations to the SUC governing board.
      ii. The SUC governing board shall ensure that **only those who passed the College/University Professorial Certification process shall be conferred**

the rank of College/University Professor. Faculty who fail the College/University Professorial Certification process shall be assigned to the position of Professor VI.

iii. In cases where the quota for College/University Professor has not yet been filled but two or more faculty members qualify for certification, the SUC governing board shall have the prerogative to prescribe additional qualifications to determine which faculty member shall be conferred the rank of College/University Professor (limited to one per evaluation period) and which shall be designated as Professor VI, pursuant to the powers vested in them under their respective charters and RA 8292.

iv. In cases where the quota for College/University Professor has already been filled but one or more faculty members pass the certification, such faculty members shall be assigned to the position of Professor VI, pursuant to the powers vested in the SUC governing boards under their respective charters and RA 8292.

2. The actions of the governing board shall be formalized through the issuance of a Board Resolution.

3. The SUC President shall submit the following documents to the DBM Regional Office (DBM RO):

   a. GB Resolution of its final decision on the evaluation results, including faculty members on full-time study leave who qualified for reclassification;
   b. Printout of the Validated Overall Summary Sheet;
   c. Plantilla of Personnel;
   d. Salary Adjustments; and
   e. Funding source as certified by the Chief Accountant and Head of the Agency

4. Upon submission of the formal and complete request and documents from the SUCs, the DBM RO concerned shall evaluate and effect the necessary reclassification actions, including the issuance of the requisite Notice of Organization, Staffing and Compensation Action (NOSCA) for the purpose. Said NOSCA shall serve as the basis of the SUC in the preparation and issuance of the corresponding appointments for submission to the Civil Service Commission (CSC).

   Faculty members on full-time study leave who qualified for reclassification shall be included in the submission to the DBM RO for purposes of evaluation and issuance of the Notice of Organization, Staffing, and Compensation Action (NOSCA). Provided, that for faculty members on full-time study leave, the implementation of the approved new faculty rank and the corresponding salary adjustment shall take effect only upon their actual resumption of duty, in accordance with the applicable provisions of the Civil Service Commission Omnibus Rules on Appointments and Other Human Resource Actions (ORAOHRA).

ARTICLE XI
EVALUATION CENTERS

Section 62. Designation of Regional Centers for REC

1. A **Regional Center (RC)** shall be designated by the Commission for each region. The RC shall serve as the temporary repository of hard copies of application documents of the faculty with ranks from Instructor to Associate Professor, as well as College/University Professor.

2. The RC shall also be the venue for the in-person validation activities of the **REC**.
3. The RC shall be managed by a Secretariat to be designated by the SUC President, composed of at least three (3) staff and the Lead Secretariat.

   The RC Secretariat shall have the following duties and responsibilities:

   a. Receive and securely store the hard copies of the application documents of faculty from all SUCs within the Region. These documents shall be made available to Evaluation Committee members during the on-site validation activities of the REC and CC.
   b. Coordinate with the Secretariats of the IEC, REC, and CC for the schedule of validation activities to be held at the C.
   c. Assist the Secretariats of the REC and CC for the logistics and other necessary arrangements.

Section 63. Location of the RC

The RC shall be based in an SUC within the Region that complies with the following conditions:

1. Adequate and secured storage space for temporarily keeping documents of applicant faculty from all SUCs in the Region.

2. Accessible Transport systems that would enable the members of the evaluation committees to travel to and from during the scheduled evaluation activities.

3. Available secured meeting rooms with computers that have 24-hour access to a strong, reliable internet connection, as well as water and electricity.

Section 64. Designation of Evaluation, Accreditation, and Certification EAC Center for the EAC and CC

1. An **Evaluation, Accreditation, and Certification Center (EAC Center)** shall be designated by the Commission for each Zone identified in Item 3, Section 51 of these Guidelines. The EAC Center shall serve as the temporary repository of hard copies of application documents of faculty applying for the Professor ranks.

2. The EAC Center shall also be the venue for the on-site validation activities of the **EAC**.

3. The EAC Center shall be managed by a Secretariat to be designated by the SUC President, composed of at least three (3) staff and the Lead Secretariat.

   The EAC Center Secretariat shall have the following duties and responsibilities:

   a. Receive and securely store the hard copies of application documents of faculty from all SUCs within the Zone. These documents shall be made available to Committee members during the on-site validation activities of the EAC.
   b. Coordinate with the Secretariats of the IEC and EAC for the schedule of validation activities to be held at the AC.
   c. Assist the Secretariats of the EAC for the logistics and other necessary arrangements.

Section 65. Location of the EAC Centers

The EAC Center shall be based in an SUC within the Zone that complies with the following conditions:

1. Adequate and secured storage space to temporarily keep documents of the applicant faculty from all SUCs in the Zone.

2. Accessible Transport systems that would enable the members of the evaluation committees to travel to and from during the scheduled evaluation activities.

3. Available secured meeting rooms with computers that have 24-hour access to a strong, reliable internet connection, as well as water and electricity.

ARTICLE XII
RECLASSIFICATION FEES AND OTHER EXPENSES

Section 66. Funding Source of Faculty Position Reclassification Process

1. **Reclassification Fee**

   a. SUCs shall shoulder the reclassification fees of their own faculty members as provided in Section 12 of JC3.
   b. The reclassification fee shall cover the honoraria of the evaluation committees and their secretariats for the documentary validation of applications.
   c. It shall also cover the administrative costs incurred by the RC and AC, including document storage, venues for in-person validation, computer use, electricity and other related expenses.

2. **Professorial Accreditation and College/University Professor Certification Fees**

   a. SUCs shall provide financial assistance to subsidize the professorial accreditation and college/university professor certification fees of their faculty members who qualify for the professor and college/university professor positions for the first time, either in full or in part, in accordance with Section 12 of JC3.

b. The professorial accreditation and college/university professor certification fees shall cover the honoraria of the evaluation committees for documentary screening, the committee members who serve as interview panels, and their respective secretariats who facilitate the professorial accreditation and college/university professor certification process.
c. It shall also cover the administrative costs incurred by the ACs, including document storage, venues for in-person interview, electricity and other related expenses.

3. **Transportation, Meals and Accommodation of Committee and Secretariats**

a. The transportation (including daily travel expenses), meals, and accommodation of REC, EAC, PEC, and CC members, as well as their Secretariats, during on-site validations and face-to-face accreditation/certification interviews shall be arranged and paid for by the SUC whose faculty are undergoing validation.
b. The Secretariats of the concerned Committees shall coordinate and make the necessary arrangements with the IEC Secretariat, RC and AC Secretariats, and the SUCs concerned.

ARTICLE XIII
REPORTORIAL REQUIREMENTS

Section 67. Reportorial Requirements of the Evaluation Committees

1. After the issuance of the NOSCA by the DBM RO and the submission of faculty appointments to the Civil Service Commission, each Evaluation Committee shall transmit to the Office of Institutional Quality Assurance and Governance (OIQAG) of the CHED a scanned copy of the duly validated and signed OSS and ISS. This submission shall serve as the official record of the evaluation and reclassification process.

2. Each Evaluation Committee shall likewise prepare and submit to OIQAG a consolidated report indicating:

a. the total number of faculty who applied for reclassification,
b. the number endorsed and approved by the SUC Governing Board, and
c. the number issued a NOSCA by the DBM RO.

ARTICLE XIV
REREALING AND EFFECTIVITY CLAUSE

Section 68. Repealing Clause

All guidelines and issuances or any part therefor that are inconsistent with the provisions of this Enhanced Guidelines are hereby repealed, amended or modified accordingly.

Section 69. Resolution of Cases

Issues and concerns that may arise in the implementation of this JC shall be resolved by the DBM and/or CHED, whichever is applicable.

Section 70. Effectivity Clause

This JC shall take effect immediately after fifteen (15) days of its publication in the Official Gazette or in a newspaper of general circulation.

SGD.
ROLANDO U. TOLEDO
Acting Secretary, DBM

SGD.
SHIRLEY C.AGRUPIS
Chairperson, CHED

Enhanced Implementing Guidelines of DBM-CHED Joint Circular No. 3, series of 2022

LIST OF CRITERIA AND DOCUMENTARY EVIDENCES

CRITERIA	POINTS	REQUIRED EVIDENCE
KRA I - INSTRUCTION	**100**	
Criterion A – **Teaching Effectiveness**	60	
1. Student Evaluation of Teachers (SET)	*36*	**A. From 1st Semester of AY 2023-2024 to 1st Semester of AY 2025-2026** • A duly certified copy of the final student evaluation ratings per term for Teaching Effectiveness using the NBC 461 QCE instrument, including the corresponding transmutation of ratings from the 25-point scale to the 100-point scale. **B. For 2nd Semester of AY 2025-2026** • A duly certified copy of the Faculty Evaluation and Development Acknowledgement Form (FEDAF) for the applicable term (Annex D of CMO No. 19, s. 2025).
2. Supervisor's Evaluation of Faculty (SEF)	*24*	**A. From 1st Semester of AY 2023-2024 to 1st Semester of AY 2025-2026** • A duly certified copy of the final supervisors' evaluation ratings per term for Teaching Effectiveness using the NBC 461 QCE instrument, together with the corresponding transmutation of ratings from the 25-point scale to the 100-point scale. **B. For 2nd Semester of AY 2025-2026** • A duly certified copy of the FEDAF for the applicable term (Annex D of CMO No. 19, s. 2025).
For Faculty with Special Status		**Additional Evidence:**
1. If on **Official Study Leave**		• Copy of the **board-approved study leave** • *See Item 2, Section 10 of the Enhanced Guidelines for the applicable conditions.*
2. If on **Maternity Leave**		• Copy of **approved maternity leave** • *See Item 3, Section 10 of the Enhanced Guidelines for the applicable conditions.*
3. If on **Sabbatical Leave**		• Copy of the **governing board-approved sabbatical leave** • *See Item 4, Section 10 of the Enhanced Guidelines for the applicable conditions*
4. Other Circumstances a. Newly Appointed Faculty b. Teaching in SUC Laboratory Schools		• *See Items 1 and 5, Section 10 of the Enhanced Guidelines for the applicable conditions.*
Criterion B – **Instructional Materials Development**	Max = 30	
1. For every instructional material developed and approved for use.		

CRITERIA	POINTS	REQUIRED EVIDENCE
1.1 Sole Author of a **Textbook** *(See Section 12; and Item 1 of Section 13 of the Enhanced Guidelines for the applicable conditions)*	*30*	**1. Copy of the following pages:** • Cover page or Title page; • Copyright page (if copyrighted); • Table of Contents page; and • About the author page **2.** Copy of the following **evidence of evaluation and approval for use:** • Duly signed evaluation report, resolution, meeting minutes, or other relevant documents **confirming the evaluation of the textbook**; and • Duly signed resolution or certification from the SUC's Instructional Materials Development Committee or its equivalent, **confirming its evaluation and approval for use**. **3.** Copy of the **syllabus or course guide:** • Duly approved by the authorized SUC official; and • The **textbook** is listed in as a reference or course material. **4.** Copy of the **certification from the librarian** confirming that the **textbook** is included in the library holdings. **5. Additional Document for Co-Authorship** • Original copy of the certification of percentage contribution (**Annex C - Certificate of Contribution Form_IM**), signed by all co-authors of the textbook and duly certified by the dean. • *See Item 4, Section 12 of the Enhanced Guidelines for the applicable conditions*
1.2 Sole Author of a **Module** *(See Section 12; and Item 2 of Section 13 of the Enhanced Guidelines for the applicable conditions)*	*16*	1. Copy of the **stand-alone module** or the **complete set of the module** (incomplete set will not be considered). 2. Copy of the following **evidence of evaluation and approval for use:** • Duly signed evaluation report, resolution, meeting minutes, or other relevant documents **confirming the evaluation** of the **module**; and • Duly signed resolution or certification from the SUC's Instructional Materials Development Committee or its equivalent, **confirming its approval for use.** 3. Copy of the **syllabus or course guide:** • Duly approved by the authorized SUC official; and • The **module** is listed in as a reference or course material. 4. Copy of the **certification from the librarian** confirming that the **module** is included in the library holdings. 5. **Additional Document for Co-Authorship** • Original copy of the certification of percentage contribution (**Annex C -**

CRITERIA	POINTS	REQUIRED EVIDENCE
		Certificate of Contribution Form_IM), signed by all co-authors of the module and duly certified by the dean. • *See Item 4, Section 12 of the Enhanced Guidelines for the applicable conditions*
1.3 Sole Author of **Instructional Manual** *(See Section 12; and Item 3 of Section 13 of the Enhanced Guidelines for the applicable conditions)*	*16*	**1.** Copy of the **stand-alone Instructional Manual** or the **complete set of the Instructional Manual** (incomplete set will not be considered). **2.** Copy of the following **evidence of evaluation and approval for use:** • Duly signed evaluation report, resolution, meeting minutes, or other relevant documents **confirming the evaluation** of the **instructional manual**; and • Duly signed resolution or certification from the SUC's Instructional Materials Development Committee or its equivalent, **confirming its approval for use.** **3.** Copy of the **syllabus or course guide:** • Duly approved by the authorized SUC official; and • The **instructional manual** is listed in as a reference. **4.** Copy of the **certification from the librarian** confirming that the **instructional manual** is included in the library holdings. **5. Additional Document for Co-Authorship** • Original copy of the certification of percentage contribution (**Annex C - Certificate of Contribution Form_IM**), signed by all co-authors of the **instructional manual** and duly certified by the dean. • *See Item 4, Section 12 of the Enhanced Guidelines for the applicable conditions*
1.4 Sole Author of **Multimedia Teaching Materials** *(See Section 12; and Item 4 of Section 13 of the Enhanced Guidelines for the applicable conditions)*	*16*	**1. Copy or access** to the multimedia teaching material; **2.** Evidence of **originality**; Any of the following: • Concept note or instructional design rationale; • Timestamped project files or screenshots from the software used in developing the teaching material, or • Raw source files (e.g. unedited images, audio, or video files). **3.** Evidence of **pedagogical validity**; Any of the following: • Expert review or peer validation; or • *Documented student feedback/evaluation* results. **4.** Copy of the following **evidence of evaluation and approval for use**: • Duly signed evaluation report, resolution, meeting minutes, or other relevant

<table>
<tr><th>CRITERIA</th><th>POINTS</th><th>REQUIRED EVIDENCE</th></tr>
<tr><td></td><td></td><td>documents confirming the evaluation of the multimedia teaching material; and
• Duly signed resolution or certification from the SUC's Instructional Materials Development Committee or its equivalent, confirming its approval for use.
5. Copy of the syllabus or course guide:
• Duly approved by the authorized SUC official; and
• The multimedia teaching material is listed as a reference.
6. Additional Document for Co-Authorship
• Original copy of the certification of percentage contribution (Annex C - Certificate of Contribution Form_IM), signed by all co-authors of the multimedia teaching material and duly certified by the dean.
• See Item 4, Section 12 of the Enhanced Guidelines for the applicable conditions</td></tr>
<tr><td>2. Academic Programs Developed/Revised and Implemented by the SUC
2.1 Lead
2.2 Contributor
(See Section 14 of the Enhanced Guidelines for the applicable conditions)</td><td>10
5</td><td>1. Copy of documentary evidence demonstrating the faculty member's contribution to the development or revision of the academic degree program, as specified under Item 3, Section 14 of the Enhanced Guidelines.
2. Certification signed by the Dean specifying the faculty member's role and level of contribution (e.g. lead proponent or contributing member) in the development of the new academic degree program or the substantial revision of an existing program.
3. Copy of the Academic Council resolution recommending the offering or revision of the academic degree program.
4. Copy of SUC Governing Board resolution approving the offering or revision of the academic degree program.
5. Copy of valid Report on the Result of Preliminary Assessment (RRPA) or Certificate of Program Compliance (COPC), as applicable.</td></tr>
<tr><td>Criterion C – Research Advising and Mentorship Services</td><td>Max = 10</td><td></td></tr>
<tr><td>1. Research-Related Services
For every service rendered as adviser or panel member in undergraduate and master's theses, special/capstone project, or doctoral dissertations
1.1 Adviser
1.2 Panel
(See Item 1, Section 15 of the Enhanced Guidelines for the applicable conditions)</td><td>SP - Special Project
CP - Capstone Project

• Date of approval
2. Copy of the RRPA or COPC for the academic program in which the faculty member rendered service to the students.</td></tr>
<tr><td>2. Mentorship Services</td><td>3</td><td>1. Copy of the designation as mentor/coach</td></tr>
</table>

CRITERIA	POINTS	REQUIRED EVIDENCE
For every service rendered to a student/group of students as a coach/mentor. *(See Item 2, Section 15 of the Enhanced Guidelines for the applicable conditions)*		for a student or a group of students; 2. Copy of the **award/certificate** or **photo** of the trophy, plaque or medal received by student/s mentored/coached; 3. Copy of the **mechanics of the award or competition**, which also indicates the major awards or winners; and 4. Document providing **information about the award-giving organization**, including all of the following; • Profile of the organization; • Mandate and purpose of the organization; • History and background (e.g. year established, major milestones); and • List of previous awardees/winners
KRA II - RESEARCH, INNOVATION AND/OR CREATIVE WORK	**100**	
Criterion A – **Research Outputs Published**	Max = 100	
1. Sole Author of an **Academic Book** *(See Section 18; and Item 1 of Section 19 of the Enhanced Guidelines for the applicable conditions)*	*100*	1. Copy of the following pages of the Academic Book: • Cover or Title page; • Copyright page; • Table of Contents; • About the author page; • Page(s) indicating the name of the publisher, year of publication; and ISBN or equivalent identifier. *Note: If the academic book is available online, a working access link may also be provided.* 2. Copy of the **publisher's guidelines** outlining the **peer-review process**; and 3. Copy of evidence that the **book underwent a peer-review process** prior to publication. 4. **Additional Document for Co-Authorship** • Original copy of the certification of percentage contribution (**Annex D - Certificate of Contribution Form_Research Output**), signed by all co-authors of the **academic book** and duly certified by the research director. • *See Item 4, Section 18 of the Enhanced Guidelines for the applicable conditions*
2. Sole Author of **Edited Academic Book Chapter** *(See Section 18; and Item 2 of Section 19 of the Enhanced Guidelines for the applicable conditions)*	*35*	1. Copy of the following pages of the Edited Academic Book Chapter: • Cover or Title page; • Copyright page • Table of Contents • Page(s) indicating the name of the publisher, year of publication, and ISBN or equivalent identifier. *Note: If the edited academic book is available online, a working access link may also be provided.* 2. **Full text of the chapter** authored by the faculty; 3. Copy of the **publisher's editorial policy**

CRITERIA	POINTS	REQUIRED EVIDENCE
		describing its editorial process, including the review steps for edited academic books; and 4. Copy of evidence that the academic book **underwent editing process** prior to publication. 5. **Additional Document for Co-Authorship** • Original copy of the certification of percentage contribution (**Annex D - Certificate of Contribution Form_Research Output**), signed by all co-authors of the **Edited Academic Book Chapter** and duly certified by the research director. • *See Item 4, Section 18 of the Enhanced Guidelines for the applicable conditions*
3. Sole Author of a **Journal Article** *(See Section 18; and Item 3 of Section 19 of the Enhanced Guidelines for the applicable conditions)*	*50*	1. Copy of the **published journal article**, either as a **scanned copy of the printed version** from an internationally indexed journal or a link to the online publication; 2. **Certification from the research director** confirming that the journal was actively **indexed in Scopus, Web of Science (WoS), or the ASEAN Citation Index (ACI)**, at the time of publication. 3. For Journals in **Filipino**, see **item 3(e), Section 19 for specific requirements**. *Note: For research articles whose subject matter appears unrelated to the journal title (e.g., a study on the economic impact of digital fraud published in a journal on early childhood), please provide information on the journal's scope or the topics it covers.* 4. **Additional Document for Co-Authorship** • Original copy of the certification of *percentage contribution* (**Annex D - Certificate of Contribution Form_Research Output**), signed by all co-authors of the **journal article** and duly certified by the research director. • *See Item 4, Section 18 of the Enhanced Guidelines for the applicable conditions*
4. Sole Author of **Academic Monograph** *(See Section 18; and Item 4 of Section 19 of the Enhanced Guidelines for the applicable conditions)*	*100*	1. Copy of the following pages of the Monograph: • Cover or Title page; • Table of Contents; • About the author page; • Page(s) indicating the name of the publisher, year of publication, and ISBN or equivalent identifier. *Note: If the academic monograph is available online, a working access link may also be provided.* 2. Copy of the **publisher's guidelines** outlining the **peer-review process**; and 3. Copy of evidence that the **academic monograph underwent a peer-review process** prior to publication. 4. **Additional Document for Co-Authorship**

CRITERIA	POINTS	REQUIRED EVIDENCE
		• Original copy of the certification of percentage contribution (**Annex D - Certificate of Contribution Form_Research Output**), signed by all co-authors of the **academic monograph** and duly certified by the Research Director. • *See Item 4, Section 18 of the Enhanced Guidelines for the applicable conditions*
5. **Research Outputs Translated** Into Project, Policy, or Product *(See Section 20 of the Enhanced Guidelines for the applicable conditions and the examples provided under item 4(d).)*	Max = 70 *35*	**A. Research output translated into Project** 1. Copy of the **completed research output** that served as basis for the project; 2. Evidence that the research **has been presented, published, or officially submitted** to the concerned SUC, agency, or organization that supported the research; 3. **Description of the project**, including objectives, scope, duration, target beneficiaries, and implementing organization or agency; 4. Copy of the **notarized Memorandum of Agreement (MOA)** between the SUC and the implementing organization or agency. If the project was implemented solely by the SUC, submit a copy of the project proposal approved by the governing board instead; 5. Copy of the **proof of project completion** that clearly shows the completion date. **B. Research output translated into Policy** 1. Copy of the **completed research output** that served as basis for the policy. 2. Evidence that the **research has been presented, published, or officially submitted** to the concerned SUC, agency, or organization that supported the research. 3. Proof of **approval of the policy**, such as • Minutes of meetings • Official issuances or board resolutions • Documentation of dissemination or enforcement 4. Copy of the **approved policy document** such as ordinance, policies, guidelines, circulars, executive orders or republic acts. 5. Documentary **evidence demonstrating *that the research directly informed or* contributed to policy formulation** (e.g., meeting minutes, technical reports, official communications, or similar records). **C. Research output translated into Product** 1. Copy of the **completed research output** that led to the development of the product. 2. Evidence that the **research has been presented, published, or officially submitted** to the concerned SUC, agency, or organization that supported the research.

<table>

3. Supporting Documents per Stage
• For Acceptance of Application
o Copy of Formality Examination Report with no noted defects issued by IPOPHL.
• For Publication
o Copy of the Substantive Examination</td></tr>
</table>

CRITERIA	POINTS	REQUIRED EVIDENCE
		Report **with no noted defects** issued by IPOPHL. • **For Grant** o Copy of Patent Certificate issued by IPOPHL. 4. **Additional Document for Co-Inventorship** • Original copy of the certification of percentage contribution (**Annex F - Certificate of Contribution Form_Intellectual Property**), signed by all co-inventors of the **invention** and duly certified by the Research or its equivalent. • *See Item 1(g), Section 23 of the Enhanced Guidelines for the applicable conditions.*
1.2 Commercialized Patented Product 1.2.1 Local (max = 20) 1.2.2 International (max = 30) *(See Item 2, Section 23 of the Enhanced Guidelines for the applicable conditions)*	*5* *10*	**A. Patented Invention Commercialized by the SUC** 1. **Photo** of the patented product 2. Copy of the **Invention Patent Certificate** issued by IPOPHL. 3. Copy of **Certificate** of **Product Registration** (CPR) or its equivalent from appropriate government agency, depending on the type of product. 4. Proof of **commercialization**, such as: • Sales invoice or official receipts • Distribution records • Marketing materials 5. Certification from the Research Director; Innovation and Technology Support Office (ITSO); or its equivalent, confirming the patented invention was first commercialized during the evaluation period. **B. Patented Invention Commercialized by a Third Party** 1. **Photo** of the patented product; 2. Copy of the **Invention Patent Certificate** issued by IPOPHL 3. Copy of signed **Licensing Agreement** or **Technology Transfer Agreement.** 4. Proof of commercialization, such as: • Product availability in the market • Marketing materials • Sales or distribution records 5. Certification from the Research Director, Innovation and Technology Support Office or its equivalent, confirming that the patented invention was first commercialized by the institution during the evaluation period.
1.3 Utility Model and Industrial Design 1.3.1 Utility Model 1.3.2 Industrial Design *(See Item 3, Section 23 of the Enhanced Guidelines for the applicable conditions)*	*10* *5*	1. Photo of the Utility Model (UM) or Industrial Design (ID) 2. Copy of Special Order signed by the President (or its equivalent), indicating the names of faculty members involved the UM

CRITERIA	POINTS	REQUIRED EVIDENCE
		or ID. 3. Copy of UM or ID Certificate of Registration issued by IPOPHL. 4. **Additional Document for Co-Inventorship** • Original copy of the certification of percentage contribution (**Annex F - Certificate of Contribution Form_Intellectual Property**), signed by all co-inventors of the **UM/ID** and duly certified by the Research or its equivalent. • *See Item 3(e), Section 23 of the Enhanced Guidelines for the applicable conditions*
2. For every non-patentable product		
2.1 Copyrighted and utilized software products **2.1.1 New Software product** **2.1.2 Updated Software product** *(See Item 1, Section 24 of the Enhanced Guidelines for the applicable conditions)*	*10* *4*	1. **Copy of Special Order** signed by the President or its equivalent, indicating the names of faculty members involved in the development of the software product. 2. **Description or Project Summary** of the Software Product - A one-page overview of the software product, including its objectives, key features, programming language or platform used, and intended users. 3. Copy of the user manual, user design document, or source code documentation of the software product developed by the faculty. 4. Copy of Copyright Certificate of the software product from IPOPHL. 5. Certification from the end-user confirming the actual utilization of the software product. 6. **Additional Document for updated software product** • Description of the substantial new functionalities, features, or modules introduced, which were not present in the previous version. 7. **Additional Document for Co-Developer** • Original copy of the certification of percentage contribution (**Annex G - Certificate of Contribution Form_Software**), signed by all co-developers of the of the **software product** and duly certified by the Research or its equivalent. • *See Item 1(d), Section 24 of the Enhanced Guidelines for the applicable conditions*
2.2 New plant variety or animal breeds developed, or new microbial strains isolated, that are propagated or reproduced *(See Item 2, Section 24 of the Enhanced Guidelines for the applicable conditions)*	*10*	**A. For New Plant/Crop Variety** 1. Photo of the new plant/crop variety 2. Copy of **Certificate of Plant Variety Protection** issued by the National Plant Variety Protection Board (NPVPB) or **Crop Variety Registration Certificate** issued by the National Seed Industry Council (NSIC) 3. Certification from the municipal agriculturist

CRITERIA	POINTS	REQUIRED EVIDENCE
		or its equivalent agency confirming that the new plant/crop variety has been successfully propagated. 4. Photographic documentation or field validation report showing propagation or actual planting of the new plant/crop variety. **B. For Animal Breed** 1. Photo of the new animal breed 2. Copy of **Certification of Breed** issued by a recognized government agency or authority (e.g. Bureau of Animal Industry or equivalent). If no such certification is available, evidence of its novelty must include: • Documentation of the breeding process • Evidence of consistent expression of distinct traits across generations, and • Photographic documentation or report showing the distinguishing characteristics of the breed. 3. Certification from the municipal agriculturist or its equivalent confirming that the breed/species has been bred, spawned, or raised locally. **C. For Microbial Strain** 1. Photo of the strain 2. Copy of Certificate of Deposit issued by the Philippine National Collection of Microorganism (PNCM). 3. Copy of Certification from an independent laboratory (outside the SUC) confirming that the microbial strain has been successfully cultured and validated. **D. Additional Document for Co-Developer** • Original copy of the certification of percentage contribution (**Annex H - Certificate of Contribution Form_ New Cultivars, Breeds and Strains**), signed by all co-developers and duly certified by the Research or its equivalent. • *See Item 2(d), Section 24 of the Enhanced Guidelines for the applicable conditions*
Criterion C – **Creative Works**	Max = 100	
1. For every creative work produced and performed, presented, exhibited, or published.		
1.1 Performing Arts		
1.1.1 Music		
1.1.1.1 Musical Composition (orchestra, band, chamber, ensemble or choral) *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Copy of the **published original musical score** composed by the faculty (digital or scanned copy of the printed version); and/or 2. Copy of **copyright registration** issued by IPOPHL; if available. 3. Proof of **invitation**, **acceptance,** or **official**

CRITERIA	POINTS	REQUIRED EVIDENCE
		selection of the musical score **for performance**; 4. **Proof of first performance** of the original musical score in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues such as: • Flyer, program, or event poster indicating the composition and composer, **and** • Video or audio recording of the *performance or link to online publication* or streaming platform of the performance. 5. Additional Document for Co-composers • Original copy of the certification of percentage contribution (**Annex I - Certificate of Contribution Form_Creative Works**), signed by all co-composers and duly certified by the Dean or its equivalent. • *See Item 3, Section 26 of the Enhanced Guidelines for the applicable conditions*
1.1.1.2 Musical Arrangement (orchestra, band, chamber, ensemble or choral) *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	**A. For Adaptation** 1. Copy of the **published arranged musical score**, clearly **indicating the original work** on which the arrangement or adaptation is based (submitted as a digital file or a scanned copy of the printed version); 2. Proof of **invitation**, **acceptance**, or **official selection** of the musical score for **performance**; 3. **Certification** from the Dean or Program Director confirming the faculty member's role in arranging the musical score; and 4. *Proof of first performance of the musical* arrangement, in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues such as: • Flyer, program, or event poster indicating the arranged work and its arranger, **and** • Video or audio recording of the performance, or link to an online publication or streaming platform of the performance. **B. For Original Arrangement** 1. Copy of the **published original musical score** (digital version or scanned copy of the printed version); 2. Copy of **copyright registration** issued by IPOPHL; 3. Proof of **invitation**, **acceptance**, or **official selection** of the original musical arrangement for performance; 4. Proof of first performance of the musical arrangement (not necessarily by the faculty), in academic recitals, concerts,

CRITERIA	POINTS	REQUIRED EVIDENCE
		musical theatre, music festivals, competitions or professional/public venues such as: • Flyer, program, or event poster indicating the arranged work and its arranger, **and** • Video or audio recording of the performance, and link to an online publication or streaming platform of the performance. **C. Additional Document for Co-arranger** • Original copy of the certification of percentage contribution (**Annex I - Certificate of Contribution Form_Creative Works**), signed by all co-arrangers and duly certified by the Dean or its equivalent. • *See Item 3, Section 26 of the Enhanced Guidelines for the applicable conditions*
1.1.1.3 Musical Performance (vocal or instrumental) *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*10*	1. Proof of **invitation**, **acceptance**, or **official selection** of the faculty member for a musical performance or presentation; 2. Proof of **performance** in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues such as: • Flyer, program, or event poster indicating the name of the performer (faculty) and title(s) of performed piece(s), and • Video or audio recording of the performance (live or studio), or link to an online publication or streaming platform of the performance. 3. Certification from the organizer, conductor, or director confirming participation of the faculty member.
1.1.1.4 Conducting *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*10*	1. Proof of **invitation**, **acceptance**, or **official selection** of the faculty member as conductor of a musical performance; 2. Proof of **performance** in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues such as: • Flyer, program, or event poster indicating the name of the conductor (faculty) and repertoire conducted, and • Video recording of the conducted performance, or link to an online publication or streaming platform of the performance. 3. **Certification** from the event organizer or music director confirming the Faculty member's role as conductor in academic recitals, concerts, musical theatre, music festivals, competitions or professional/public venues.
1.1.1.5 Music Production	*20*	**For Original Work Produced**

CRITERIA	POINTS	REQUIRED EVIDENCE
(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)		1. Copy or link to the **produced music track** with clear identification of the faculty member as producer (e.g., in metadata, credits, or liner notes). 2. Copy of the **copyright registration** issued by IPOPHL for the produced work. 3. **Published release details**, such as: • Streaming link (e.g. Spotify, SoundCloud, Apple Music) • Album release poster, cover art, or official digital release announcement. 4. **Certification** from the **Dean** or its equivalent confirming the faculty member's role and scope of production work (e.g., composing, mixing, mastering, directing sessions).
1.1.2 Dance		
1.1.2.1 Original Choreography *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Copy of the **choreographic notations** or a written description of the concept, structure, music used, and movement vocabulary; 2. Proof of **invitation**, **acceptance**, or **official selection** of the choreography for performance; 3. Proof of first **performance of dance choreography** in a recital, concert, festival, competitions, productions or professional/public venue such as: • recital flyer, concert program, or event poster indicating the faculty member as the choreographer, **and** • Video **recording** of the **full performance** or **rehearsal** of the original choreography, or Link to an online publication or streaming platform of the performance 4. **Certification** from the organizer, director, or artistic coordinator, confirming: • The faculty's role as the choreographer; • The original nature of the work; • The date and context of its presentation 5. Additional Document for Co-choreographer • Original copy of the certification of percentage contribution (**Annex I - Certificate of Contribution Form_Creative Works**), signed by all co-arrangers and duly certified by the Dean or its equivalent. • *See Item 3, Section 26 of the Enhanced Guidelines for the applicable conditions*
1.1.2.2 Dance Performance *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*10*	1. Proof of **dance performance** in academic events, recitals, concerts, festivals, competitions, productions or professional/public venues; • Flyer, program, or event poster indicating the faculty member as one of the performers, **and**

CRITERIA	POINTS	REQUIRED EVIDENCE
		• Video recording of the full performance or rehearsal, or link to an online publication or streaming platform of the performance. 2. **Certification** from the choreographer, artistic director, or department head, confirming: • The faculty's participation as a performer • The date and context of the performance
1.1.3 Theatre		
1.1.3.1 Playwright *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Copy of the **full script** authored by the faculty member (or link to the published script) 2. Copy of the **copyright registration** issued by IPOPHL for the produced work. 3. Proof of **invitation**, **acceptance**, or **official selection** of the script for production. 4. Proof of production such as: • Event program, poster, or brochure showing the play's title and the faculty as playwright, **and** • Video or photo documentation of the staged theatrical production 5. **Certification** from the production director confirming the faculty member's role as playwright and the title of the play.
1.1.3.2 Directing *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Proof of **invitation**, **acceptance**, or **official selection** as the director of the theatrical production; 2. Copy of the event program or production flyer indicating the faculty member as director; 3. Video or photo documentation of the staged theatrical production; and 4. Certification from the production manager confirming the faculty member's role as director and the title of the play.
1.1.3.3 Acting *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Proof of **invitation**, **acceptance**, or **official selection** as an actor of the theatrical production. 2. Event program, playbill, or cast list showing: • The faculty's name and role in the production, and • Title and date of the performance 3. Video or photo documentation of the performance 4. Certification from the director or production manager confirming: • The faculty's participation as an actor, and • The title of the production and context of the performance
1.1.3.4 Production Design *(See Section 26; and Item 1 of Section 27 of the Enhanced Guidelines for the*	*20*	1. Proof of invitation, acceptance, or official selection as the production designer of the theatrical production

CRITERIA	POINTS	REQUIRED EVIDENCE
applicable conditions)		2. Design portfolio or presentation material, such as sketches, models, renderings, or material boards. 3. Photograph or video documentation of the actual set, costume, lighting, or props as realized in the production 4. Event program, brochure, or production notes showing the faculty member credited as production/set/costume/lighting designer 5. Certification from the director or production manager confirming: • The faculty's design role and contribution • The title and context of the production (e.g., recital, festival, academic production, professional staging).
1.2 Visual Arts		
1.2.1 Painting 1.2.2 Drawing 1.2.3 Mixed Media 1.2.4 Sculpture 1.2.5 Photography 1.2.6 Digital Art *(See Section 26; and Item 2 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Photograph of the exhibited creative work, with title, short description, date, and venue of the exhibition. 2. Proof of invitation, acceptance, or official selection as exhibitor. 3. Proof of exhibition such as: • Copy of the exhibition catalog, brochure, or official program listing the faculty member and the exhibited work(s). • Photographic documentation of the creative work as displayed in the exhibition setup. 4. Document providing information about the gallery (e.g., profile, mandate, purpose, history, or background). 5. Certification from the curator or gallery director confirming the faculty member's participation.
1.2.7 Architectural and Interior Designs		
1.1.1.1 Architectural Designs 1.1.1.2 Engineering Designs 1.1.1.3 Interior Design *(See Section 26; and Item 2 of Section 27 of the Enhanced Guidelines for the applicable conditions)*		**A. For Exhibition** 1. Design Proposal or Project Portfolio, including: • Conceptual drawings, technical drawings, and/or renderings • Design rationale or concept paper • Photos or digital models 2. Proof of invitation, acceptance, or official selection as exhibitor. 3. Proof of Exhibition such as: • Exhibition catalog, brochure, or official program listing the faculty member and the exhibited work(s). • Photographic documentation of the designs as displayed in the exhibition setup. 4. Certification of Participation issued by the curator, gallery director, or organizing body, confirming the faculty member's authorship

CRITERIA	POINTS	REQUIRED EVIDENCE
		and participation. 5. Information on the Gallery or Organizing Institution, including: • Profile of the organization • Mandate and purpose of the organization Recognition, accreditation, or professional standing (e.g., year established, affiliations, major projects/events) **B. For Juried** 1. Design Proposal or Project Portfolio, including: • Conceptual drawings, technical drawings, and/or renderings • Design rationale or concept paper • Photos or digital models 2. Proof of Peer/Jury Evaluation such as: • Letter or certificate of acceptance, commendation, shortlisting, or award • Official competition results or formal notice from the organizing body • Exhibition catalog, brochure, or official program listing the faculty's work 3. Documentation of Authorship such as: • Entry form or registration under the faculty member's name • Certification from the organizing body, project chair, or institution confirming authorship. 4. **Information about the Event, Venue, or Organizing Body**, including: • Official name of the competition • Organizing institution or professional body • Date and nature of the peer/juried review or exhibition process
1.3 Film		
1.3.1 Short Films **1.3.2 Feature-Length Films** **1.3.3 Documentary Films** **1.3.4 Experimental Video Art** **1.3.5 Animated Film** *(See Section 26; and Item 2 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. **Copy or working link to the film**, in any of the following formats: • video file or online streaming link (e.g., YouTube, Vimeo, festival platform); or • downloadable digital copy 2. Proof of invitation, acceptance, or official announcement as **entry to the film festival** 3. **Film festival program, screening flyer**, or official announcement showing: • Film title • Name of the faculty member and role (e.g., director, producer, screenwriter, cinematographer) • *Date and venue of screening or premiere* (physical or online) 4. Certification or attestation from the film festival organizer, curator, or screening institution **confirming the faculty member's participation** and credited role.

CRITERIA	POINTS	REQUIRED EVIDENCE
1.4 Literary Publications		
1.4.1 Novel *(See Section 26; and Item 3 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*20*	1. Copy of the **published** and **copyrighted** novel (digital version or scanned copy of the printed version) 2. Copy of the publisher's **guidelines** outlining the **editorial review** and **selection process**; 3. Copy of evidence that the novel underwent **editorial review** and **selection process** prior to publication. 4. Proof of **credibility** or **recognition** of the publisher, such as: o Inclusion in official registries (e.g., NBDB, National Library) o Affiliation with a recognized academic, literary, or cultural institution (e.g., university press) o Record of publishing works by established authors o Receipt of national or international publishing/literary awards o Listing in recognized literary or academic directories/prize lists 5. Additional Document for Co-Authorship • Original copy of the certification of percentage contribution (**Annex I - Certificate of Contribution Form_Creative Works**), signed by all co-authors of the novel and duly certified by the Dean or its equivalent. • *See Item 3, Section 26 of the Enhanced Guidelines for the applicable conditions*
1.4.2 Short story *(See Section 26; and Item 3 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*10*	1. Copy of the anthology, literary magazine or literary journal issue containing the short story 2. Copy of the publisher's guidelines outlining the editorial review and selection process; 3. Copy of evidence that the short story underwent editorial review and selection process prior to publication 4. Proof of credibility or recognition of the publisher, such as: • Profile of the literary journal, magazine, or anthology publisher • Proof of credibility or recognition, such as: o Inclusion in official registries (e.g., NBDB, National Library, ISSN registry) o Affiliation with a recognized academic, literary, or cultural institution (e.g., university press, cultural agency) o History of publishing established authors or recognized works o Recognition or awards 5. Additional Document for Co-Authorship • Original copy of the certification of percentage contribution (**Annex I -**

CRITERIA	POINTS	REQUIRED EVIDENCE
		Certificate of Contribution Form_Creative Works), signed by all co-authors of the short story and duly certified by the Dean or its equivalent. • *See Item 3, Section 26 of the Enhanced Guidelines for the applicable conditions)*
1.4.3 Poetry *(See Section 26; and Item 3 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*2*	1. Copy of the anthology, literary magazine or literary journal issue where the poem was published. 2. Copy of the publisher's guidelines outlining the editorial review and selection process; 3. Copy of evidence that the poem underwent editorial review and selection process prior to publication 4. Proof of credibility or recognition of the publisher, such as: • Profile of the literary journal, magazine, or anthology publisher • Proof of credibility or recognition, such as: o Inclusion in official registries (e.g., NBDB, National Library, ISSN registry) o Affiliation with a recognized academic, literary, or cultural institution (e.g., university press, cultural agency) o History of publishing established authors or recognized works o Recognition/awards received
1.4.4 Literary Essay *(See Section 26; and Item 3 of Section 27 of the Enhanced Guidelines for the applicable conditions)*	*2*	1. Copy of the anthology, literary magazine or literary journal issue where the literary essay was published. 2. Copy of the publisher's guidelines outlining the editorial review and selection process; 3. Copy of evidence that the poem underwent editorial review and selection process prior to publication; and 4. Proof of credibility or recognition of the publisher, such as: • Profile of the literary journal, magazine, or anthology publisher • Proof of credibility or recognition, such as: o Inclusion in official registries (e.g., NBDB, National Library, ISSN registry) o Affiliation with a recognized academic, literary, or cultural institution (e.g., university press, cultural agency) o History of publishing established authors or recognized works o Recognition/awards received
KRA III – EXTENSION SERVICES	**100**	
Criterion A – **Service to the Institution**	Max = 30	
1. For every successful linkages/ networking/ partnership activity. *(See Section 30 of the Enhanced Guidelines for the applicable conditions)*	*5*	1. Copy of the **approval** document issued by the SUC Board, President, or Chancellor authorizing entry into the partnership.

CRITERIA	POINTS	REQUIRED EVIDENCE
		2. Evidence of Partnership Agreement • Copy of notarized MOA/MOU, clearly indicating the agreed activities, deliverables, and timeline. • If the MOA/MOU does not include specific activities, attach the corresponding project proposal, duly signed by the involved proponents or partner institutions. **3. Evidence of Successful Implementation** • Copy of documents showing that the activities outlined in the MOA/MOU were implemented and officially received or acknowledged by the appropriate SUC office. These may include: o Implementation report, or o Terminal report received by appropriate office of the SUC 4. Certification from the President or the concerned Vice President confirming that the **partnership was initiated and formalized through the initiative of the faculty member**.
2. Total contribution to income generation 2.1. Lead 2.1.1.100,000 and below 2.1.2.100,001 to 500,000 2.1.3.500,000 to 6,000,0000 2.1.4.6,000,001 to 12,000,000 2.1.5.Above 12,000,000 *(See Section 31 of the Enhanced Guidelines for the applicable conditions)* 2.2. Contributor 2.2.1.100,000 and below 2.2.2.100,001 to 500,000 2.2.3.500,000 to 6,000,0000 2.2.4.6,000,001 to 12,000,000 2.2.5.Above 12,000,000 *(See Section 31 of the Enhanced Guidelines for the applicable conditions)*	 *2* *4* *6* *12* *18* *1* *2* *3* *6* *9*	**A. Income from Commercialization** 1. Copy of **financial reports** showing the income generated from the sale or licensing of products or technologies developed by the faculty, certified true and correct by the SUC Accountant. 2. **Certification signed by the Head of the Finance Division** (or equivalent), acknowledging the faculty member's contribution to the commercialization effort and corresponding income generation. **B. Grants received by the SUC from External Funding Agencies (through Project Proposal)** 1. Copy of the **Sub-Allotment Release Order (Sub-ARO)** or equivalent proof of fund transfer from the external funding agency to the SUC's official account. 2. **Certification signed by the Head of the Finance Division** (or equivalent), acknowledging the faculty member's role in securing the grant and corresponding income generation. **C. Income from Industry-Based Projects** 1. Copy of **financial reports** showing the income received by the SUC from projects conducted with industry partners, certified true and correct by the SUC Accountant. 2. Certification signed by the Head of the Finance Division (or equivalent), acknowledging the faculty member's involvement in the project and its contribution to income generation. ***Note: financial reports may be redacted to protect***

CRITERIA	POINTS	REQUIRED EVIDENCE
		sensitive information.
Criterion B – **Service to the Community**	Max = 50	
1. Professional/Expertise-based Services		
1.1 For Services in **Accreditation, Evaluation, Assessment Works**, and other related **Educational QA Activities** 1.1.1 Local 1.1.2 International *(See Item 1, Section 33 of the Enhanced Guidelines for the applicable conditions)*	*8* *10*	1. Copy of official **appointment** or designation issued by recognized accrediting agency, associations or government agency, as evaluator, accreditor or assessor of academic programs or institutions of higher learning. 2. **Proof of actual engagement**, such as a travel order, activity report, minutes of meetings, certificate of participation, or acknowledgment letter from the organization. 3. Copy of auth**orization or approval from the SUC President** (or designated official) allowing the faculty member to participate in the external activity. 4. For local and international accrediting agencies not included in the list provided, the **agency's profile** (including its mandate, scope, and accreditation functions) and official website shall be provided for verification.
1.2 **For Services as Judge/ Examiner for local/international research awards and academic competitions** 1.2.1 Research Awards 1.2.2 Academic Competitions *(See Item 2, Section 33 of the Enhanced Guidelines for the applicable conditions)*	*2* *1*	1. Copy of the **official invitation** from the sponsoring organization or agency designating the faculty member as a judge or examiner for the research award or academic competition. 2. Proof of **research award/competition**: • Published announcement of the award or competition • Award or competition guidelines 3. Proof of **actual engagement**, such as: • Certificate of participation or appreciation • Event program or bulletin showing the faculty's name and designation 4. Copy of **authorization or approval from the SUC Presiden**t or concerned Vice President, specifically approving the faculty member's participation. 5. For **non-government organizers**, the following information must be provided: • Profile of the organization • Mandate and purpose • History and background (e.g. year established, major milestones • List of previous awardees / winners (to assess credibility and consistency in recognition). • Official website (if available)

CRITERIA	POINTS	REQUIRED EVIDENCE
1.3 For services rendered as a **short-term consultant/expert** in an activity of an educational, technological, professional, scientific or cultural nature (foreign or local) sponsored by a private organization or government. 1.3.1 Local 1.3.2 International *(See Item 3, Section 33 of the Enhanced Guidelines for the applicable conditions. For peer reviewers, see Item 3(e)*	*8* *10*	1. Copy of **written agreement**, **contract** or **official invitation** with acceptance, clearly indicating the duration and scope of work. **2. Evidence of Engagement** • Certificate of engagement, participation, or completion issued by the sponsoring organization; or • Copy of consultancy report, study, or technical paper prepared by the faculty member. 3. Copy of **authorization from the President/Chancellor or concerned Vice President** of the institution. 4. For non-government organizations or intergovernmental organizations, the following information must be provided: • Profile of the organization • Mandate and purpose • Accreditation, registration, or license (e.g., SEC, DTI, or professional accrediting body, as applicable). • Official website or equivalent online presence for verification.
1.4 For services through media *(See Item 4, Section 33 of the Enhanced Guidelines for the applicable conditions)*		
1.4.1 **Writer of occasional newspaper column** (max = 10)	*2*	1. Copy of compiled **newspaper articles** (maximum of 10 articles) 2. Copy of the corresponding **front page of the newspaper showing the name of the publication and the date of issue** in which each article appeared
1.4.2 **Writer of regular newspaper column**	*10*	1. Copy of **compiled articles of regular column** (maximum of 10 articles) 2. Copy of the corresponding **front page of the newspaper showing the name of the publication and the date of issue** in which each article appeared
1.4.3 **Host of TV/Radio Program**	*10*	1. Copy of **contract**, **invitation letter**, or **similar documents** containing the following information: • Title of the TV/Radio program • Duties and responsibilities • Workplace and hours 2. Copy of **on-air schedule of the radio or TV program.** 3. **Link to the online version of the radio or TV program** (if available)
1.4.4 **Guesting as technical expert for TV or radio program/print media/online media** (max = 10)	*1*	1. Copy of **Invitation letter** as expert; 2. **Evidence of Guesting** such as: • Link to the official online audio/video recording of the interview • Copy of the audio file of the interview • News article or features from the media

CRITERIA	POINTS	REQUIRED EVIDENCE
		outlet's official website quoting or citing the faculty during the interview.
1.5 For every hour of training course, seminar, or workshop conducted in the capacity as **Resource Person, Facilitator, Moderator, Plenary Speaker, or Panelist** 1.5.1 Local 1.5.2 International *(See Item 5, Section 33 of the Enhanced Guidelines for the applicable conditions)*	 *2* *3*	1. Copy of **invitation** indicating the title of the activity, topic assigned, date and venue; 2. Copy of the **program** indicating the **assigned topic** and **allocated time**; 3. Copy of **certificate of appreciation** or **similar document**; and 4. Evidence of **Authorization** • For local engagement: copy of **authorization from the President, Chancellor, Vice President, Campus Director, or Campus Dean of the SUC** • For engagement involving international travel: **Copy of board approval**; • For faculty on approved study leave: No need for authorization
2. Institutional Social Responsibility	Max = 30	
2.1. Extension Project Activities 2.1.1. Lead/Head of Extension Activity 2.1.2. Participant of Extension Activity *(See Section 34 of the Enhanced Guidelines for the applicable conditions)*	 *5* *2*	1. Copy of the **Special Order** or its **equivalent**. Is should list down all the names of faculty members involved in the project and their respective roles and responsibilities; 2. Copy of the SUC board **approved extension project proposal**; 3. **Evidence of performed role in the extension project;** and 4. Copy of **project status/terminal report** duly noted by the Director/Coordinator of extension office
Criterion C – **Relevance and Quality of Extension Services**	Max = 20	
1. Client Satisfaction Rating for Extension Projects *(See Section 35 of the Enhanced Guidelines for the applicable conditions)* ***Note: the Extension Project should have also been declared under Institutional Social Responsibility indicator in Criterion B – Service to the Community in order to be credited.***	*20*	1. **From 1st Semester of AY 2023-24 to 2nd Semester of AY 2024-25** • Copy of summary of client satisfaction rating for outreach/extension projects (instrument prescribed by the SUC) certified by the extension head/director. 2. **For 1st Semester of AY 2025-2026** • SUC may use old instrument prescribed by the SUC or the Extension Project CSS Report prescribed in CMO No. 18, 2025. 3. **For 2nd Semester of AY 2025-2026** • Copy of the Extension Project CSS Report prescribed in CMO No. 18, 2025.
Criterion D – **Bonus Criterion**	Max = 20	

CRITERIA	POINTS	REQUIRED EVIDENCE
		▪ Mandate toward a specific profession, discipline, or designation ▪ International membership coverage ▪ At least ten (10) years of existence o Evidence of annual conventions, conferences, or assemblies held for the past three (3) consecutive years. o Link to the website of the organization 2. Evidence of **Active Participation** in Activities of the Organization such as: • Copy of evidence which indicates the **specific role of the faculty in the activity of the professional organization**. Online activities shall not be considered; and • Copy of **certification from the head of the organization**, indicating the name of the activity, date, and role or assignment of the faculty.
Criterion B – **Continuing Development**	Max = 60	
1. Educational Qualifications 1.1 For every post-master diploma or certificate 1.2 For every post-doctorate diploma or certificate 1.3 For additional master's degree 1.4 For doctorate degree or additional doctorate degree *(See Section 40 of the Enhanced Guidelines for the applicable conditions)*	*10* *10* *20* *40*	1. For **local graduate** degrees: • Duly certified, authenticated, and verified (CAV) copy of the transcript of records. 2. For **International graduate degrees** and certificates earned from foreign HEIs through the faculty's personal financial capacity or through foreign-funded scholarships not facilitated by the SUC: • Copy of **diploma** • Copy of **certificate of equivalency** issued by CHED (required only if the program nomenclature differs from those offered locally) 3. For **International graduate degrees** and certificates **earned through a scholarship facilitated and approved by the SUC**: • Copy of **diploma** • Copy of **scholarship contract**
2. For every attendance in conferences, seminars, workshops, industry immersion 2.1 Local 2.2 International *(See Section 41 of the Enhanced Guidelines for the applicable conditions)*	Max = 10 *1* *2*	**A. For Local and International Capacity Building Activities** 1. Copy of the program of the activity 2. Copy of the certificate of participation 3. Evidence of approval to attend from the SUC president (for local) or the governing board (for international). 4. Additional documents for virtual capacity building activities: • Evidence that the total duration of the activity is more than eight (8) hours; and • Document providing information that the activity was hosted by a reputable organization, including the following: o Profile of the host organization; o Mandate and purpose;

CRITERIA	POINTS	REQUIRED EVIDENCE
		○ History and background of the organization (with at least 10 years of existence); and ○ List of previous capacity building activities conducted. **B. For International Capacity-Building Activities Held in the Philippines that are Co-Organized with an Institution, Organization, or Agency Based Abroad** 1. Copy of the program of the activity 2. Copy of the certificate of participation 3. Evidence that the capacity building activity was co-sponsored by an institution, organization, or agency based abroad. 4. Evidence that at least three (3) countries are represented among the speakers and/or participants. 5. Evidence of approval to attend from the SUC governing board or the president (if authority has been delegated).
3. For every paper presentation in *conferences* 3.1. Local 3.2. International *(See Section 42 of the Enhanced Guidelines for the applicable conditions)*	Max = 10 *3* *5*	**A. For Local and International Conferences** 1. Copy of acceptance or invitation letter from the organizer; 2. Copy of the program of the conference; 3. Copy of certificate of participation as paper presenter; 4. Certification from the Research Director or its equivalent that the paper presented was not from a student's thesis or dissertation; 5. Evidence of approval to present from the SUC governing board (for international) or the president (for local) 6. *Additional documents for virtual capacity* building activities: • Document providing information that conference was hosted by a reputable organization, including the following: ○ Profile of the host organization; ○ Mandate and Purpose; ○ History and Background of the Organization (with at least 10 years of existence); and ○ Details of previous conferences conducted. **B. For international conferences co-organized with an institution, organization, or agency based abroad, but held in the Philippines.** 1. Copy of acceptance or invitation letter from the organizers; 2. Copy of the program of the conference 3. Copy of certificate of participation as paper presenter; 4. Certification from the Research Director or its equivalent that the paper presented was

CRITERIA	POINTS	REQUIRED EVIDENCE
		not derived from a student's thesis or dissertation; 5. Evidence of approval to present from the SUC governing board or the president (if authority has been delegated) ; and 6. Evidence that at least three (3) countries are represented among the speakers and/or participants.
Criterion C – **Awards and Recognition**	Max = 20	
1. For every award of distinction received in recognition of achievement in relevant areas of specialization/ profession and/or assignment of the faculty concerned. 1.1 Institutional 1.2 Local and Regional (City, Municipality, Province) 1.3 National *(See Section 43 of the Enhanced Guidelines for the applicable conditions)*	 *2* *3* *4*	**A. Institutional Awards** 1. Short description of the award; 2. Copy of certificate of recognition/award or photo of the plaque, trophy, medal, or other similar items. 3. Copy of profile of the organization; and 4. Evidence that the Program on Awards and Incentives for Service Excellence (PRAISE) Guidelines of the SUC has been approved by the Civil Service Commission. **B. Local, Regional, National and International Awards** 1. Short description of the award; 2. Copy of certificate of recognition or award, or photo of the plaque, trophy, medal, or other similar items. 3. Copy of criteria and mechanics of the award; 4. Copy of the selection process; and 5. Copy of profile of the award-giving organization which include: • Profile of the organization • *Mandate and purpose* • History and background (e.g. year established, major milestones) • List of Previous Awardees or Winners
*Criterion D – **Additional Points for Newly Appointed Faculty**	Max = 20	
1.1. For every year of full-time academic service in an institution of higher learning as: 1.1 President 1.2 Vice President/ Dean/Director 1.3 Department/ Program Head 1.4 Faculty member *(See Section 44 of the Enhanced Guidelines for the applicable conditions)*	 *5* *4* *3* *2*	1. Evidence of employment such as: • Copy of service record; • Certificate of employment; • Notice of appointment/designation; or • Similar documents 2. Copy of brief job description.

CRITERIA	POINTS	REQUIRED EVIDENCE
1. For Administrative Designation **1.1 Institutional Level** 1.1.1 President or OIC President 1.1.2 Vice-President 1.1.3 Chancellor 1.1.4 Vice-Chancellor 1.1.5 Campus Director/Administrator 1.1.6 Faculty Trustee/Regent 1.1.7 Office Director 1.1.8 University/College Secretary 1.1.9 *Project Head* 1.1.10 Institution-level Committee • Chair • Member 1.1.11 Coordinators **1.2 College/Department Level** 1.2.1 Dean 1.2.2 Associate Dean 1.2.3 College Secretary 1.2.4 Department Head 1.2.5 Program Chair/Project Head 1.2.6 *Department-level Committee* • Chair • Member 1.2.7 Coordinators *(See Section 36 of the Enhanced Guidelines for the applicable conditions)*	 20 15 10 8 8 8 6 6 4 3 2 2 6 5 3 4 3 2 1 1	1. Copy of **appointment** or **designation** with effectivity period; **and** 2. Evidence of **Accomplishment**: • Copy of accomplishment report duly submitted to the authorized immediate supervisor; **or** • For Faculty Trustee/Regent: Copy of annual report of the faculty association. If the organizational structure of the SUC is not aligned with the JC, the Board may determine the equivalent designation and submit a board approved matrix of designation equivalency
KRA IV - PROFESSIONAL DEVELOPMENT	**100**	
Criterion A – **Involvement in Professional Organizations**	Max = 20	
1. Membership and Participation in Registered Professional Organizations and Societies *(See Section 38 of the Enhanced Guidelines for the applicable conditions)*	*5*	1. Evidence of **Membership in Professional Organization aligned with the faculty's specialization** such as: • **For PRC Accredited Professional Organizations (APO)** o Valid Certificate of Membership or ID • **For Established Professional Organizations (Non-APO):** o Valid Certificate of Membership or ID o SEC Registration of the organization o Organizational profile indicating: ▪ Mandate toward a specific profession, discipline, or designation ▪ National membership coverage ▪ At least ten (10) years of existence o Evidence of annual conventions, conferences, or assemblies held for the past three (3) consecutive years. • **For International Professional Organizations:** o Valid Certificate of Membership or ID o Organizational profile indicating:

CRITERIA	POINTS	REQUIRED EVIDENCE
2. For every year of industry experience (non-academic organization) in: 2.1. Managerial/ Supervisory Position 2.2. Technical and Skilled 2.3. Support/Administrative Staff *(See Section 44 of the Enhanced Guidelines for the applicable conditions)*	 4 3 2	1. Evidence of employment such as: • Copy of service record; • Certificate of employment; • Notice of appointment/designation; or • Similar documents 2. Copy of brief job description.

SUC FACULTY POSITION RECLASSIFICATION REQUEST FORM

PERSONAL INFORMATION

LAST NAME :

FIRST NAME, EXT. :

MIDDLE NAME :

APPLICATION FORM FOR PROFESSORIAL CANDIDATE ACCREDITATION
EVALUATION ON PROFESSED FIELD

Instruction:

1. Fill in the *Application Form*. You may download this form here https://tinyurl.com/freclassform.
2. Provide the printed copy of the published research article.
3. For patent, attach the copy of the patent registration.
4. For creative works, attach the original work and/or other supporting documents related to the work.
5. For extension and production projects, attach the necessary original supporting documents.
6. Provide the Google link for all scanned original or certified true copy of evidences.

Name of Candidate	:	
Address	:	
Mobile No.	:	
Email	:	
Landline	:	
Name of SUC	:	
ISS Rating	:	
PROFESSED FIELD OF EXPERTISE	**:**	

PROFESSORIAL ACCREDITATION

CRITERION 1: DEPTH AND BREADTH OF AREA OF EXPERTISE

A. Educational Qualification:

(Baccalaureate to Doctorate Degree, including postdoctoral programs, if applicable)

Degree *(Spell out name of degree)*	Institution	Year Graduated	Link to evidence
(add row if needed)			

Note: *Minimum requirement is a* ***Doctorate degree***

B. Research, Innovation, and Creative Works

B.1. Research Publications *(within the last three years in an internationally-indexed journals such as Scopus, Web of Science, ASEAN Citation Index)*

Article Title	Journal Name	Volume/Issue/Date of Publication	Indexing Body *(Scopus/Web of Science/ACI)*	Link to evidence
(add row if needed)				

Note: *Minimum Requirement: At least one (1) of the following:*

- ***Sole authorship*** *– the article is solely authored by the faculty member.*
- ***Lead author of a collaborative research project*** *– the article is lead-authored by the faculty with co-authors from other universities or recognized international partners*

B.2. Patents

Title	Patent No.	Date Issued	Link to evidence
(add row if needed)			

B.3. Creative Works

Title of Creative Work	Type	Date Published/Performed/ Exhibited	Link to evidence
(add row if needed)			

C. Research-Based Extension Projects *(related to field of expertise)*

Title of Extension Project	Project Duration	Beneficiaries	Significant Contribution	Link to evidence
(add row if needed)				

D. Industry Linkages *(related to field of expertise)*

Industry/Partner	Nature of Linkage/ Partnership	Significant Contribution	Link to evidence
(add row if needed)			

E. National and International Awards *(related to field of expertise)*

Name of Award/Recognition	Award-Giving body	Date Awarded	Activity/Venue	Link to evidence
(add row if needed)				

F. Thesis/Dissertation Supervision

Title of Thesis/ Dissertation	Degree *(Master's/PhD)*	Role *(Adviser/ Co-Adviser)*	Significant Contribution	Link to evidence
(add row if needed)				

CRITERION 2: GENERAL KNOWLEDGE /CURRENT AND GENERAL ISSUES

A. Participation as Speaker, Resource Person, Panelist on National or Global Issues

Name of Event	Role (Speaker, Resource Person, Panelist, etc.)	Topic/Issue	Link to evidence
(add row if needed)			

B. Publications or Opinion Papers on Current Issues

Title of Publication	Type (Article/Opinion Paper)	Issue Addressed	Link to evidence
(add row if needed)			

C. Media Interviews on Current Issues (if applicable)

Media Outlet *(TV/Radio/Newspaper)*	Date of Interview	Issue Discussed	Link to evidence
(add row if needed)			

CRITERION 3: COMMUNICATION SKILLS
(Refer to the publications of the faculty)

CRITERION 4: LEADERSHIP ABILITY

A. Leadership Roles in the Academe

Designation	Level *(Program/Department/ College/University)*	Period of Service	Link to evidence
(add row if needed)			

B. Leadership Roles in the Field or Discipline

Organization	Designation	Significant Contribution	Link to evidence
(add row if needed)			

C. Awards for Leadership

Name of Award/Recognition	Award-Giving Body	Date Awarded	Activity/Venue	Link to evidence
(add row if needed)				

D. Initiatives Led *(policy development, program improvements)*

Policy/Program Title	Type *(Policy Development / Program Improvement)*	Role *(Lead/Co-Lead)*	Description of Initiative	Year Implemented	Link to evidence
(add row if needed)					

E. Mentorship of Junior Faculty and Students

Mentee (Faculty/Student)	Level (Undergraduate/ Master's/PhD Faculty	Mentorship Role	Outputs/ Outcomes	Year(s)	Link to Evidence
(add row if needed)					

CRITERION 5: PROFESSIONAL AND TECHNICAL ASSISTANCE TO GOVERNMENT AND/OR NGOs

A. Membership in National Technical Working Groups, Task Forces and Committees

Organization	Role	Period of Involvement	Specific Significant Contribution	Link to evidence
(add row if needed)				

B. Consultancy Roles

Project/Engagement Title	Duration	Client/ Beneficiaries	Significant Contribution	Link to evidence
(add row if needed)				

C. Policy Formulation Contributions

Project/Project Title	Duration	Agency/ Beneficiaries	Specific Significant Contribution	Link to evidence
(add row if needed)				

D. Capacity building or technical training as expert/resource person

Training Title	Duration	Beneficiaries	Significant Contribution	Link to evidence
(add row if needed)				

Additional Instruction on document preparation:

1. Prepare five (5) folders. The four (4) folders containing the photocopy of the evidences and One (1) folder containing the original copy or the certified true copy of evidences for listed qualifications/achievements on the *Application Form* for onsite validation. Properly label each section in each folder. The Professorial Candidate shall bring all 5 folders on the day of the Candidate's interview.
2. Photo documentation maximum of 2 pages each.
3. Submit this accomplished form together with a Curriculum Vitae maximum of five (5) pages only.

This is to affirm that all the information provided in this document for the purpose of my application for the Professorial Accreditation are all true and correct.

NAME OF SUC: _____
SPECIFY IF EXISTING OR FIRST TIME PROFESSOR _____

INSTRUCTION: Kindly submit the soft copy of this form to the respective IEC Chair of your institution. The IEC shall review the submitted "Reques not accept the said justification/s by the faculty. The IEC shall email all RFRs of all their faculty members to the respective REC/EAC/CC they belo

CRITERIA	Justification	Specify Evidence to Support Justification	Go S
KRA I - INSTRUCTION			
Criterion A – **Teaching Effectiveness**			
1. Faculty Performance			
1.1 Student Evaluation			
1.2 Supervisor's Evaluation			
Criterion B – **Curriculum and IM Developed**			
1. For every IM developed & approved for use			
1.1 Sole author of a textbook			
1.2 Co-author of a textbook			
1.3 Sole author of a textbook chapter			
1.4 Co-author of a textbook chapter			
1.5 Sole author of a manual/module			
1.6 Co-author of a manual/module			
1.7 Multimedia teaching materials			
1.8 Testing Materials			
2. Acad. Progs. developed, revised & implemented			
1.1 Lead Proponent			
1.2 Contributor			
Criterion C – **Special Projects, Capstone Projects, Thesis, Dissertation and Mentorship Services**			
1. For every service rendered as adviser or panel			
1.1 Adviser			
1.2 Panel			
2. For every service rendered as mentor			
KRA II - RESEARCH, INNOV OR CREATIVE WORK			
Criterion A – **Research Outputs Published**			
1. For every scholarly research paper/ educational or technical article and other outputs published in book, and refereed and internationally-indexed monograph, conference proceeding, technical/scientific/ professional journal			
1.1 Sole Author of a Book			
1.2 Co-author of a Book			
1.3 Sole Author of a Journal Article			

CRITERIA	Justification	Specify Evidence to Support Justification	Go S
1.4 Co-author of a Journal Article			
1.5 Sole Author of Book Chapter			
1.6 Co-author of a Book Chapter			
1.7 Sole Author of Monograph			
1.8 Co-author of a Monograph			
1.9 Other Peer-reviewed Scholarly Output			
2. For every research translated into project			
2.1 sole researcher			
2.2 contributor			
3. For every research publication cited			
3.1 Local (max - 40 pts)			
3.2 International (max - 60 pts)			
Criterion B – **Inventions**			
1. For every patented invention, innovation, as well as creative work; of educational, technical, scientific and/or cultural value.			
1.1 Patentable Inventions, UM and ID			
1.1.1 Invention Patent			
· Sole Inventor			
· Co-inventor			
1.1.2 Utility Model			
· Sole Inventor			
· Co-inventor			
1.1.3 Industrial Design			
· Sole Inventor			
· Co-inventor			
1.2 Commercialized Patented Product			
1.2.1 Local			
1.2.2 International			
2. For every non-patentable invention, innovation, as well as creative work; of educational, technical, scientific and/or cultural value.			
2.1 Copyrighted and utilized software products			
2.1.1 New Software products			
· Sole Developer			
· Co-developer			
2.1.2 Updated Software products			
· Sole Developer			
· Co-developer			
2.2 New plant variety or animal breeds developed, or new microbial strains isolated, that are propagated or reproduced			
2.2.1 Sole developer			
2.2.2 Co-developer			
Criterion C – **Creative Works**			
1. For every creative work created, performed, presented, exhibited, and published.			

CRITERIA	Justification	Specify Evidence to Support Justification	Go S
1.1 New Form of Creative Work			
1.2 Creative Performing Artwork			
1.2.1 Performance of own work			
1.2.2 Performance of work of others			
1.3 Exhibition			
1.4 Literary publications			
1.4.1 Novel			
1.4.2 Short story			
1.4.3 Essay			
1.4.4 Poetry			
1.5 Juried or peer-reviewed designs			
KRA III – EXTENSION SERVICES			
Criterion A – **Service to the Institution**			
1. For every successful linkages/networking/ partnership:			
2. Annual contribution in income generation			
Criterion B – **Service to the Community**			
1. Professional/Expertise-based Services			
1.1 For Services in Accreditation, Evaluation, Assessment Works, and other related Educational Quality Assurance Activities			
1.1.1 International			
1.1.2 National			
1.2 For Services as Judge/Examiner for local/ international awards and competitions			
1.2.1 Research Awards			
1.2.2 Academic Competitions			
1.3 For services rendered as a short-term consultant/ expert in an activity of an educational, technological, professional, scientific or cultural nature (foreign or local) sponsored by a private organization or government, or as adjunct faculty			
1.3.1 International			
1.3.2 National			
1.4 For services through media as:			
1.4.1 Occasional newspaper column			
1.4.2 Regular newspaper column			
1.4.3 Host of TV/Radio Program			
1.4.4 Guesting as technical expert for TV or radio program/print media/online media			
1.5 For every hour of training course/ seminar/workshop conducted as Resource Person/Convenor/ Facilitator/ Moderator/Keynote Speaker/ Plenary Speaker/Panelist			
1.5.1 International			

CRITERIA	Justification	Specify Evidence to Support Justification	Go S
1.5.2 National			
2. Institutional Social Responsibility			
2.1 For every service-oriented project in the community participated			
2.1.1 Head of Extension or Production			
2.1.2 Participant of Extension or Production			
Criterion C – **Relevance of Extension**			
1. Satisfaction Rating for Outreach & Extension			
Criterion D – **Bonus Criterion**			
1. For Administrative Designation			
1.1 Institutional Level			
1.1.1 President or OIC President			
1.1.2 Vice-President			
1.1.3 Chancellor			
1.1.4 Vice-Chancellor			
1.1.5 Campus Director/ Administrator/Head			
1.1.6 Faculty Regent			
1.1.7 Office Director			
1.1.8 Univ./Col. Secretary			
1.1.9 Project Head			
1.1.10 Institution-level Committee			
1.2 College/Department Level			
1.2.1 Dean			
1.2.2 Associate Dean			
1.2.3 College Secretary			
1.2.4 Dept Head			
1.2.5 Program Chair/Project Head			
1.2.6 Department-level Committee			
KRA IV - PROFESSIONAL DEVELOPMENT			
Criterion A – **Involvement in Prof. Organizations**			
1. For current individual membership and active role/contribution in relevant, recognized/registered prof. organization, learned/honor/scientific society			
Criterion B – **Continuing Development**			
1. Educational Qualifications			
1.1 For every post-master diploma/certificate			
1.2 For every post-doctorate diploma/certificate			
1.3 For additional master's degree			
1.4 For doctorate or add'l doctorate degree			
2. For every participation in conferences, seminars, workshops, industry immersion			
2.1 Local			
2.2 International			

CRITERIA	Justification	Specify Evidence to Support Justification	Go S
3. For every paper presentation in conferences			
3.1 Local			
3.2 International			
Criterion C – **Awards and Recognition**			
1. For every award of distinction received in recognition of achievement in relevant areas of specialization/profession and/or assignment of the faculty concerned			
1.1 Institutional			
1.2 Local (City, Municipality, Province)			
1.3 Regional (In-country)			
*Criterion D – **Bonus Indicators (Newly Hired)**			
1. For every year of full-time academic service in an institution of higher learning as:			
1.1 President			
1.2 Vice President/Dean/Director			
1.3 Department/Program Head			
1.4 Faculty member			
2. For every year of industry experience in:			
2.1 Managerial/Supervisory Position			
2.2 Technical and Skilled			
2.3 Support/Administrative Staff

SCHEDULE OF SUBMISSION

ACTIVITY	SUBMISSION PERIOD
The **faculty** member submits the application documents to the IEC	On or before July 31, 2026
The **IEC** conducts a preliminary evaluation and prepares the OSS, which shall be submitted to the REC, EAC, and CC	August 1, 2026 to September 30, 2026
The **REC, EAC,** and **CC** conducts the validation and submits the OSS to the SUC President	October 1, 2026 to November 30, 2026
The **SUC President** provides the faculty member with a copy of the recommended evaluation results from the **REC**, **EAC**, and **CC**	December 1-31, 2026
The faculty confirms the evaluation results, including any re-evaluation	
The **SUC President** submits the recommended evaluation results of the **REC** to the SUC Governing Board	January 1-31, 2027
The **SUC Governing Board** deliberates on the **REC**'s recommended evaluation results and adopts the corresponding Board Resolution.	February 1-28, 2027
The **EAC** and **CC** conducts the interview, acts on the accreditation or certification, and submits the OSS together with the corresponding accreditation or certification results to the SUC President	January 31 and March 31, 2027
The **SUC President** submits the recommended evaluation results and the accreditation or certification from the **EAC** and **CC** to the SUC Governing Board for action	April 1 and 30, 2027
The **SUC Governing Board** deliberates on the evaluation results and the accreditation or certification from the **EAC** and **CC** and issues the corresponding Board Resolution	May 1 and 31, 2027
The **SUC President** submits to the **DBM Regional Office (RO)** the final evaluation results from the **REC**, **EAC**, and **CC**, as well as the accreditation or certification issued by the **EAC** and **CC**, for the processing and issuance of the NOSCA	on or before June 30, 2027
